USER'S MANUAL
PŘÍRUČKA UŽIVATELE
PRÍRUČKA UŽÍVATEĽA

EN CZ SK

Please read this User Manual carefully to ensure proper use of this product and keep this manual for future reference.

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings, install in accordance with the instructions.
8. Do not install near any heat sources such as radiations, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized plug. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protected the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Unplug this apparatus during lighting storms or when unused for long periods of time.
13. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
14. Mains plug is used as the disconnect device, the disconnect device shall remain readily operable.
15. The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloth, curtains, etc.
16. No naked flame sources, such as lighted candles, should be placed on the apparatus.
17. Attention should be drawn to the environmental aspects of battery disposal.
18. The use of apparatus in moderate climate.
19. The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.

WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

WARNING: The batteries shall not be exposed to excessive heat such as sunshine, fire or the like.

CAUTION
RISK OF ELECTRIC SHOCK!
DO NOT OPEN!
ATTENTION
RISQUE DE CHOC ELECTRIQUE!
NE PAS OUVRIR!

The symbol indicates that dangerous voltages constituting a risk of electric shock are present within this unit.

The symbol indicates that here are important operating and maintenance instructions in the literature accompanying this unit.

The symbol indicates that this product in corporates double insulation between hazardous mains voltage and user accessible parts. When servicing use only identical replacement parts.

The USB memory stick should be plug in the unit directly. USB extension cable should not be used to avoid failing of data transferring and interference caused.

The electrostatic loads may cause malfunction. The user needs to reset the unit if this is the case.

Notes on USB connector:

The device can play similar file types and formats from the USB device as from the disc.

Before using the USB memory device, test its function ability in communication with the device and read/write data speed.

Keep in mind the data reading through the external connector may be slower than from the internal memory disc and high bit rate files may not be played smoothly.

To achieve the maximum read and write speed, it is recommended to maintain defragmented dics space. Use the FAT32 file system, one part, with no protection. Remember the write speed of memory devices can be significantly lower than the read speed. If the reading / writing of the memory device is not smooth, it ca lead to undesirable phenomena, such as shortage of the part of the image (squared) or whole image, sound failure, and in extreme cases to stop the read / write operation.

Unpredictable performance of connected memory device or presentence of virus or other harmful software may cause the device function to stop with a need to restart it.

USB connector is of a standard type and it cannot supply the USB device with high power take-off (e.g. HDD). Use devices with own power supply and power them from their own adaptors.

The device has been designed with regard to maximal compatibility with memory devices. Due to the high diversity of devices on the market, we cannot guarantee the compatibility with any USB device. In case of difficulties, try to format he memory device directly in the device. If the problem persists, use another memory device.
The device has been tested, using the Kingston memory devices.

	Ensure the disc format is compatible with player.	
	Please check whether you have tried to play a software CD. If so, please restart the player.	
No disc is displayed	Ensure you have put the disc on the tray.	
	Ensure the disc is not upside down.	
	Ensure the disc is not disorted, stained or scratched.	

SPECIFICATIONS

Item	Specification	
Tuner	Frequency range	VHF: 174MHz to 230MHz UHF: 470MHz to 862MHz
	Input Impedance	75 Ohms unbalanced
	Signal Input Level	- 78 ~ - 25DBM
	Bandwith	7/8 MHz
Demodulation	Demodulator	COFDM
	OFDM Modulation	2K, 8K FFT, SFN and MFN
	Packet Carries	2K/8K
	Guard Interval	1/4, 1/8, 1/16, 1/32
Connectors	RF IN	IEC 169 - 2 female connector
	RF Loopthrough	IEC 165 - 2 male connector
	TV Scart	Composite video (CVBS), RGB, audio L/R
	VCR Scart	Composite video, audio L/R
	Coaxial	RCA, for SPIDF digital audio output
	Output Port	HDMI
Power	Input	100 - 240V ~ 50/60Hz
	Consumption	15 W max.
Display	Decoder module	PAL, NTSC
	Resolution	720 x 576 (PAL); 720 x 480 (NTSC)
	Aspect Ratio	4:3 (Letterbox, Pan & Scan), 16 :9
Decoding	Video	MPEG2 Transport MP@ML
	Audio	MPEG Auio Layer I&II
Others	Compilance	ETSI EN 300 744 DVB-T Compliance
	Sound Mode	Right, Left, Stereo

Instructions and information regarding the disposal of used packaging materials
Dispose of packaging material at a public waste disposal site.

Disposal of used electrical and electronic appliances

The meaning of the symbol on the product, its accessory or packaging indicates that this product shall not be treated as household waste. Please, dispose of this product at your applicable collection point for the recycling of electrical & electronic equipment waste. Alternatively in some states of the European Union or other European states you may return your products to your local retailer when buying an equivalent new product. The correct disposal of this product will help save valuable natural resources and help in preventing the potential negative impact on the environment and human health, which could be caused as a result of improper liquidation of waste. Please ask your local authorities or the nearest waste collection centre for further details. The improper disposal of this type of waste may fall subject to national regulations for fi nes.

For business entities in the European Union

If you wish to dispose of an electrical or electronic device, request the necessary information from your seller or supplier.

Disposal in other countries outside the European Union

If you wish to dispose of this product, request the necessary information about the correct disposal method from local government departments or from your seller.

This product meets all the basic EU regulation requirements that relate to it.

Changes to the text, design and technical specifi cations may occur without prior notice and we reserve the right to make these changes.
