## 4. Firmware upgrade

*Note: Within the scope of technical innovation, a CD is no longer included with the product and all documentation can be found in the memory of the player. Prior to updating or upgrading, backup all the data contained on the player to prevent its accidental deletion.*

If the player doesn't work or works sub normally, find the firmware upgrade tool and firmware in gift CD to upgrade the player. Processes as bellow:

Note before updating: a. Don't upgrade firmware if playing properly. b. Backup files to other storage before upgrade.

**A.** Use a USB cable to connect with computer, the player show interface:

**B.** Installation upgrade tooling is completed on the computer, then go to PC Start→ Program →media player utilities.

Open the “media player upgrade tool”, in computer show below interface.

- C. Click “select new version the firmware file”, to load the firmware file from computer. Click “start” button, starts to upgrade software.

- D. During the firmware updating process, don't interrupt the player with PC connection. When upgrading is complete, the software will have a message box that “the firmware update successful, program will automatically exit!”. Then player would automatically shut off and restart, the whole upgrade work is completed.

## 5. Video Convert

*Note: Within the scope of technical innovation, a CD is no longer included with the product and all documentation can be found in the memory of the player.*

The player support video of AMV format in resolution of 128x128. Please use the software in gift CD to convert the video. The AMV&AVI Converter supports multi kind of video formats (AVI, RM, RMVB, MPG, MPG4, ASF, DAT, WMV, etc) convert to AVI format.

### 5.1 AVI Converter Tool Setup

Click folder EndUserTools to find and click software setup.exe in gift CD; follow the steps to install to PC.

### 5.2 Convert Video to AVI format

From PC>Program to run AMV&AVI Converter as below picture and steps for converting

The screenshot shows the AMV&AVI Converter software interface. It features a central video preview window, input and output file fields, and various control buttons. The interface is in Chinese. Numbered callouts point to specific elements:

- 1) Click Add file (points to the file selection icon)
- 2) Select saving Location (points to the folder selection icon)
- 3) Set resolution to 128x128, set quality. (points to the resolution and quality settings area)
- 4) Click to start converting, wait until success. (points to the start button)

After converting, copy the converted video file to the player, then enjoy it through player.

## 6. Specification

Items: SFP 6070

Dimensions 43.5 x 43.5 x 12.5 mm (W x H x D)

Colour TFT display: 1.5-inch TFT display; 65,000 true colours, resolution (128 x 128)

Language support: Multi-language system (EN, CZ, SK, HU, PL)

Data transfer speed: High-speed USB 2.0

Reading: 4 Mb/s, Writing: 1 Mb/s

Supported file formats

Audio:

MP3: 8 kb/s – 320 kb/s

WMA: 32 kb/s – 320 kb/s

WAV: 64 kb/s/256 kb/s

Images: JPEG

Supported video formats: AMV (All formats should be

converted to the .AMV format using the provided software)

Text: For letters with diacritic symbols use UNICODE coding

Noise to signal ratio: (S/N) 85 dB

Frequency range: 20 Hz - 20 kHz

Max. output power: 10 mW + 10 mW

Flash memory: 8 GB

Slot for a micro SDHC card (max 16GB)

Power supply: Lithium-polymer battery 3.7 V

Battery operation time: Playback of video: 4 to 5 hours

Playback of MP3: 12 to 13 hours (power-saving mode)

Operating temperature: 5°C to 40°C

Supported operating system: WINDOWS 2000/XP, Mac OS 10.4.6

Weight: Approximately 23 g

Accessories: User's manual, headphones, USB cable

## INSTRUCTIONS AND INFORMATION REGARDING THE DISPOSAL OF USED PACKAGING MATERIALS

Dispose of packaging material at a public waste disposal site.

## DISPOSAL OF USED ELECTRICAL AND ELECTRONIC APPLIANCES

The meaning of the symbol on the product, its accessory or packaging indicates that this product shall not be treated as household waste. Please, dispose of this product at your applicable collection point for the recycling of electrical & electronic equipment waste. Alternatively in some states of the European Union or other European states you may return your products to your local retailer when buying an equivalent new product. The correct disposal of this product will help save valuable natural resources and help in preventing the potential negative impact on the environment and human health, which could be caused as a result of improper liquidation of waste. Please ask your local authorities or the nearest waste collection centre for further details. The improper disposal of this type of waste may fall subject to national regulations for fines.

### **For business entities in the European Union**

If you wish to dispose of an electrical or electronic device, request the necessary information from your seller or supplier.

### **Disposal in other countries outside the European Union**

If you wish to dispose of this product, request the necessary information about the correct disposal method from local government departments or from your seller.

This product meets all the basic EU regulation requirements that relate to it.

Changes to the text, design and technical specifications may occur without prior notice and we reserve the right to make these changes.
