Home & Garden Performance

PRODUCT CATALOGUE
2024

Popular and Sought-After: Brand **FIELDMANN**®

Whether you love tending to your garden or the surroundings of your home, or you head to the workshop or garage for relaxation, the **FIELDMANN** brand is truly a good choice for you. In the world of garden machinery and tools, **FIELDMANN** has been a guide and advisor since 2010. Discover with us the extensive portfolio of **FIELDMANN** products. They are all united by an effort to understand the customer, emphasising functionality, quality, safety, ergonomics, and easy use or control, the use of current technologies, and elegant design.

A great advantage of the brand is that the **FIELDMANN** products maintain their full quality for a very long time. This is achieved through the use of

advanced materials and construction. At the same time, the creators and developers have been committed to product affordability from the beginning. Also, high-quality and readily available customer service are a given.

There are basic models and premium products to choose from in all categories, each with an excellent price/performance ratio. Rotary and string mowers, hedge trimmers, cordless drills, telescopic ladder, welder or sabre saw? You can find all of these with the **FIELDMANN** brand. The extensive offer also includes water pumping technology, wooden, metal and plastic garden furniture, grills and car accessories. A really wide range of cordless equipment is unique to this brand. The cordless FAST POWER 20 V and cordless 40 V MAX programmes now include a comprehensive range of tools for the workshop and garden.

The good name of the **FIELDMANN** brand and the number of satisfied customers in the Czech Republic and abroad is evidenced by repeated product awards in consumer surveys.

Choose from our rich offer, and you will be satisfied!

20 V FAST POWER CORDLESS PROGRAMME

Absolute freedom of movement in the workshop and garden! With the **CORDLESS FAST POWER series, you don't have to search for the nearest socket or rush with a canister to the petrol station.**

You don't even have to keep track of which tools are actually charged. One battery is enough. A single battery type gives power and endurance to thirty-three machines in the **CORDLESS FAST POWER** series. So, you need a second battery for alternating periods of extended use when the first battery runs out of power. Or to pair with larger machines where the power of two batteries is needed simultaneously.

No cables get in the way. Operation is environmentally friendly, without noise or emissions. You can store the machines almost anywhere; maintenance-free motors with long lifespan have zero maintenance requirements. With **CORDLESS FAST POWER**, nothing will stop you.

20 V Li-Ion Battery 2 Ah FDUZ 79020

- patented battery cell technology for longer lifespan
- LED charge status indicator directly on the battery
- battery capacity: 2,000 mAh
- compatible with all items from the FAST POWER 20 V series

20 V Li-Ion Battery 4 Ah FDUZ 79040

- patented battery cell technology for longer lifespan
- LED charge status indicator directly on the battery
- battery capacity: 4,000 mAh
- compatible with all items from the FAST POWER 20 V series

NEW

20 V Li-Ion Battery 8 Ah FDUZ 79080

- patented battery cell technology for longer lifespan
- LED charge status indicator directly on the battery
- battery capacity: 8,000 mAh
- compatible with all items from the FAST POWER 20 V series (unless specified in the device description)

Quick Charger 20 V FDUZ 79100

- AC 230 V/50 Hz, DC 20 max 2.4 A
- LED indication / battery overheating protection
- charging time: 60 min (2 Ah), 120 min (4 Ah), 240 min (8 Ah)
- compatible with all items from the FAST POWER 20 V series

Quick Charger 2 x 20 V FDUZ 79110

- AC 230 V/50 Hz, DC 20 max 2x 2.4 A
- LED indication / battery overheating protection
- charging time: 60 min (2x 2 Ah), 120 min (2x 4 Ah), 240 min (8 Ah)
- compatible with all items from the FAST POWER 20 V series

active cooling

20 V Cordless Drill FDUV 70215-0

- speed without load: 0–405 rpm, 0–1,900 rpm
- max. diameter: 13 mm
- max. torque: 60 Nm
- tap function
- without battery and charger

2× 20 V Cordless Chain Saw FZP 70805-0

- chain speed: 15 m/s, blade length: 300 mm, blade and chain included, oil tank capacity: 180 ml
- without battery and charger

20 V Cordless Grass/Shrub Shears FZN 70101-0

NEW

- speed without load: 0–1,200 rpm
- 2× blades included (for grass and shrubs)
- 100 mm / 200 mm blade lengths
- without battery and charger

20 V Cordless Angle Grinder FDUB 70605-0

- speed without load: 0–7,500 rpm
- wheel diameter: 115 mm
- with a side handle and ergonomic handle
- without battery and charger
- grinding wheel included

20 V Cordless Mini Chain Saw FDUB 70105-0

NEW

- automatic oil pump
- blade length 125 mm
- chain speed 8.5 m/s–11 m/s
- without battery and charger

20 V Cordless Drill FDUV 70105-0

STARTING SET

FDUV 70115-A

- speed without load: 0–360 rpm, 0–1,300 rpm
- max. diameter: 10 mm
- max. torque: 35 Nm
- without battery and charger

20 V Cordless Circular Saw FDUK 70305-0

- speed without load: 0–3,700 rpm
- wheel diameter: 165 mm
- ergonomic handle
- AC Laser
- without battery and charger

20 V Cordless Angle Grinder FDUB 70215-0

NEW

- speed without load: 0–2,500 rpm
- 0–8,500 rpm
- wheel diameter: 115 mm
- with a side handle and ergonomic handle
- without battery and charger

20 V Cordless Mini Chain Saw FZP 70101-0

NEW

- blade length 120 mm
- chain speed 4.8 m/s
- without battery and charger

20 V Cordless Impact Wrench FDUR 70315-0

NEW

- speed without load: 0–2,600 rpm
- max. torque: 300 Nm
- without battery and charger

20 V Cordless High-Pressure Washer FDW 70905-0

- power: 20 V
- operating pressure: 20 bar
- water flow rate: 2.5 l/min (150 l/hour)

- pressure adjustment: yes (2 levels: low – high)
- included in the package: multi-function nozzle, self-priming hose and shampoo container
- without battery and charger

20 V Cordless Sabre Saw FDUO 70505-0

- speed without load: 0–3,000 rpm
- cutting length: 26 mm
- max. cutting capacity: wood: 100 mm, soft metal: 20 mm, steel: 10 mm
- without battery and charger

20 V Cordless Jigsaw FDUP 70405-0

- speed without load: 0–2,800 rpm
- max. cutting capacity: wood: 80 mm, soft metal: 10 mm, steel: 5 mm
- without battery and charger

everything for your home and garden

20 V Cordless Ash Vacuum Cleaner FDU 70705-0

- air flow rate: 10 l/s
- container volume: 18 l
- only for cold ash (max 40 °C)
- without battery and charger

20 V Cordless Hedge Trimmers FZN 70202-0

NEW

- blade length: 450 mm, cutting diameter: 16 mm
- speed without load: 1,250 rpm
- electronic brake, without battery and charger

20 V Cordless Hedge Trimmers FZN 70205-0

- blade length: 510 mm, cutting diameter: 16 mm
- speed without load: 0–1,300 rpm
- electronic brake, without battery and charger

2× 20 V Cordless Brush Cutter FZS 70705-0

- max. width of cut 38 cm
- string trimmer head: 33 cm
- string diameter: 2.0 mm
- 3-pointed metal disc: 23 cm
- handles with softened grip
- included in the package: string head, metal disc and strap
- without battery and charger

20 V Cordless 2 in 1 Cordless Telescopic Saw and Hedge Trimmer FZNP 70605-0

NEW

2in1

- the set consists of:
- 1x head pruner
- 1x telescopic head
- 1x telescopic handle
- without battery and charger

20 V Cordless String Trimmer FZS 70101-0

- coverage width: 230 mm
- string diameter: 1.6 mm
- speed without load: 0–8,000 rpm
- telescopic handle
- adjustable trimmer head angle
- without battery and charger

20 V Cordless Leaf Blower FZF 70725-0

- 3 in 1 (blower, vacuum cleaner and shredder)
- speed without load: 0–14,000 rpm
- maximum velocity of air: 58 m/s
- airflow: 630 CFM
- without battery and charger

20 V Cordless String Trimmer FZS 70105-0

- coverage width: 300 mm
- string diameter: 1.6 mm
- speed without load: 0–7,500 rpm
- telescopic handle + guide wheel
- adjustable trimmer head angle
- without battery and charger

20 V Cordless Leaf Blower FZF 70605-0

- speed without load: 0–17,000 rpm
- maximum velocity of air: 38 m/s
- airflow: 350 CFM
- without battery and charger

2× 20 V Cordless Cultivator FZK 70305-0

Brushless motor

- brushless motor for longer lifespan
- sufficient working width 360 mm
- folding handle
- ergonomic handle
- without battery and charger

2× 20 V Cordless Scarifier FZV 70905-0

Brushless motor

- aeration and scarification
- coverage: 380 mm, grass bag volume: 50 l
- adjustable handle (3 positions)
- 5 working depth positions: (-12, -9, -6, -3, +6)
- without battery and charger

20 V Cordless Telescopic Hedge Trimmers FZN 70405-0

- blade length: 420 mm
- cutting diameter: 16 mm
- telescopic handle: ± 70 cm
- adjustable head
- without battery and charger

20 V Cordless Pole Saw FZP 70505-0

- chain speed: 5 m/s
- blade length: 200 mm
- blade and chain included
- telescopic handle: ± 70 cm
- without battery and charger

ONE BATTERY FOR ALL / NEW GENERATION

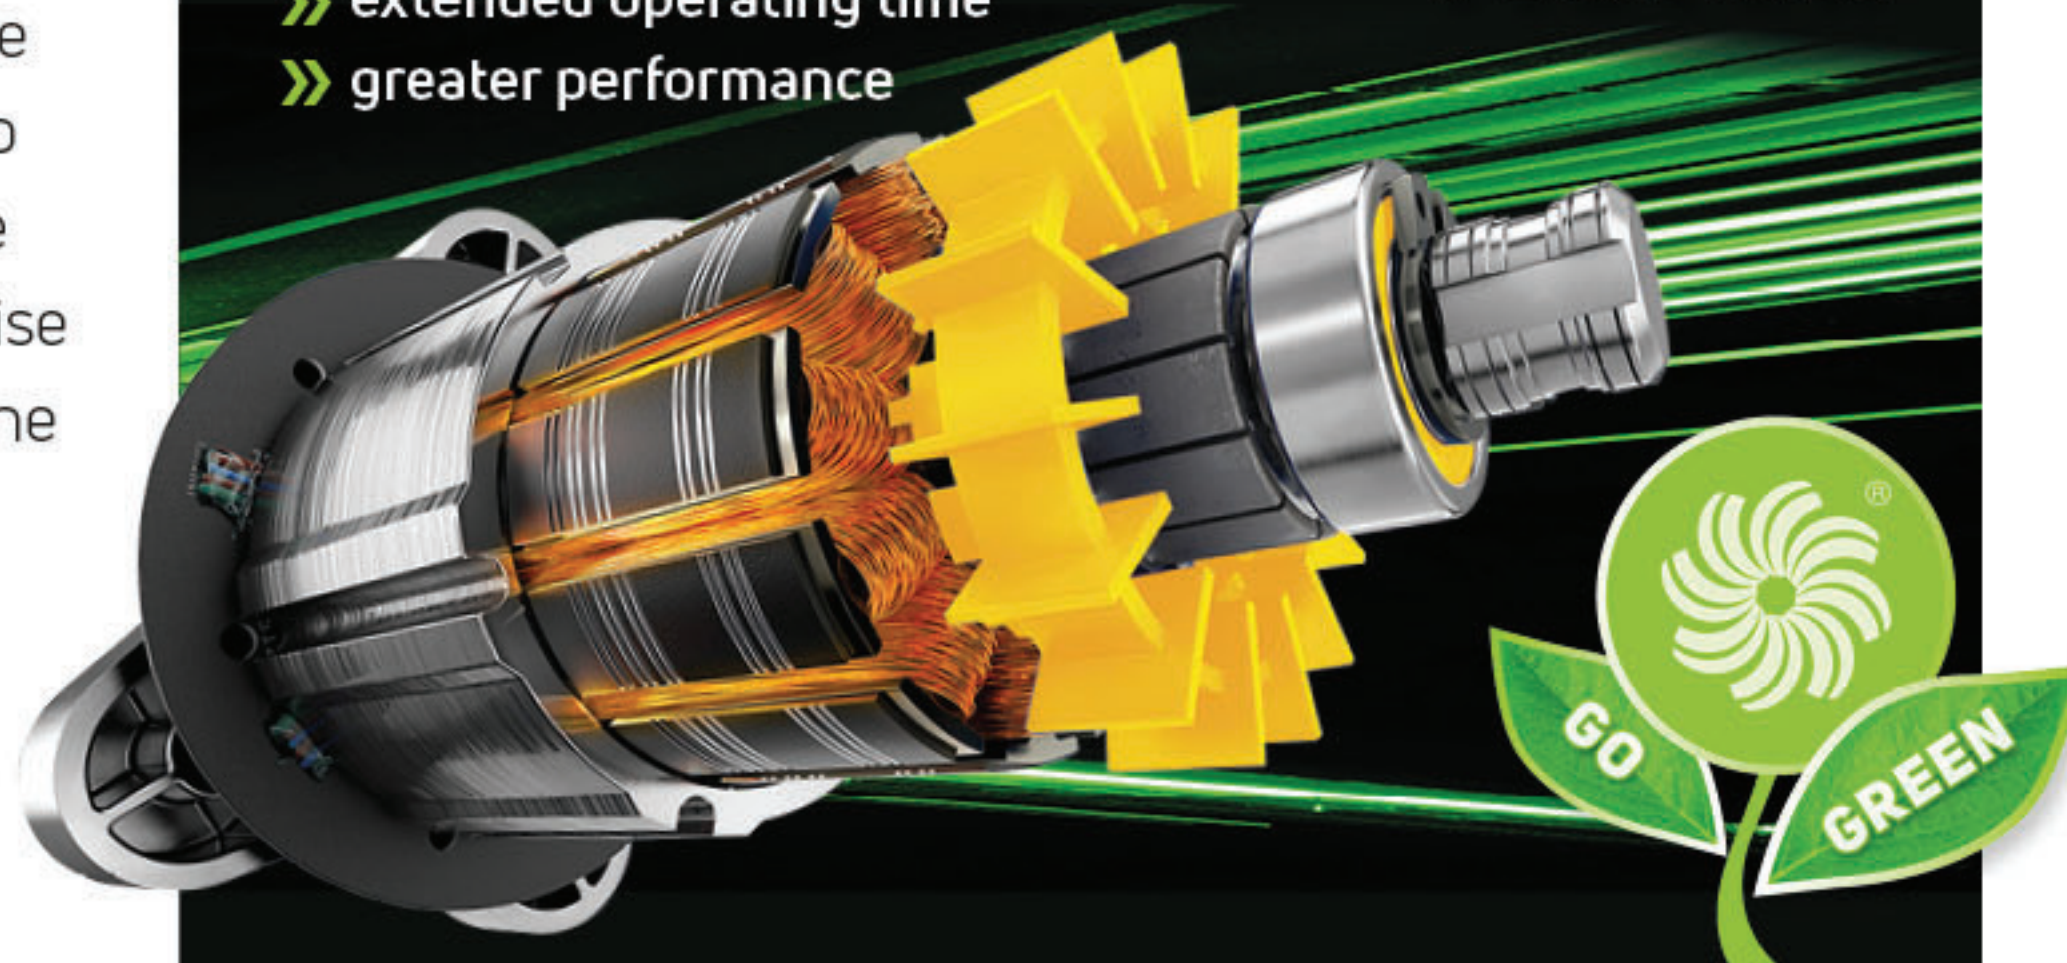

Three Fieldmann 20V Fast-Power batteries are shown side-by-side. From left to right, they are labeled 1.5Ah, 2.5Ah, and 4.0Ah. Each battery has a black top half and a green bottom half, with a yellow accent on the top handle. The Fieldmann logo and '20V FAST-POWER' text are visible on the green section of each battery.

two batteries in conjunction with the electronic control unit. The new option to choose from three battery capacity variants (2 Ah, 4 Ah, or 8 Ah) is highly sought after by customers. All mowers in the **CORDLESS FAST POWER** series are equipped with modern brushless motors. For better manoeuvrability, the mowers have sturdy wheels made of durable plastic.

Garden / Cordless Rotary Lawn Mowers

CORDLESS TECHNOLOGY

40V MAX Li-ION

The new series of **40 V MAX Li-ion** cordless tools offers a combination of modern, high-performance machines with a single type of battery. The completely new system includes its own machines, one type of battery, and dedicated fast chargers, either 1× 40 V or 2× 40 V, as needed. The batteries deliver 40 V of power, which is double compared to the most commonly used cordless systems. It uses batteries with patented cells for longer lifespan.

The battery charge level is indicated by LED indicators directly on the battery. Machines from the new 40 V MAX Li-ion series naturally retain the main advantage of cordless technology – absolute flexibility of movement around the garden. There is no risk of cutting the power cable, the mower and scarifier are easy to handle, and the machines are lightweight. Compared to the petrol alternative, they have a significantly quieter operation, and their ecological aspect is in their favour. They do not consume fossil fuels, so no emissions are released into the environment.

NEW

Quick Charger 1× 40 V / 2× 40 V FDUZ 89100/FDUZ 89110

- AC 230 V/50 Hz, DC 20 max 2.4 A

ROBOTIC, ELECTRIC AND PETROL LAWN MOWERS

FZR 5114-170BV

ROBOTIC LAWN MOWERS

Robotic lawn mowers approach lawn maintenance with precision and gentleness. They work entirely independently and do not require any attention. This saves significant time and physical effort. In addition, they are quiet, energy-efficient and require no special maintenance.

The premium series of **FIELDMANN** robotic lawn mowers is new this year. The lawn mowers were designed with an emphasis on performance and easy operation. Customers can easily choose a specific model based on the size of their garden. Thanks to advanced control and navigation technology, **FIELDMANN** robotic lawn mowers meticulously mow the lawn, avoid obstacles, and optimise the route for maximum efficiency. Integrated sensors ensure trouble-free operation in various conditions. Comfort is provided by simple operation through a user-friendly interface and the ability to schedule mowing times. Safety features and robust design guarantee the reliability of **FIELDMANN** robotic lawn mowers.

GUIDE WIRE AND ANCHORING PINS INCLUDED IN THE PACKAGE

NEW

Those who do not plan to leave the area within reach of the mains when mowing and do not mind worrying about the power cable will appreciate the power and unlimited endurance of the electric lawn mower.

Among the advantages of electric lawn mowers are the favourable price, quiet operation, lower weight, and, above all, low maintenance requirements because, unlike a petrol lawn mower,

it essentially doesn't need any servicing. The motor does not burn any fuel, making the operation environmentally friendly. Cushioned handles of Fieldmann electric lawnmowers increase comfort during work, as does the central height adjustment, where a single lever controls all wheels simultaneously. The spacious grass bags are made of high-quality fabric, reducing dust permeability, which can withstand flying stones, or highly durable plastic with a fill indicator.

Model	Motor Input Power	Coverage	Chassis Material	Mowing Height Adjustment	Mowing Height	Grass Bag Capacity	Folding Handle	Handle Height Adjustment	Weight	Recommended Area

- cushioned handle

Large lawns are almost the domain of rotary lawn mowers with petrol motors. They dare to tackle not only large areas but also denser and longer grass. Above all, they are independent of energy sources – if you have enough fuel, you can use them far from civilization.

In intricate gardens, smaller petrol machines with plastic chassis and no drive are suitable. They are lighter, making them easier to handle in case of obstacles on the lawn, such as between flower beds. For larger areas where it would be necessary to push the machine uphill or over uneven terrain, mowers with a drive are optimal. Thanks to the drive, mowing the grass is effortless even in challenging areas. Higher models of petrol mowers feature a variator, allowing for smoothly adjustable driving speed.

For user convenience, the mowers are equipped with a 4 in 1 system, which allows choosing how to deal with mowed grass: Whether it goes into a voluminous grass bag, will be used for mulching, or will be thrown to the side or back. Most offered **FIELDMANN** petrol mowers have central height adjustment. Cushioned handles reliably dampen vibrations. The machines have larger wheels, effectively overcoming terrain irregularities. Moreover, the wheels of most models are mounted on ball bearings, which prolongs their lifespan and improves wheel rotation.

Motor Oil
MOL Dynamic Garden 4T

- designed for lubrication of four-stroke petrol motors
- retains its excellent properties even at low temperatures
- suitable for year-round use
- viscosity class SAE 10W-30
- suitable for garden machinery
- package volume 0.6 l

Fuel Canister for PHM 5 l
FZR 9060

- swivel cap and special pouring tube
- UV-resistant, resistant to weather conditions or mechanical damage
- approved for transport and storage of fuel

STRING LAWN MOWERS, TRIMMERS

AND BRUSH CUTTERS

In places where a rotary mower is too bulky, a string trimmer gets its chance. After mowing the lawn with a rotary mower, there are still many places where the mower did not reach or where it could cause damage, such as on the edges of the lawn near a wall or kerb, or around flower beds, trees and shrubs, or on a steep slope. All of these are areas where a flexible string precisely trims the grass.

FIELDMANN string trimmers are light and quiet, ideal for smaller areas – perfect for finishing touches. The string is easy to unwind: Just tap the mower head on the ground. For comfort when working on larger surfaces, trimmers with support wheels are suitable. Models with a telescopic handle can be adjusted to the user's height. The position of the upper handle can also be adjusted, and for selected types, the angle of the cutting head can be modified.

Electric String Trimmer FZS 2505-E

- electric motor input power: 550 W
- semi-automatic string trimmer head
- telescopic handle 105–125 cm
- weight: 2.3 kg
- optional accessory:
spare string 60 m / 1.4 mm

Compared to a string trimmer, an electric trimmer can also handle thicker plants and denser growth. For clearing extensive weedy areas or bushes, as well as small saplings, it is advantageous to invest in a powerful petrol brush cutter. **FIELDMANN** machines are equipped with both a string head and a steel blade or a three-tooth blade. Two-stroke motors of **FIELDMANN** brush cutters are highly efficient yet lightweight. Double handles with ergonomic grips resembling bicycle handlebars ensure comfortable handling. The shoulder strap helps distribute the weight of the brush cutter over the whole body, not just in the hands, making it particularly helpful during longer work sessions.

everything for your home and garden

Cordless String Trimmer FZS 1005-A

included in the package

- Li-ion battery 18 V/1,500 mAh
- operating time of approx. 35 min.
- string 1.4 mm
- semi-automatic string trimmer head
- telescopic handle 85–110 cm
- adjustable cutting head angle and spacer strip
- weight: only 2 kg

Electric String Trimmer FZS 2105-E

- electric motor input power: 250 W
- semi-automatic string trimmer head
- weight: 1.3 kg
- optional accessory:
 - spare string 60 m / 1.0 mm

Electric String Trimmer FZS 2306-E

- electric motor input power: 350 W
- adjustable handle
- telescopic handle 95–105 cm
- weight: 1.7 kg
- optional accessory:
 - spare string 60 m / 1.4 mm

Electric String Trimmer FZS 2002-E

- electric motor input power: 500 W
- possibility of adjusting the angle of the string trimmer head
- telescopic handle 92–114 cm
- support wheels
- protective guide against mowing ornamental plants
- weight: 2.4 kg
- optional accessory:
 - spare string 15 m / 1.4 mm
 - spare string 60 m / 1.4 mm

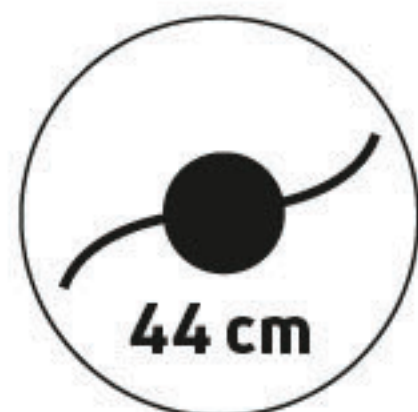

Electric String Trimmer FZS 2050-E

- powerful electric motor: 1,400 W
- semi-automatic string trimmer head
- steel three tooth blade
- divided shaft for better storage and transport
- height-adjustable handle
- shoulder strap in the package
- weight: 6 kg
- optional accessory:
 - spare string 60 m / 1.6 mm
 - steel three tooth blade

Petrol Brush Cutter FZS 5025-B

- the most powerful machine in our range with patented anti-vibration technology
- powerful two-stroke motor with a capacity of 51.7 cm³ with an output of 1.45 kW
- double handle with ergonomic grips
- steel three tooth blade for mowing more resistant plants – included in the package
- large fuel tank for uninterrupted operation

- weight: 11.2 kg
- optional accessory:
 - spare string 2.4 mm / 15 m
 - spare string 2.4 mm / 60 m
 - spare steel three tooth blade
 - semi-automatic string trimmer head
 - work gloves

Petrol Brush Cutter FZS 3003-B

- two-stroke motor with a capacity of 25.4 cm³ with an output of 0.7 kW
- steel three tooth blade for mowing more resistant plants – included in the package
- double handle with ergonomic grips
- weight: 6.6 kg
- optional accessory:
 - spare string 2.4 mm / 15 m
 - spare string 2.4 mm / 60 m
 - spare steel three tooth blade
 - semi-automatic string trimmer head
 - work gloves

FZS 3020-B

- two-stroke motor with a capacity of 32.5 cm³ with an output of 1.15 kW
- steel three tooth blade for mowing more resistant plants – included in the package
- double adjustable handle and strap
- weight: 6.8 kg
- optional accessory:**
 - spare string 2.4 mm / 15 m
 - spare string 2.4 mm / 60 m
 - spare steel three tooth blade
 - semi-automatic string trimmer head
 - work gloves

Petrol Brush Cutter
FZS 4004-B

- two-stroke motor with a capacity of 43 cm³ with an output of 1.4 kW
- double handle with ergonomic grips
- steel three tooth blade for mowing more resistant plants – included in the package
- large fuel tank for uninterrupted operation
- weight: 7.2 kg
- optional accessory:**
 - spare string 2.4 mm / 15 m
 - spare string 2.4 mm / 60 m
 - spare steel three tooth blade
 - semi-automatic string trimmer head
 - work gloves

Petrol Brush Cutter
FZS 5003-B

- powerful two-stroke motor with a capacity of 52 cm³ with an output of 1.6 kW
- double handle with ergonomic grips
- steel three tooth blade for mowing more resistant plants – included in the package
- large fuel tank for uninterrupted operation
- weight: 7.5 kg
- optional accessory:**
 - spare string 2.4 mm / 15 m
 - spare string 2.4 mm / 60 m
 - spare steel three tooth blade
 - semi-automatic string trimmer head
 - work gloves

ELECTRIC AND PETROL SCARIFIERS

Residues from mowing, as well as dead grass and weed leaves that don't decompose quickly, create the basis for lawn thatch. A thin layer of thatch is beneficial for the lawn as it serves as protection. However, a thick layer can block essential elements like moisture, nutrients, and oxygen from reaching the roots. Therefore, scarification and aeration become necessary as the thatch layer thickens and the lawn becomes denser.

Aerators don't penetrate the soil but use steel springs on a roller to comb through the lawn, removing the top layer of old thatch and moss. On the other hand, scarifiers are equipped with a shaft and vertically placed scarifying blades. These penetrate the soil to a depth of a few millimetres (2–3 mm), separating the horizontal grass blades, loosening the surface and creating narrow grooves in the lawn to facilitate the penetration of air, nutrients and moisture to the roots. This promotes root growth, rejuvenation and thickening of the lawn. Universal combination machines from **FIELDMANN** feature both an aerating roller with steel springs and a roller with scarifying blades. The depth of cut is adjusted centrally using a lever.

When scarifying larger lawns, you will appreciate the bulky grass bag where the thatch is collected. Scarifiers from **FIELDMANN** are equipped with bags ranging from 40 litres for smaller models to 48 or 50 litres for larger ones. While a larger basket is heavier, it doesn't need to be emptied as often. The job is then done faster.

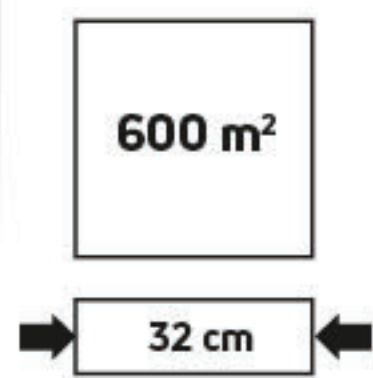

Petrol Scarifier FZV 6050-B

- motor OHV 212 cm³ / 4.3 kW motor
- working width: 40 cm / steel chassis
- equipped with a cylinder with 36 blades as standard
- central working depth adjustment
- adjustment range -15 to +5 mm, 8 positions
- textile grass bag of 35 l reducing dust permeability
- wheels mounted on ball bearings
- folding handle for easy storage
- optional accessory: cylinder with springs

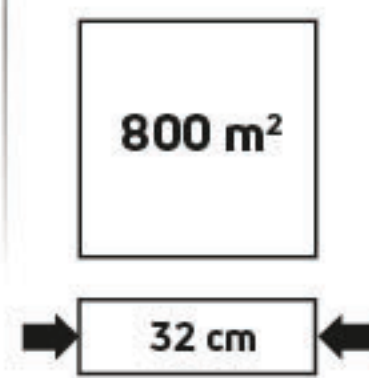

everything for your home and garden

Electric Scarifier FZV 2102-E

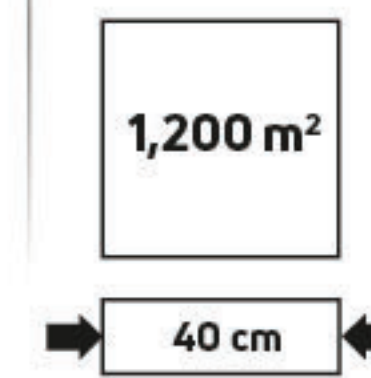

- electric motor input power: 1,300 W
- coverage width of scarifying: 32 cm
- two interchangeable cylinders are included
- adjustment of the working depth according to the wear of the blades or springs
- scarifying roller with 18 blades
- aeration cylinder with 40 springs
- height-adjustable handle
- grass bag with a capacity of 40 l

Electric Scarifier FZV 2004-E

- electric motor input power: 1,500 W
- coverage width of scarifying: 32 cm
- two interchangeable cylinders are included
- adjustment of the working depth to 4 positions according to the wear of the knives or springs
- scarifying roller with 16 blades
- aeration cylinder with 20 springs
- grass bag with a capacity of 40 l

Electric Scarifier FZV 4010-20E

- electric motor input power: 2,000 W
- coverage width of scarifying: 40 cm
- two interchangeable cylinders are included
- adjustment of the working depth according to the wear of the blades or springs
- scarifying roller with 20 blades
- aeration cylinder with 24 springs
- height-adjustable handle
- grass bag with a capacity of 55 l

FZP 5816-B

PETROL CHAIN SAWS

The category of petrol chain saws is intended for those who use a chain saw more frequently, need more power, or require the flexibility of working without access to an electrical socket. Petrol chain saws can also handle larger amounts of wood, thicker branches or tree trunks. The construction of **FIELDMANN** petrol chain saws consists of high-quality, durable plastic and metal parts. They are well-balanced, which ensures comfortable control, easy handling, and reduces the risk of injury.

The handle is equipped with an anti-slip surface, enhancing the control of the chain saw. With an optimal 40 cm blade length

One-Handed Petrol Chain Saw FZP 25410-B **NEW**

- two-stroke motor with a capacity of 25 cm³
- FIELDMANN blade 25 cm long
- safety chain brake
- C.D.I. starting system
- weight: 4 kg

and a weight of 5–6 kg, the chain saw provides the user with good manoeuvrability during work. Starting the chain saw with a cold motor is facilitated by the C.D.I. ignition system, so even in winter, starting requires no excessive physical strength.

FIELDMANN machines come with integrated safety features, such as a safety chain brake for instant chain stopping, protecting against kickback, and a sturdy chain catcher at the end of the chain. Maintenance is also made easier. The high-quality **FIELDMANN** chain is lubricated by an automatic oil pump, reducing friction and increasing the chain's lifespan. The lubrication force can be conveniently adjusted with a screwdriver. In addition to the necessary tools for handling the blade and chain, a calibrated container for preparing the fuel mixture is included in the package.

Petrol Chain Saw FZP 45016-B

- two-stroke motor with a capacity of 45 cm³
- FIELDMANN blade 40.5 cm long
- safety chain brake
- C.D.I. starting system
- weight: 6.0 kg

Petrol Chain Saw FZP 5316-B

- two-stroke motor with a capacity of 53 cm³
- FIELDMANN blade 40.5 cm long
- safety chain brake
- C.D.I. starting system
- weight: 5.5 kg

- blade 40 cm long
- FIELDMANN chain
- safety chain brake
- C.D.I. starting system
- weight: 6.0 kg

ELECTRIC CHAIN SAWS

The electric chain saw is suitable for occasional cutting in the garden around the house, but due to the lack of fuel fumes it is also suitable for the workshop. The power typically ranges from 1,600 to 2,500 W, which is generally sufficient for common use. Machines with power at the lower end of the range are suitable for tasks like cutting firewood, pruning bushes, and small DIY projects.

For preparing a larger quantity of firewood, it's better to choose a more powerful chain saw with a rating of around 2400 W. Users appreciate electric chain saws for their unlimited power source, easy operation and maintenance. The advantage also lies in their quieter operation, which is welcomed in gardens in

dense urban areas or recreational areas. For those who don't plan to venture far from an electrical socket, this type of chain saw is ideal for hobby use.

The chains of **FIELDMANN** electric chain saws are lubricated by an automatic oil pump, which reduces friction and increases chain lifespan. No tools are necessary for tightening up or removing the chain and blade for cleaning. Integrated safety features, such as a chain brake for instant chain stopping and a sturdy chain catcher at the end of the chain, are standard. Higher-end models of electric chain saws come equipped with blades and chains from the American brand Oregon, a leading global manufacturer of chain saw chains and blades with a 70-year tradition in production.

Electric Chain Saw FZP 2105-E

- electric motor input power: 1,800 W
- FIELDMANN blade 35 cm long
- safety chain brake
- automatic oil pump
- weight: 5.0 kg with a blade and chain

PETROL AND ELECTRIC CULTIVATORS

The success or failure of gardening is significantly influenced by the quality of the soil. For small flower beds under the window, a hoe might suffice for loosening the soil. However, for multiple beds and larger areas, a more robust helper is needed. Cultivators from **FIELDMANN** thoroughly loosen the soil using rotating steel blades, break up clumps, and incorporate fertiliser or compost into the soil.

The rotating blades penetrating the soil also bring weeds to the surface. A petrol cultivator is a powerful tool suitable for all types of cultivated soil. Its advantage lies in its wider working width and independence from electrical sockets. Electric cultivators are distinguished by their excellent manoeuvrability and low weight. Due to their small size and the absence of emissions during operation, they can efficiently manage soil even in a greenhouse. The working width of selected **FIELDMANN** cultivators can be extended with additional two steel blades included in the package.

Petrol Cultivator FZK 6115-B

- motor: OHV, 139 cm³, 2.2 kW

- motor: OHV, 139 cm³, 2.2 kW
- working width: 36 cm
- blade diameter: 26 cm
- weight: 31 kg

ELECTRIC AND PETROL HEDGE TRIMMERS

If our goal is a thick, green, and nicely shaped hedge, we have no choice but to trim it at least once a year. Precise trimming, even for tall and long hedges, can be achieved with the help of special hedge trimmers. Hedge trimmers significantly save physical effort and allow for longer work without a break.

Light weight, excellent manoeuvrability and quiet operation are the main advantages of electric hedge trimmers from **FIELDMANN**. With these hedge trimmers, even women or seniors can work without much effort. Although electric shears can handle older, woody hedges and thicker branches, they are generally more suitable for occasional trimming

of softer wood branches. Petrol hedge trimmers are significantly more powerful than electric ones, allowing them to cut thicker branches and larger areas. They are also an ideal solution if we need to trim hedges or shrubs beyond the reach of electricity.

The possibility of adjusting the cutting angle also simplifies the trimming of vertical hedge surfaces or the shaping of shrubs in less accessible places. For a high or particularly difficult-to-reach hedge, it is worth getting a telescopic hedge trimmer, which you can find in this catalogue among tree pruners. **FIELDMANN** hedge trimmers are equipped with protective features such as a front shield against flying branches, safety switches, or a blade cover for easy storage.

Petrol Hedge Trimmers FZN 4006-B

- two-stroke motor with a capacity of 26 cm³
- blade length: 510 mm
- maximum cutting diameter 24 mm
- adjustable handle for vertical cutting
- safety switch system, protective front shield
- weight: 5.4 kg

SHEARS FOR GRASS, TREE PRUNERS

To prevent our garden from becoming overgrown like in the story of Sleeping Beauty, it is necessary to regularly trim and prune plants, shrubs, and trees. Telescopic pole saws and grass and shrub shears are indispensable tools for managing lush vegetation. Telescopic pruning tools allow you to lighten tree branches or trim tall hedges from the safety of solid ground. The advantage of electric cordless grass and shrub shears is the "freedom of movement" provided by rechargeable batteries.

Telescopic pole saws and telescopic hedge shears essentially extend our reach when pruning branches, rejuvenating trees, or trimming tall hedges. Extendable handles allow us to stand firmly on the ground while working. Thanks to the adjustable angle of the cutting or shearing head, we can reach less accessible places. Comfort during use is enhanced by the cushioned handle cover and shoulder strap. Cordless grass and shrub shears are a 2 in 1 tool. We can quickly and effortlessly trim lawn edges and shape ornamental trees with them. A low battery is indicated by an LED indicator. Selected models also feature a swivel handle. For added comfort, you can choose one of the four working positions (90°, 0°, 90°, 180°) or additionally purchase a long handle with support wheels.

Telescopic Hedge Trimmers **FZN 6005-E**

- electric motor input power: 450 W
- length of the shear blade 46 cm
- maximum cutting diameter – 16 mm
- possibility to adjust the cutting head angle – 8 positions
- telescopic handle adjustment ranging from 1.9 to 2.5 m
- weight: 3.70 kg

Telescopic Pole Saw **FZP 6005-E**

- electric motor input power: 600 W
- FIELDMANN blade and chain
- blade length – 25 cm
- possibility to adjust the cutting head angle – 3 positions
- telescopic handle adjustment in the range of 2.3–2.9 m
- weight: 3.50 kg

Cordless Grass and Shrub Shears **FZN 4000-A**

- Li-ion battery 3.6 V / 1,500 mAh
- operating time of approx. 30 min
- recharging time of approx. 4 hours
- 2 cutting blades – easy exchange
- shrub trimmer blade – 100 mm
- grass shear blade – 70 mm
- safety switch
- battery charge status indicator
- weight: 0.60 kg

Cordless Grass and Shrub Shears **FZN 4101-A/4102-AT**

- replaceable Li-ion battery 3.6 V / 1,300 mAh
- swivel head with 4 positions
- grass shear blade – 80 mm
- shrub trimmer blade – 110 mm
- battery power indicator
- weight: 0.60 kg
- the FZN 4102-AT option also includes a telescopic handle (130 cm)
- weight 1.00 kg

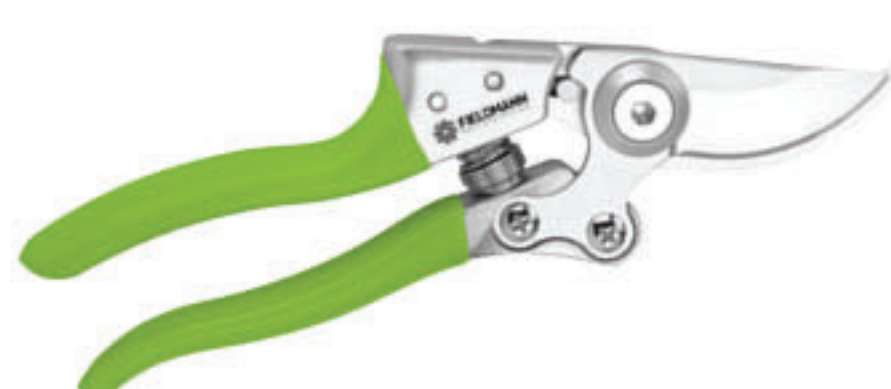

Without the vibrant colours of flowers or perhaps herbs for the home kitchen, it's often challenging to imagine a balcony or terrace. Whether you're planning to plant in pots, a greenhouse or flower beds, you'll certainly appreciate the small gardening tools. Lightweight yet highly functional hand tools are available in complete sets from the **FIELDMANN** brand.

LOPPING SHEARS, GARDEN TOOLS

Precisely sharpened blades of double-blade shears allow for a perfectly precise trimming of plants and shrubs or a quick cut of fruit trees. Thicker branches, up to 50 mm in diameter, can be handled with lopping shears thanks to a lever mechanism and longer handles. Hand shears accompany us throughout the gardening season and among electric, battery-powered, or petrol-powered tools, they still have their place.

Lopping Shears FZNR 1006

- lopping shears
- double-bladed
- max. thickness of wet branch: 20 mm
- SK5 stainless steel blade

Lopping Shears FZNR 1007

- lopping shears
- double-bladed
- max. thickness of wet branch: 20 mm
- 2 cutting pitch positions

Hand Saw FZNR 1310

- blade length: 240 mm
- total length: 410 mm
- blade treated against corrosion
- weight: 380 g
- protective case
- possibility of attachment to the belt

Telescopic Pruning Saw FZNR 1350

- suitable for pruning branches in tree crowns
- high sharpness, hardened teeth
- telescopic pole with adjustable range, max. 5 m
- plastic blade cover also included in the package

Lever Lopping Shears FZNR 1013

- telescopic shears
- single-bladed
- shears length: 680–920 mm
- shears weight: only 1920 g
- cut of branches up to 50 mm
- steel handles
- rubberised handles

Garden Tools Set FZNR 1104

- set of 4 hand tools
- trowel, small rake, cultivator, weed puller
- high durability
- material: aluminium
- cushioned handle

Garden Tools Set FZNR 1101

- set of 5 hand tools
- hoe, fork, garden claw, root puller and transplanting trowel
- plastic with strong polyamide fibres
- high heat resistance
- high strength

Lever Lopping Shears FZNR 1022

- telescopic shears
- shears length: 680–920 mm
- shears weight: only 1,980 g
- cut of branches up to 50 mm
- steel handles
- rubberised handles

Electric Shredder FZD 4010-E

- blade crushing system – 2 blades
- electric motor input power: 2,500 W
- overload protection
- waste crushing up to a diameter of 4 cm
- included bag for shredded waste
- large catcher opening
- overload protection
- weight: 11 kg

Electric Shredder FZD 4020-E

- electric motor input power: 2,500 W
- blade crushing system – 2 blades
- waste crushing up to a diameter of 4 cm
- overload protection
- solid steel construction with wheels for easy relocation
- box with a capacity of 50 l with safety lock for easy handling of crashed material
- weight: 14.1 kg

Electric Wood Chipper FZD 5015-E

- electric motor input power: 2,800 W
- crushing with a teeth roller
- box for crushing material with a volume of 60 l
- crushing of garden waste up to a diameter of 4.4 cm
- overload protection and reverse run
- robust steel construction with wheels for easy handling
- weight: 19.4 kg

SHREDDERS AND CHIPPERS

Electric shredders and chippers from **FIELDMANN** can literally "kill two birds with one stone". They process the branches of shrubs and trees so that they can be used further, for example as mulch to prevent weed growth. This cleverly solves the problem of where to put the waste after pruning trees or preparing firewood. Fresh branches are difficult to burn, and in some areas, local regulations don't even allow such disposal.

Drying them in a corner of the garden is also not ideal, and if you don't own a car with a trailer, transporting them to collection points can be technically challenging. Shredders and chippers will easily rid you of garden waste and save you money on buying mulch.

Shredders are equipped with a disc with two blades that crush the waste. This can be either composted or used as mulch around ornamental flowers and plants. In the chipper, which can handle thicker, dried, and harder branches, the material is crushed by a slowly rotating gear wheel. The resulting wood chips are larger, and after drying, they can be used as firewood.

Electric Garden Vacuum Cleaner FZF 4050-E

- continuous power regulation
- electric motor input power: 3,000 W
- soft start – smooth motor start
- 3 functions – blowing, vacuuming, shredding
- airflow velocity – 100 to 300 km/h
- suction power up to 16 m³/min
- shredding ratio 15:1
- collection bag volume 45 l
- shoulder strap included
- extendable small rake and telescopic nozzle
- steel shredder
- easy access to the working area
- weight: 3.7 kg

GARDEN VACUUM CLEANERS AND BLOWERS

If you have a larger garden with several medium to large trees, you might find yourself dealing with a pile of up to ten cubic metres of leaves in the fall. Raking such a heap would be a challenging sport. A garden vacuum cleaner can handle such a pile in a flash.

Simply empty the leaves from the collection bag onto the compost as soon as it fills up. Or blow them into one pile. In addition to the electric combined blower/vacuum cleaner, you can also find a cordless blower (CORDLESS FAST POWER series) or a petrol model that both blows and vacuums.

As the name suggests, a garden blower blows fallen leaves into a single pile with a stream of air. It is suitable for gardens with abundant leaf fall and is also useful for cleaning gutters or removing fresh snow from the pavement. On the other hand, a garden vacuum cleaner collects the leaves into a collection bag. The built-in shredder processes the leaves into small pieces, significantly extending the intervals between emptying the bag up to ten times. Shredded leaves decompose more easily in the compost. For those who use both functions, shredding and vacuuming, the combination models are cost-effective.

Petrol Blower / Vacuum Cleaner FZF 6205-B

- 3 functions: blowing, vacuuming, shredding
- 2-stroke motor 0,8 kW / 25,4 cm³
- air speed: 150 km/h
- fuel tank: 0.57 l
- weight: 4.5 kg

Electric Garden Vacuum Cleaner FZF 4008-E

- electric motor input power: 3,000 W
- 3 functions – blowing, vacuuming, shredding
- air velocity 240 km/h
- suction power up to 9 m³/min
- shredding ratio 10:1
- collection bag volume 45 l
- shoulder strap included
- weight: 2.8 kg

Electric Garden Vacuum Cleaner FZF 4030-E

steel shredder

- garden vacuum cleaner with the possibility of continuous power control
- electric motor input power: 3,000 W
- soft start – smooth motor start
- 3 functions – blowing, vacuuming, shredding
- air velocity 100 to 270 km/h
- suction power up to 13 m³/min
- shredding ratio 10:1
- collection bag volume 45 l
- shoulder strap included
- steel shredder
- weight: 3.5 kg

LOG SPLITTERS

The work with wood does not usually end with cutting wood into logs. You need to further process the logs, chip them. Electric splitters are powerful assistants that make this task more enjoyable and, importantly, significantly faster.

These splitters handle both dry and wet wood. For occasional cutting of smaller logs and softer woods, the horizontal splitter is ideal, while a vertical model is more suitable for demanding users and regular use. It easily chips thicker or longer logs.

5 t

Electric Log Splitter FZLS 1005H-E

- type of splitter: horizontal
- voltage: 230 V, classic socket
- power: 1,500 W
- max. cutting pressure: 5 t
- max. log length: 52 cm
- max. log diameter: 25 cm

WATER PUMPS

The more the sun shines, the more water the plants in the garden need. Since watering with tap water can be quite expensive, having your water source is like a gift from above. If you have a well or a reservoir, you can confidently use the water for garden irrigation or as utility water in your household.

FIELDMANN pumps and domestic waterworks supply water to hoses, irrigation systems and taps. They enable watering and irrigating the garden with utility or even rainwater. They find applications in pumping clean water from tanks, pools, and barrels, as well as pumping muddy water from septic tanks, basements, flooded areas, and more. The specific equipment selection depends on the purpose.

NEW

Submersible Pump FVC 7005-EC

- power input 1,200 W
- float switch
- stainless steel body
- max. flow rate 6,200 l/h
- max. delivery 46 m
- max. immersion depth 7 m
- power cord length 10 m

Garden Waterworks FVC 8510-EC

- garden waterworks with an input power of 800 W
- maximum delivery 40 m
- maximum transferred amount 3,200 l/h
- maximum pressure 3.0 bar
- maximum suction depth 8 m
- tank volume 20 l

Garden Waterworks FVC 8550-EC

- garden waterworks with an input power of 1,000 W
- maximum delivery 44 m
- maximum transferred amount 3,500 l/h
- maximum pressure 3.0 bar
- maximum suction depth 8 m
- tank volume 25 l

everything for your home and garden

Clean Water Pump FVC 2001- EC

- float pump with an input power of 250 W
- maximum delivery 6 m
- maximum suction depth 5 m
- maximum transferred water amount 5,000 l/h
- maximum size of solid impurities 5 mm
- possibility to connect 1" or 2" hose

Sludge Water Pump FVC 2003- EK

- universal pump with an input power of 400 W
- maximum delivery 6 m
- maximum suction depth 5 m
- maximum transferred water amount 7,500 l/h
- maximum size of solid impurities 35 mm
- possibility to connect 1" or 2" hose

Sludge Water Pump FVC 4001-EK

- powerful sludge pump with an input power of 750 W
- maximum delivery 8 m
- maximum immersion depth 7 m
- maximum transferred water amount 12,000 l/h
- maximum size of solid impurities 35 mm
- possibility to connect 1" or 2" hose

Sludge Water Pump FVC 4002- EK

- submersible sludge pump with a durable stainless steel body
- electric motor input power: 900 W
- maximum delivery 9 m
- maximum immersion 8 m
- maximum transferred water amount 14,500 l/h
- maximum size of solid impurities 25 mm
- possibility to connect 1" or 2" hose
- internal diameter 12.5 mm
- external diameter 18 mm

Pump with Integrated Float FVC 5015-EK

- electric motor input power: 750 W
- max. flow rate: 14,000 l/h
- max. immersion depth: 7 m
- max. delivery: 8 m
- max. pressure: 0.8 bar
- residual level in automatic operation 6 cm
- residual level in manual operation 2 cm
- maximum size of solid impurities 16 mm
- possibility to connect 1" or 2" hose

Drum Pump FVC 3003- ED

- input power: 250 W
- maximum flow rate 2,000 l/h
- maximum immersion depth 8 m
- maximum delivery 9 m
- maximum size of solid impurities 3 mm
- power cord length 10 m
- float switch

Garden Pump FVC 6010-B

- motor type: 2-stroke single cylinder 52 cm³
- motor power: 1.45 kW
- fuel mixture ratio (oil/fuel) 1:25
- max. delivery 30 m
- max. suction depth 7 m
- max. flow rate 20,000 l/h

Garden Pump FVC 8010/8020-EC

- input power: 600/800 W
- maximum delivery 35/40 m
- maximum pumping depth 7/8 m
- maximum transferred water amount 2,800/3,200 l/h
- power cord length 1.2 m

Irrigation Hose FZH 9115

- 1" – length 15 m
- suitable for FVC 2001, FVC 2003, FVC 4001, FVC 4002, FVC 5010

Irrigation Hose FZH 9120

- 3/4" – length 20 m

Irrigation Hose FZH 9130

- 1/2" – length 30 m

Irrigation Hose FZH 9150

- 1/2" – length 50 m

Irrigation Set 1/2" FZH 9005

- compatible with hose 1/2"
- 3x end piece – female
- 1x stop end piece – female
- adapter 1/2" and 3/4"
- irrigation gun 8 positions

Set of End Pieces 1/2" 3/4" FZH 9006/9008

- compatible with hose 1/2" / 3/4"
- 3x end piece – female
- 1x stop end piece – female
- adapter 1/2" and 3/4"
- variable irrigation gun

HOSE REELS, IRRIGATION GUNS AND GARDEN HOSES

A hose reel with a garden hose is an essential part of a gardener's equipment. Thanks to the reel, you can easily and quickly unwind and wind up the hose. The garden will always look neat and tidy. By using a reel, you also extend the lifespan of the hose, preventing it from breaking or cracking.

FIELDMANN offers several hose reel options. The drum hose reels allow the hose to be easily wound up using a handle. An automatic garden hose reel can be attached to the wall of the house, workshop, or even the garage. That is, anywhere near a tap. The hose is hidden inside a box from which it is unwound and automatically wound back up after use. This year's catalogue also features an expanded range of watering timers.

Irrigation Gun FZH 9007

- compatible with end piece 1/2", 13 mm
- length 450 mm – 8 positions
- easy flow rate control

Irrigation Guns FZH 9004

- compatible with end piece 1/2"
- 13 mm
- 10 positions
- easy flow rate control

Garden Reel FZH 1160

- a hose (1/2") in the length of 60 m can be used
- easy installation
- light construction
- convenient carrying
- economical storage

Garden Reel FZH 1146

- a hose (1/2") in the length of 45 m can be used
- easy installation
- light construction
- convenient carrying
- economical storage

Garden Reel FZH 1021

- hose length: 20 m (outlet) + 2 m (inlet)
- hose diameter: 1/2"
- adapter: 1/2" and 3/4"
- working pressure 8 bar
- burst pressure: 24 bar
- operating temperature: -5 to +45°C

Irrigation Timer FZH 2010

NEW

- irrigation time: 1 min – 4 h
- operating pressure: 0.5–8 bar
- max. flow rate: 35 l/min
- frequency of irrigation per day: 1x every hour up to 1x every 12 hours
- watering frequency per week: 1x daily up to 1x weekly
- waterproof rating: IP54
- manual mode: 1 min – 8h
- input thread: 1" or 3/4"
- operating temperature: 3–50 °C

Irrigation Timer FZH 2020

- irrigation time: 1 min – 4 h
- operating pressure: 0.5–8 bar
- max. flow rate: 35 l/min
- adjustable up to 3 individual schedules for each day
- irrigation frequency for each schedule: Mon to Sun or every 2/3/4/5/6 days, or 1x per week

Irrigation Timer FZH 2025

NEW

- 2-zone irrigation timer, irrigation time: 1 min – 4 h
- operating pressure: 0.5–8 bar
- max. flow rate: 35 l/min
- adjustable up to 3 individual schedule for each day for each zone
- frequency of irrigation for each schedule: Mon to Sun or every 2/3/4/5/6 days

Automatic Garden Reel FZH 1221/1235

NEW

- 1/2" / 3/4"
- length 20 m / 30 m
- operating temperature: from -5 °C to +65 °C
- operating pressure 10 bar
- burst pressure: 30 bar

HIGH PRESSURE WASHERS

High Pressure Washer
FDW 201402-E

High pressure washers make many cleaning tasks in the garden, around the house, and in the garage easier. They can thoroughly clean a drained pool, stained paving, a dirty facade, a roof covered in moss, as well as garden furniture, a family car, a motorcycle, a bike, or a grill. The advantage of these devices lies in both the efficiency of cleaning and water savings due to the precise targeting of the water stream.

When choosing a pressure washer, the pressure it can generate is crucial, determining the quality of cleaning, and the flow rate—the larger it is, the faster the cleaning. The versatility of the pressure washer is expanded by accessories such as special nozzles, tips, or brushes, which increase efficiency on specific surfaces and allow cleaning in hard-to-reach areas. The option to use a cleaning agent for degreasing is also practical.

- voltage/frequency: 230 V / 50 Hz
- input power: 1,400 W
- maximum pressure: 105 bar
- maximum flow rate: 396 l/hour
- power cord: 5 m
- high-pressure hose length: 3 m
- spray gun with variable nozzle
- integrated shampoo container

High Pressure Washer
FDW 201602-E

High Pressure Washer
FDW 201650-E

High Pressure Washer
FDW 202205-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1,600 W
- maximum pressure: 130 bar

Motor Oil
MOL Dynamic
Garden 2T

- oil designed to mix the fuel mixture for two-stroke motors
- keeps the motor clean and reduces motor wear
- prevents plug damage
- suitable for garden machinery
- package volume 0.6 l

Motor Oil
MOL Dynamic
Garden 4T

- designed for lubrication of four-stroke petrol motors, retains excellent properties even at low temperatures
- suitable for year-round use
- viscosity class SAE 10W-30
- suitable for garden machinery
- package volume 0.6 l

Oil for Loss
Lubrication
MOL Dynamic Forest

- oil designed for lubrication of chain saw chains
- suitable for year-round use in petrol and electric saws
- reduces the friction temperature and reduces wear on the chain and blade
- integrated funnel for convenient pouring
- package volume 0.6 l

Motor Oil
MOL Essence

- oil for lubrication of four-stroke petrol motors
- high thermo-oxidative stability
- viscosity class SAE 15W-40
- suitable for garden machinery
- package volume 1.0 l

Hydraulic Oil
for Splitters
HYDRO HM 22

- hydraulic oil for log splitters
- MOL Hydro HM 22 is a universal hydraulic fluid made from highly refined base oils that contain additives to improve low temperature properties, including a zinc additive to reduce wear.

Oil Extractor
FZR 9050

- container capacity 1.6 litres
- 2x PVC hose: diameter 8 mm and length 1 m diameter 10 mm and length 1.3 m
- funnel
- also applicable for all types of fuels

Hand Sprayer
FZO 8050

- container capacity 2 litres
- metal nozzle with spray control
- overpressure valve
- switch with the possibility of locking after start-up

Hand Sprayer
FZO 8054

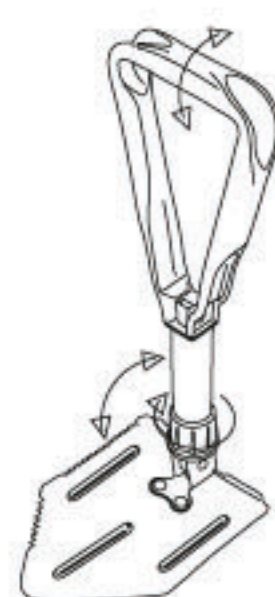

- container capacity 4 litres
- metal nozzle with spray control
- overpressure valve
- switch with the possibility of locking after start-up
- back strap

Hand Sprayer
FZO 8060

- container capacity 5 litres
- metal nozzle with spray control + position adjustment
- overpressure valve
- shoulder strap
- max. pressure 2.5 bar

Aluminium Folding Trowel
FPL 4002

- unfolded length 82 cm
- folded length 66 cm
- aluminium trowel with anodised surface with a size: 22 x 28 cm
- ergonomic handle for easier handling
- max. recommended weight 15 kg
- security locks against spontaneous folding up
- weight: 0.6 kg

Steel Folding Trowel
FPL 4001

- steel thickness 1.5 mm
- steel handle
- unfolded length 57 cm
- folded length 23.5 cm
- max. recommended weight 23 kg
- weight: 0.99 kg
- trowel width 15 cm
- package includes: portable bag

**Work Gloves
FZO 5010**

- palm part from fine goatskin
- finger part from fine goatskin
- upper part from elastic synthetic fabric
- Velcro strap to attach to the wrist
- size 10"(XL)

**Work Gloves
FZO 6010**

- reinforced palm lining to dampen vibrations
- lower palm part made of synthetic leather
- upper part made of flexible and breathable synthetic fabric
- the securing strap on the wrist prevents slipping
- size 10"(XL)

**Work Gloves
FZO 6011**

- reinforced palm lining to dampen vibrations
- lower palm part made of synthetic leather
- upper part made of flexible and breathable synthetic fabric
- the securing strap on the wrist prevents slipping
- size 11"(XXL)

**Work Gloves
FZO 7010**

- lower part made of synthetic leather
- upper part made of elastic neoprene
- loop for easy donning
- anti-slip protection with Velcro tape size 10"/XL

**Work Gloves
FZO 7011**

- lower part made of genuine leather
- upper part made of premium neoprene
- loop for easy donning
- size 10"(XL)

**Women's Work Gloves
FZO 2111**

- lower part made of synthetic leather
- upper part made of flexible SPANDEX material
- elastic material on the wrist against slipping
- size 8"(S)

**Women's Work Gloves
FZO 2110**

- lower part made of synthetic leather
- upper part made of flexible SPANDEX material
- elastic material on the wrist against slipping
- size 8"(S)

**Garden Cart
FZO 4001**

- practical cart for use in every garden or around the house
- stable construction and easy handling
- replaceable plastic bag with a volume of 80 l
- cart load capacity 25 kg

GARDEN FURNITURE

GARDEN FURNITURE

Without furniture, every garden gathering is just a small picnic. When furnishing an outdoor space, focus primarily on comfort: **FIELDMANN** garden furniture offers all the comfort you need when sitting or lying down, but also when it comes to maintenance.

For enjoying meals outdoors, a spacious dining table with comfortable chairs is essential. Do you know how many people will be sitting at the table? Smaller dining sets typically accommodate four, while larger ones are designed for six or seven diners. The

 - folding armchairs with adjustable backrest and armrests
 - comfortable three-seat bench with backrest
 - made of tropical acacia wood
- optional accessory:
- armchair covers of different colours and patterns

practical folding tables can be quickly enlarged in the event of a larger gathering. In addition to large sets of garden furniture, umbrellas, or loungers, **FIELDMANN** also caters to owners of small balconies, where space needs to be saved. **FIELDMANN** balcony sets are compact in size and easy to assemble. This allows for efficient use of balcony space when not in use.

Wooden Furniture

The popularity of wooden furniture is driven by a sustained interest in natural materials and the desire to create a pleasant, cosy environment. Wood is suitable for any garden, it is pleasant to the touch and to the eye. **FIELDMANN** wooden furniture is made of acacia wood, which comes from Asian tropical forests. Acacia wood is characterised by its ability to withstand the effects of weather, ageing and biological degradation. Thanks to its durability, strength and insect resistance, this wood is a great material for garden furniture.

Acacia furniture can be placed in the garden or on an uncovered terrace without any worries throughout the season. Regular impregnation with a special oil will keep it beautiful for many years. **FIELDMANN** wooden furniture comes pre-treated with oil from; however, it is recommended to treat it at least 1× a year. Before oiling, it's advisable to clean the furniture thoroughly. Any algae, mould, or fungi can be removed with sandpaper. Apply the oil to dry, dust-free and dirt-free wood. Don't forget to store the furniture indoors, or cover it with a tarp during the winter.

Metal Furniture

Garden furniture made of metal is very popular. It fits perfectly into any garden thanks to its subtle design and unob-

trusive colours. Metal furniture does not require any special care, yet it is robust, stable and extremely weather-resistant. Due to its generally light weight, it is easy to handle. It can withstand the entire season without the need for covering. Simply store it in a dry place for the winter.

Rattan Furniture

The surface appearance of rattan furniture resembles natural wickerwork but is much more durable. Plastic fibres are more flexible than natural fibres and are less likely to be damaged. At the same time, this type of furniture is similar in weight to plastic furniture due to its light metal frame. These features make it very popular. Synthetic rattan furniture is not affected by rain or strong sunlight, eliminating the need to store it away. To maintain it, simply use soapy water to remove any dirt and clean water for rinsing. This also applies to modern plastic furniture from **FIELDMANN** with a rattan-like appearance. It is extremely lightweight and retains its appearance and colour for a long time.

RECOMMENDATION:

*If your dining chairs will be the primary seating for the entire outdoor area, consider equipping them with soft cushions, also available from **FIELDMANN**. The thickness of 5 cm ensures truly comfortable seating. Cushions are available for most types of chairs, armchairs, loungers and benches, in several beautiful colours.*

GRILLS

ELECTRIC, GAS, CHARCOAL GRILLS AND FIREPLACES

The best way to kick off the grilling season is to invite friends or family for a feast. But before that, it's essential to check the condition of your grill. If you find that it's time to invest in a new grill, one of the current **FIELDMANN**. Grill models might find a new home with you.

FZG 3005

Cooking food over charcoal brings not only a holiday atmosphere but also an unmistakable aroma and taste to your dishes. A simple charcoal grill won't strain your wallet and can travel with you to go fishing or camping. An electric grill serves well in the garden or on the terrace, where a socket is nearby. It is also suitable for conservatories or other interiors, especially when unexpected temperature drops occur. **FIELDMANN** gas grills are equipped with multiple burners for so-called zone cooking, allowing you to prepare various dishes at different temperatures simultaneously. The cast iron grates efficiently absorb heat and then evenly distribute it. The operation is easy, thanks to temperature control, providing you with perfect control over the grill's temperature and performance.

- dimensions FZG 9050: 110 × 55 × 110 cm
- models: FZG 1007, FZG 1008, FZG 3002, FZG 3102, FZG 3003, FZG 3010, FZG 1108
- dimensions FZG 9051: 130 × 62 × 115 cm
- for models: FZG 3005, FZG 3006, FZG 3011, FZG 3013, FZG 3018, FZG 3025, FZG 1014

Grill Cover FZG 9052

- dimensions: ø 80 × 75 cm
- waterproof material
- for models: FZG 1004, FZG 1013, FZG 1016, FZG 1017

Garden Charcoal Grill FZG 1009

- grill container size: ø 41.5 cm
- grilling area: ø 41 cm
- grilling height: 58 cm
- grilling grate: 41 × 0.5 cm
- chrome grates

Table Charcoal Grill FZG 1000/FZG 1000G

- grill size: ø 35.5 cm
- grilling area: ø 34 cm
- grilling area height: 22 cm
- chrome grate

Table Charcoal Grill FZG 1102G

- grill container size: 36.5 cm
- grilling area: ø 34 cm
- grilling height: 28 cm
- chrome grilling grate

Charcoal Grill FZG 1103B

- grill container size: 37 cm
- grilling area: ø 35 cm
- grilling height: 30 cm
- chrome grilling grate

Portable Charcoal Grill FZG 1003

- grill size: ø 26 cm,
- height: 12.5 cm
- fireplace size: ø 25 cm
- thermal bag with dimensions: 29.5 × 18.5 cm for cooling drinks
- chrome grate

Garden Charcoal Grill FZG 1004

- grill container size: ø 57 × 20 cm
- grilling area height: 68 cm
- grilling area size: ø 54.5 cm
- chrome grate

Charcoal Grill FZG 1016

- grill container size: ø 57 cm
- grilling height: 77 cm
- grilling area: diameter 53 cm
- chrome grilling grate
- stainless steel legs, rubbercastors, thermometer

Garden Charcoal Grill FZG 1014

- size: 126 × 62 × 90 cm
- grilling area: ø 54 cm
- grilling height: 77 cm
- grilling grate, heating grate
- chrome grilling grates
- side panels
- thermometer

NEW

Charcoal Grill FZG 1017

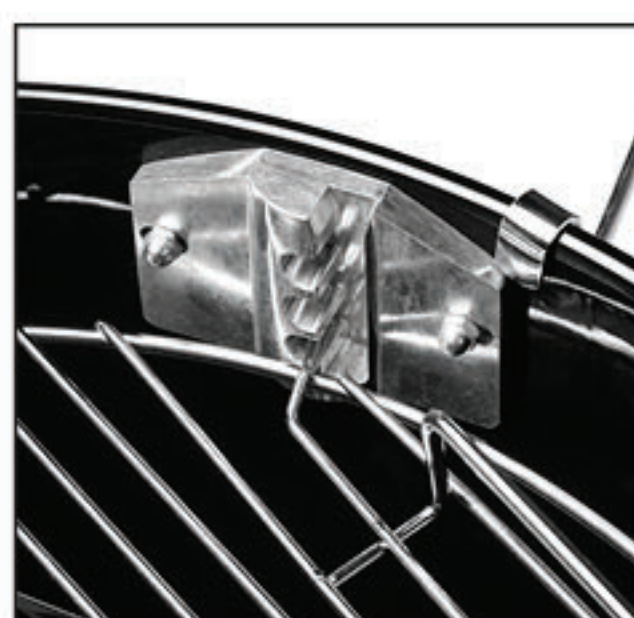

- charcoal grill
- grill pot size: diameter 57 cm
- grilling area: diameter 50.5 cm
- grilling height: 3 adjustable options: 74, 75.5 or 77 cm
- grill grate: cast iron; chrome

recommended accessories:

- grill grate with an inner mini circle made of cast iron with a diameter of 29 cm
- thermometer
- cover with handle
- rubber castors for better manoeuvring
- 2 detachable handles for handling grates

Garden Charcoal Grill FZG 1007

- grill size: 76 × 42 cm
- fireplace size: 71 × 38 cm
- grilling area height: 78 cm
- cooking grate size: 72 × 42 × 0.4 cm
- heating grate size: 68 × 20 × 0.4 cm
- chrome grate
- thermometer

Garden Charcoal Grill FZG 1008/1108

- grill container size: 61 × 45.5 cm
- grilling area: 55.6 × 41.5 cm
- grilling height: 78 cm
- 2× grilling grate: 27.8 × 41.5 × 0.5 cm
- heating grate: 53.5 × 24 cm
- chrome grilling grates
- thermometer

Garden Fireplace FZG 1030 W/G

- fireplace size: ø 60 cm
- grate height from the ground: 25 cm
- chrome grate: ø 43 cm
- fireplace body made of MGO burnt stone
- mesh cover to prevent embers from flying
- charcoal/briquette fireplace

Garden Fireplace FZG 1020

- wood-burning fireplace, ø 54.5 cm
- grate height from the ground: 25 cm
- high-temperature resistant coating
- mesh cover to prevent embers from flying
- foldable legs for economical storage
- cover for handling and storage

Garden Fireplace FZG 1025

- fireplace size: 74 cm
- grate height from the ground: 40 cm
- chrome grate
- high-temperature resistant coating
- stable stand
- mesh cover to prevent embers from flying
- charcoal/briquette fireplace

CORDLESS TOOLS ELECTRIC TOOLS WORKSHOP EQUIPMENT

Cordless tools free you from worries about the length of extension cords and socket availability. You can work in hard-to-reach places or even outdoors. However, where there is convenient access to a socket, DIY enthusiasts often opt for electric models for higher performance, consistent power, and unlimited endurance.

Choosing **FIELDMANN** tools ensures quality and functional products. They combine reliability, safety and easy operation. The power of the machines is complemented by sets of screwdrivers or wrenches.

CORDLESS TOOLS

Thanks to modern Li-ion batteries and powerful motors, **FIELDMANN** cordless screwdrivers and drills have enough energy and power for screwing and even drilling.

Cordless Drill with Tools FDV 10205-51AR

- tool set with 12 V drill, 51 pcs
- drill 12 V / 2 × 1,300 mAh
- wood drill 16–22 mm
- metal drill 2–3–4–5–6–7 mm
- wall drill 4–5–6–8 mm
- watchmaker's screwdriver 50 mm – (–)2.5 mm, PH00
- screwdriver (–) 5 × 100 mm
- screwdriver for tips 1/4" × 100 mm
- tips 25 mm – (–)4–6 mm, PH1–2–3, PZ1–2, HEX 4–5 mm, 1/4" adapter
- tip holder 60 mm
- head 5–6–7–8–9–10–11–12–13 mm
- break-off knife 18 mm
- tester 100–250 V
- pliers 125 mm – combination, splitting
- adjustable wrench 150 mm
- Allen key – HEX 1.5–2–2.5–3–4–5–6–8 mm
- meter 3 m × 16 mm"

Also available, cordless drills

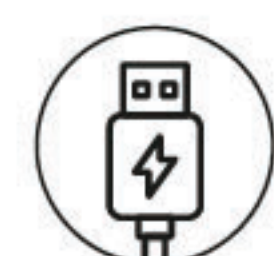

Cordless Model Grinder FDMB 200170-A

70 pcs

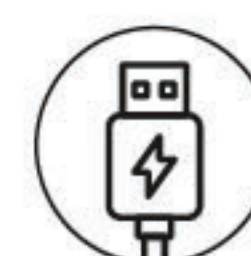

- Li-ion 7.2 V / 1,300 mAh
- 5 speeds: 5,000–25,000 rpm
- charging time: 60 min
- LED working light
- cushioned handle
- package includes: 70 pcs accessories

USB charging

Cordless Screwdriver FDS 10155-A

USB charging

90° swivel handle

USB Type C

- 3.6 V / 1,300 mAh Li-ion battery
- idle speed: 230 rpm
- torque 3.5 Nm
- torque levels: 6 + 1
- LED light + flashlight
- 90° swivel handle
- package includes:
- 8 pcs of 1/4" heads, 32 pcs of bits
- 2 pcs of drills
- 1 magnetic bit holder
- 1 connecting shaft
- 1 head adapter

Cordless Drill FDV 10201-A/02-A

- Li-ion 12 V / 1,300 mAh
- 2 speeds: 0–400 / 0–1,350 rpm
- torque 25 Nm
- 17 torque levels + 1 drilling level
- 3-level LED battery charge indicator
- LED lighting
- charging time 3–5 hours
- quick-release chuck max. drilling diameter 10 mm
- weight: 1.05 kg

Cordless Drill FDV 10250-A/49-A

- Li-ion 12 V 1,500 mAh
- 2 speeds: 0–350 / 0–1,400 rpm
- torque: 20 + 1
- 10 mm quick-release chuck
- LED lighting
- weight: 1 kg

Cordless Drill FDV 10252-A/53-A

- Li-ion 12 V / 1,300 mAh
- 2 speeds: 0–350 / 0–1,350 rpm
- torque: 22 + 1
- 10 mm quick-release chuck
- LED lighting
- package includes:
 - 6 pcs of drills, 6 pcs of bits
 - 1 bit attachment
 - spare battery free of charge

Cordless Drill FDV 10301-A

- Li-ion 14.4 V / 1500 mAh
- 2 speeds: 0–400 / 0–1,400 rpm
- torque 30 Nm
- torque: 18 + 1 + 1
- LED lighting
- maximum drilling diameter 10 mm
- weight: 1.2 kg

Cordless Drill FDV 10345-A

- Li-ion 14.4 V / 1,300 mAh
- idle speed: 0–400 / 0–1500 rpm
- torque levels: 15 + 1 drilling position
- torque 30 Nm
- max. drilling diameter: 10 mm
- quick-release chuck
- LED lighting
- USB port – power bank function
- 3-level LED battery charge indicator
- weight: 1.3 kg

Cordless Drill FDV 10350-A

- Li-ion cordless drill 14.4 V
- battery capacity: 2,000 mAh
- speed without load: 0–350/0–1,400 min-1
- LED working light
- quick charging time 1.5 hours
- variable speed switch with quick stop
- metal keyless chuck 0.8–10 mm
- bmc with 13 pcs of accessories

Cordless Drill FDV 10352-55AR

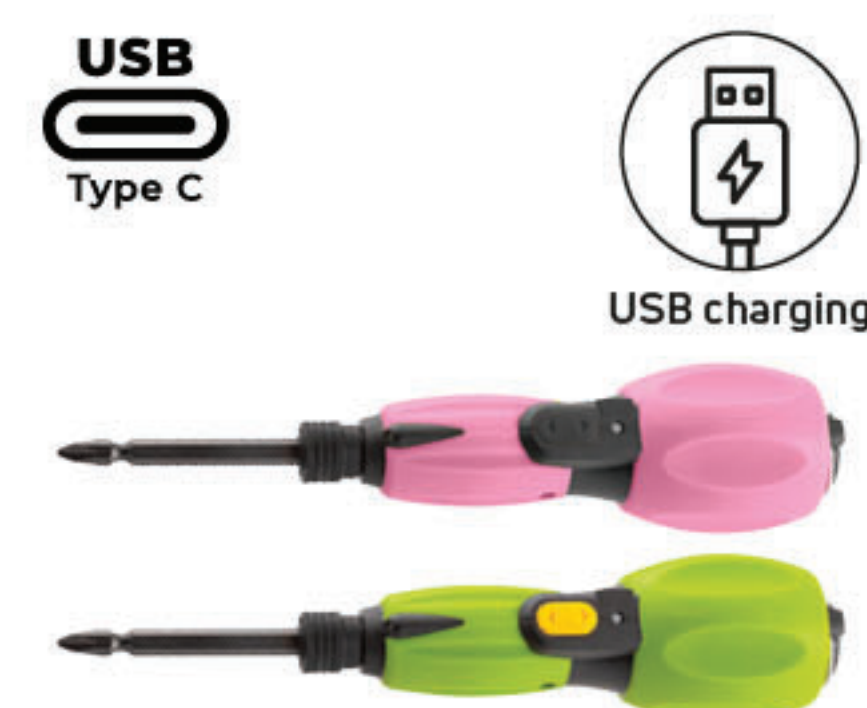

- Li-ion 14.4 V / 2,000 mAh
- 2 speeds: 0–400 / 0–1,400 rpm
- torque 35 Nm
- torque: 18 + 1 + 1
- hammer drill
- 13 mm keyless chuck with a brake
- LED lighting
- charging time 1–1.5 hours
- package includes:
 - 9 pcs of masonry drills
 - 30 pcs of 25 mm bits
 - 3 pcs of 75 mm bits
 - 1 bit attachment
 - 1 screwdriver
 - 4 pcs of socket heads

Cordless Screwdriver FDS 10101-A

- 3.6 V / 1,300 mAh Li-ion battery
- idle speed: 180 rpm
- torque levels: 6 + 1
- LED lighting
- battery charge indicator
- 90° swivel handle – from pistol-shaped to straight, ideal for tight spaces

Cordless Screwdriver FDS 10103-A/104-A

- 3.6 V / 800 mAh Li-ion battery
- idle speed: 280 rpm
- rotation direction switch
- charging time 1 h with USB cable
- LED lighting
- low weight: 0.16 kg

Cordless Screwdriver FDS 10102-A / FDS 10112-A

- 3.6 V / 1,300 mAh Li-ion battery
- head with 6 bits mounted individually on rotating arms
- swivel handle – 2 positions
- rotation direction switch (un/screwing), LED lighting
- charging time: 3–5 hours
- LED battery charge indicator
- weight: 0.49 kg

ELECTRIC HAND TOOLS

Electric hand tools are indispensable in any home workshop. They are ideal assistants for tasks that require more power and are not finished right away. Electric tools can handle heavier and prolonged, uninterrupted work without running out of power or energy.

If you plan to work in places with good access to electrical sockets, **FIELDMANN** electric hand tools are an ideal choice. **FIELDMANN** electric tools cover the needs of hobbyists, whether it's crafting in the workshop, household repairs, or construction. They offer a wide range of electric tools such as drills, rotary hammers, grinders, saws, or multifunctional tools. Model grinders and melt guns also have a wide range of creative applications. **FIELDMANN** electric tools boast a great balance between price and performance, along with easy usability.

SDS Drill / Rotary Hammer FDV 211050-E

- voltage: 230 V / 50 Hz
- input power: 1,050 W
- speed without load: 0–1050 rpm
- blow force: 0–5,200 blows/min, 2.8 J
- max. drilling: concrete 26 mm, metal 13 mm, wood 42 mm
- speed without load: 0–850 rpm
- 3 pcs of drills and 2 chisels
- 1 chuck
- SDS-PLUS system

practical kit
included in the package

hammer drill

Bestseller
from our range!

everything for your home and garden

Hammer Drill FDV 200501-E

- voltage: 230 V / 50 Hz
- input power: 500 W
- quick-release chuck up to 13 mm
- speed without load: 0–3,000 rpm
- drilling or hammer drilling
- speed control
- ergonomic side handle
- comfortable switch control

Hammer Drill FDV 200711-E

- voltage: 230 V / 50 Hz
- power: 710 W
- speed without load: 0–2,800 rpm
- chuck size: 13 mm
- possibility of drilling and hammer drilling
- possibility to control speed
- side handle and depth stop

Hammer Drill FDV 200751-E

- voltage: 230 V / 50 Hz
- power: 750 W
- speed without load: 0–2,800 rpm
- chuck size: 13 mm
- keyless chuck
- possibility of drilling and impact drilling
- possibility to control speed
- side handle and depth stop

Hammer Drill FDV 201205-E

- voltage: 230 V / 50 Hz
- input power: 1,200 W
- chuck size: 13 mm
- 2-speed clutch: 0–1,100, 0–3,000 rpm
- metal-mounted coupling (long service life)
- drilling or hammer drilling
- speed control
- ergonomic side handle
- comfortable switch control

Rotary Hammer FDV 201502-E

- voltage: 220 V / 50 Hz
- input power: 1,500 W
- speed without load: 0–880 rpm
- blow force: 0–4,250 blows/min, 5.5 J
- max. drilling: concrete 32 mm, metal 13 mm, wood 40 mm
- speed without load: 0–850 rpm
- 3 pcs of drills and 2 chisels
- SDS-PLUS system
- weight: 4.9 kg

Demolition Hammer FDBK 201301-E

- voltage: 230 V / 50 Hz
- input power: 1,300 W
- SDS-Max
- blow force: 0–3,600 blows/min, 15 J
- 1 piece single-point chisel 18 × 320 mm
- 1 flat chisel 18 × 320 mm

Rotary Hammer FDV 210850-E

- voltage: 230 V / 50 Hz
- input power: 850 W
- idling speed: 0–1,300 rpm
- SDS-PLUS
- blow force: 0–5,300 blows/min, 2.9 J
- weight: 2.8 kg

Plunge Saw
FDPP 200705-E

- mains voltage: AC 230 V / 50 Hz
- input power: 705 W
- speed without load: 4,500 rpm
- blade diameter: 89 mm
- max. cutting depth: 28.5 mm
- practical scale (0–28 mm)
- package includes: 3× saw blade + accessories (Allen key, dust tube + edge guide)

practical kit
included
in the package

Angle Grinder
FDB 202201-E

- voltage: 230 V / 50 Hz
- input power: 2,200 W
- no-load motor speed: 6,000 rpm
- side handle adjustable to 3 positions
- wheel diameter: 230 mm
- copper motor winding

Angle Grinder
FDB 200901-E

- voltage: 230 V / 50 Hz
- input power: 900 W
- speed without load: 11,000 rpm
- wheel diameter: 125 mm
- side handle and wrench
- copper motor winding

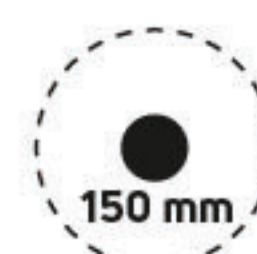

Angle Grinder
FDB 201201-E

practical kit
included
in the package

- voltage: 230 V / 50 Hz
- input power: 1,200 W
- no-load motor speed: 12,000 rpm
- side ergonomic handle adjustable to 3 positions
- wheel diameter: 125 mm
- copper motor winding
- 1 piece of grinding wheel included in the package

Angle Grinder
FDB 201401-E

- voltage: 230 V / 50 Hz
- input power: 1400 W
- speed without load: 4,000–8,600 rpm
- wheel diameter: 150 mm
- side handle and wrench
- copper motor winding

Jigsaw
FDP 200451-E

- voltage: 230 V / 50 Hz
- input power: 450 W
- max. cutting depth: 55–60 mm
- no-load motor speed: 0–3,000 rpm
- ergonomic handle
- copper motor winding
- package includes: 1 pcs of saw blade

Jigsaw
FDP 200712-E

- voltage: 230 V / 50 Hz
- input power: 710 W
- max. cutting depth: 80 mm
- no-load motor speed: 800–3,000 rpm
- ergonomic handle, copper motor winding
- package includes: rectangular cutting distance holder, 2 saw blades, box

Jigsaw
FDP 200805-E

practical kit
included in the package

- voltage: 230 V / 50 Hz
- input power: 800 W
- max. cutting depth: 80–100 mm
- no-load motor speed: 2,800 rpm
- ergonomic handle
- AC laser + LED light
- package includes: rectangular cutting distance holder, 2 saw blades, kit

Circular Saw FDK 200802-E

- voltage: 230 V / 50 Hz
- input power: 800 W
- no-load motor speed: 4,500 rpm
- ergonomic side handle
- wheel diameter: 140 mm
- copper motor winding

package includes: rectangular cutting distance holder, 1 pc of cutting blade

Circular Saw FDK 201202-E

- voltage: 230 V / 50 Hz
- input power: 1,200 W
- no-load motor speed: 0–5,000 rpm
- ergonomic side handle
- wheel diameter: 185 mm
- with ergonomic soft handle

package includes: rectangular cutting distance holder + 1 circular blade (185 mm)

Circular Saw FDK 201302-E

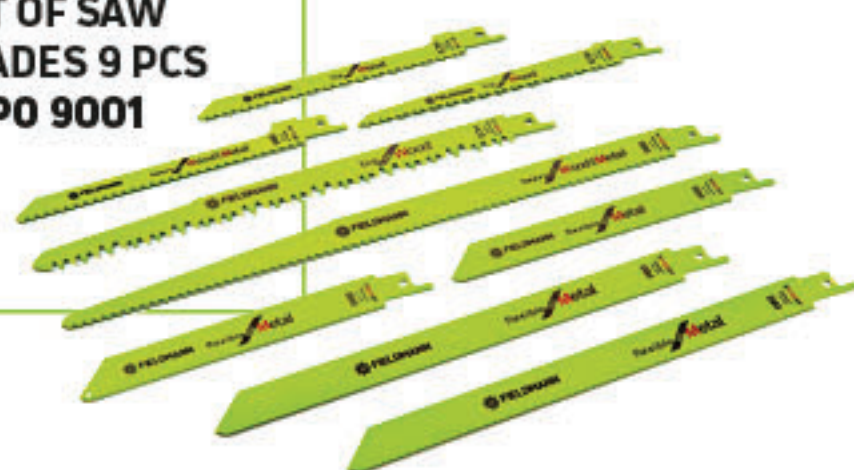

- voltage: 230 V / 50 Hz
- input power: 1,300 W
- no-load motor speed 4,500 rpm
- ergonomic side handle
- wheel diameter: 185 mm
- robust aluminium body
- AC laser for more precise cutting

package includes: rectangular cutting distance holder, 1 pc of cutting blade

BLADES 9 PCS
FDPO 9001

Sabre Saw FDPO 200711-E

- voltage: 230 V / 50 Hz, input power: 710 W
- max. cutting depth: 115 mm
- no-load motor speed 2,800 rpm
- ergonomic handle
- copper motor winding

package content: 2 pcs of saw blades (wood + metal)

90° swivel
handle

Sabre Saw FDPO 201050-E

- voltage: 230 V / 50 Hz, input power: 1050 W
- max. cutting depth: 115 mm
- no-load motor speed 1,000–3,000 rpm
- wood: cutting depth 115 mm
- iron: cutting depth 8 mm
- metal pipe: cutting depth 60 mm
- swivel handle

package content: 2 pcs of saw blades (wood + metal)

Sheet Sander FDB 2004-E

- voltage: 230 V / 50 Hz
- power: 150 W
- speed without load: 11,000 rpm
- sanding area: 198 × 90 mm
- copper motor winding
- ergonomic handle

Sheet Sander FDB 200131-E

- voltage: 230 V / 50 Hz
- power: 130 W
- speed without load: 13,000 rpm
- sanding area: 140 × 140 × 80mm
- copper motor winding

Sheet Sander FDB 200221-E

- voltage: 230 V / 50 Hz
- power: 200 W
- speed without load: 7,000–12,000 rpm
- power control (1–5)
- 3 exchangeable boards:
- 122 mm 
- 150 × 150 × 100 mm 
- 184 × 92 mm 

practical kit
included in the package

Electric Plane FDH 200801-E

- voltage: 230 V / 50 Hz
- input power: 800 W
- no-load motor speed: 0–17,000 rpm
- coverage width: 82 mm
- chip depth: 0–2 mm
- folding depth: 0–6 mm
- solid aluminium base

Orbital Sander FDEB 200451-E

- voltage: 220 V / 50 Hz
- input power: 450 W
- speed without load 6,000–13,000 rpm
- sanding surface size 125 mm
- copper motor winding

Belt Sander FDBP 200901-E

- voltage: 230 V / 50 Hz
- input power: 900 W
- grinding speed: 200–380 m³/min
- belt size: 76 × 533 mm
- copper motor winding

Multifunction Tools FDB 200352-E

- voltage: 230 V / 50 Hz
- input power: 350 W
- idling speed 10,000–22,000 rpm
- variable speed
- cutting, grinding, scraping, etc.
- package content:
- 15 pcs accessories, kit

Multifunction Tools FDB 200301-E

can be expanded by 40 pcs
of accessories FDB 9002
RRP CZK 990

- voltage: 230 V / 50 Hz
- input power: 300 W
- idling speed 10,000–18,500 rpm
- variable speed
- cutting, grinding, scraping, etc.
- package content:
- 11 pcs accessories, kit

Model Grinder FDMB 200160-E/61-E

40 pcs

- voltage 230 V / 50 Hz / power: 170 W
- idling speed: 10,000–36,000 rpm
- chuck size: 1.6–3.2 mm
- 40 pcs of accessories included

Model Grinder FDMB 200171-E

210 pcs

- voltage: 220 V / 50 Hz
- input power: 170 W
- speed without load 10,000–35,000 rpm

- copper motor winding

Model Grinder FDMB 200172-E

440 pcs

- voltage: 230 V / 50 Hz, input power: 170 W
- speed without load 10,000–35,000/min
- chuck size: 1.6–3.2 mm
- 440 pcs of accessories
- plastic kit for transport
- copper motor winding

wet and dry
sanding

Bench Sander FDSB 200251-E

- voltage: 230 V / 50 Hz
- input power: 250 W
- no-load motor speed: 2,960 rpm
- 2 grinding discs: 150/200 mm
- stable solid construction

Heat Gun FDHP 202001-E

practical kit
included in the package

- voltage: 230 V / 50 Hz
- input power: 2000 W
- temperature adjustment: I. 50–450 °C, II. 60–600 °C,
- air circulation: I. 250 l/min, II. 500 l/min
- possibility of gradual temperature control
- ergonomic softened handle

package content:

- plastic kit
- 5 × attachment

5 pcs
accessories

Heat Gun FDHP 202000-E

- voltage: 230 V / 50 Hz
- input power: 2000 W
- temperature adjustment:
I. 350 °C, II. 600 °C
- air circulation:
I. 300 l/min, II. 500 l/min

package content:
5 × attachment

5 pcs
accessories

Spray Gun FDSP 200651-E

- voltage: 230 V / 50 Hz
- input power: 650 W
- spray power: 105 W
- tank volume: 800 ml
- flexible hose length: 1.3 m

Paint Roller FDMV 1501

- paint tank capacity: 0.54 l
- 3/8" driplless roller
- 1× protection shield

RECOMMENDED
ACCESSORIES
FDMV 9501

Welder
FDIS 20140-E

- voltage: 230 V / 50 Hz
- actual output current: 20–140 A
- electrode diameter: 1.6–3.2 mm
- state-of-the-art technologies: IGBT (smart protection), ARC FORCE, HOT START, Anti-Stick, input current: 28 A
- maximum output power: 6.1 kVA
- including earthing and welding cable

Welder
FDIS 20160-E

- voltage: 230 V / 50 Hz
- actual output current: 20–160 A
- electrode diameter: 1.6–4.0 mm
- state-of-the-art technologies: IGBT (smart protection), ARC FORCE, HOT START, Anti-Stick, input current: 33 A
- maximum output power: 7.2 kVA
- including earthing and welding cable

Melt Glue Gun FDTP 2102-E

11 mm

- voltage/frequency: 230 V / 50 Hz
- input power: 100 W
- melt glue stick diameter: 11 mm
- melting ability: 9–16 g
- preheating time: 3–5 min

Melt Glue Gun FDTP 2100-E

11 mm

- voltage/frequency: 230 V / 50 Hz
- input power: 100 W
- melt glue stick diameter: 11 mm
- melting ability: 9–16 g
- preheating time: 3–5 min

Melt Glue Gun FDTP 2020-E

7 mm

- voltage/frequency: 230 V / 50 Hz
- input power: 20 W
- melt glue stick diameter: 7 mm
- melting ability: 3–6 g
- preheating time: 3–5 min

Melt Glue Gun FDTP 2022-E

7 mm

- voltage/frequency: 230 V / 50 Hz
- input power: 20 W
- melt glue stick diameter: 7 mm
- melting ability: 3–6 g
- preheating time: 3–5 min

Cordless Melt Glue Gun FDTP 2204-A/2205-A

- Li-ion 4 V / 1,500 mAh
- melt glue stick diameter: 7 mm
- preheating time: only 90 seconds
- gluing capacity: 1.5 g/min
- gluing temperature: 170 °C
- charging time: 2–3 hours

Melt Glue Sticks FDTP 9100

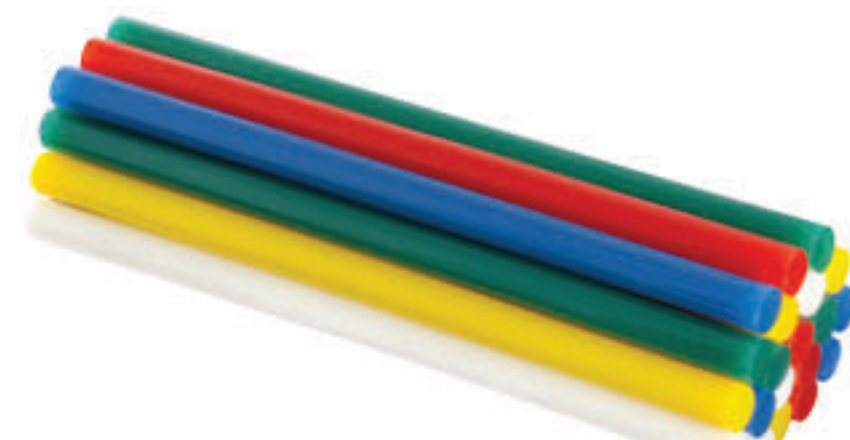

11 mm

- melt glue sticks transparent
- diameter: 11 mm
- for FDTP 2100-E / 2102-E

Melt Glue Sticks FDTP 9101

11 mm

- coloured melt glue sticks
- diameter: 11 mm
- for FDTP 2100-E / 2102-E

Melt Glue Sticks FDTP 9020

7 mm

- melt glue sticks transparent
- diameter: 7 mm
- for FDTP 2020-E / 2204-A

Melt Glue Sticks FDTP 9021

7 mm

- coloured melt glue sticks
- diameter: 7 mm
- for FDTP 2020-E / 2204-A

BUILDING TECHNOLOGY

Construction Generator FZI 2300-B

- container volume: 15 l
- max. power: 2,400 W
- guaranteed performance: 2,100 W
- connections: 2× 230 V
- operating time: 12.5 h

OPTION
TO PURCHASE
A BROOM
FDRM 901601

Electric Mixer FDRM 201601-E

- voltage: 230 V / 50 Hz
- input power: 1,600 W
- no-load motor speed
I: 0–660 rpm II: 0–900 rpm
- connecting thread: M 14
- broom dimensions: 140 × 590 mm

NEW

Construction Mixer FDSM 200120-E

- motor: electric 230 V / 50 Hz
- input power: 550 W
- weight: 48 kg
- drum volume: 120 l

CAMPING

Do you enjoy spending time on a boat, in a camp, or anywhere without access to the mains? Or do you want to be prepared in case a strong wind, snowstorm, or other natural event cuts off your power supply? Portable generators from **FIELDMANN** can keep your refrigerator, lights, medical devices, and other equipment running. They also serve as a power source on construction sites, powering tools and lighting.

For travel in caravans, camping, or on boats, petrol generators from **FIELDMANN** are recommended. Equipped with inverter technology, they provide high-quality and stable voltage. You can confidently connect sensitive devices like TVs or computers to them. Thanks to their compact shape, sturdy handle, and reasonable weight, these generators are easily portable. Additionally, the **FIELDMANN** frame construction generator is a robust machine suitable for construction sites and gardens without access to electricity. It can also serve as a backup power source for households.

Petrol Generator FZI 4010-Bi

- OHV motor 54 cm³
- maximum power 1,000 W
- permanent power 900 W
- inverter technology of el. output control
- outputs: 1x ~230 V / 50 Hz, 1x = 12 V, 1x USB
- tank volume 3 l
- operating time per tank up to 8.5 h
- weight: 15 kg

Petrol Generator FZI 4020-Bi

- OHV motor 80 cm³
- maximum power 1,800 W
- permanent power 1,600 W
- inverter technology of el. output control
- outputs: 1x ~230 V / 50 Hz, 1x = 12 V, 1x USB
- tank volume 4.5 l
- operating time per tank up to 6 h
- weight: 21 kg

Petrol Generator FZI 4018-Bi

- OHV motor 80 cm³
- maximum power 1,800 W
- permanent power 1,600 W
- inverter technology of el. output control
- outputs: 1x ~230 V / 50 Hz, 1x = 12 V, 1x USB
- tank volume 4.1 l
- operating time per tank up to 6 h
- weight: 21 kg

Multitool FDM 5025

CR-V
12 functions

- thin pliers
- classic jaws
- cutting pliers
- knife and awl
- can opener and bottle opener
- file • large flat screwdriver
- Phillips screwdriver
- small flat screwdriver
- toothed knife

Multitool FDM 6060

CR-V
15 functions

- thin pliers
- classic jaws
- cutting pliers
- scissors, knife, cardboard and ropes knife
- nail and clip puller, can opener, small saw, file, flat screwdriver, corkscrew, bottle opener
- Phillips screwdriver, ruler

MAIN ADVANTAGES OF INVERTED GENERATORS:

- » LOW WEIGHT
- » LOW CONSUMPTION
- » LOW NOISE
- » IDEAL FOR ELECTRONIC DEVICES (PC/TV)

MEASURING DEVICES

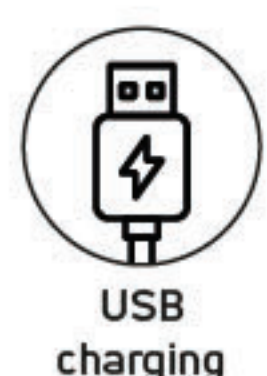

Laser Distance Meter 30 m
FDLM 1030

- measuring range: 0.2–30 m
- measurement accuracy: ± 0.2 mm
- class 2 laser type, 630–670 nm <1 mW
- units: m/ft
- battery type: alkaline AAA 2 pcs
- single measurement function
- multiple measurement function
- beep and backlight function

Laser Distance Meter 40 m
FDLM 1040

- measuring range: 0.2–40 m
- measurement accuracy: ± 0.2 mm
- class 2 laser type, 630–670 nm <1 mW
- units: m/ft
- battery type: Li-ion, USB cable charging, USB cable included in the package
- multiple measurement function
- beep and backlight function
- round surface measurement function

Laser Distance Meter with Tape Measure
FDLM 1045

NEW

- material: material: ABS + TPR + manganese steel with coating
- battery: 2x 1.5 V AAA battery
- laser measurement ranges: 40 m
- definition: ± 2 mm; measuring unit: m/in/ft
- laser type: 635 nm ≤ 1 mW
- working ranges of the meter: 0–5 m
- minimum scale: 1 mm
- tape width: 19 mm

Laser Distance Meter 50 m
FDLM 1050

water level

- laser range finder
- measuring range: 0.05–50 m
- measurement accuracy: ± 1.5 mm
- more units: m/ft
- single measurement, continuous measurement
- beep / backlight / water level

Tyre Gauge
FDAM 0101

- automatic calibration
- range up to 12 bar
- deviation 0.05 bar
- LCD display
- units: bar, kPa, psi, kg/cm²

Depth Gauge
FDAM 0201

- measurement of tire pattern, thread depth, drilled holes
- automatic calibration
- range up to 25 mm

UNIVERSAL VACUUM CLEANERS, **VACUUM CLEANERS FOR ASH,** AND DRY VACUUMING

A thorough cleaning deserves not only the apartment but also the workshop, garage, cellar, and the area around the house. Wet and dry vacuums reliably absorb a wide range of coarse and finer impurities, including mud, spilled liquids, and old leaves. High suction power allows **FELDMANN** universal vacuum cleaners to easily pick up larger dirt. Fine particles are captured by solid cotton or HEPA filters. If necessary, the filter can be rinsed and used again after drying. The collection containers for solid dirt and water have a capacity of up to 30 l.

In higher-end vacuum models, customers will appreciate the electrical socket that allows connecting another device directly to the vacuum. This is a great advantage when using another device simultaneously, such as a pressure washer or saw, and needing to vacuum right away. Once connected, the vacuum cleaner switches off with the connected device, eliminating the worry about two switches.

Vacuum Cleaners for Ash and Dry Vacuuming

Ash, ash, ash, and its tiny particles settle not only at the bottom of the fireplace or stove but everywhere around. Trying to get rid of ash with a broom just stirs it up. **FELDMANN** ash vacuum cleaners can capture even the finest particles, ensuring that you won't spread settled ash throughout the apartment. Simply put, it's easier to vacuum regularly around the fireplace than to clean the entire apartment. The ash vacuum easily removes ash up to a temperature of 40 °C and residues of unburned wood from the fireplace, stoves, or grill. It can also handle dirt from the workshop or garage. Vacuums with HEPA filters ensure that the air returning to the interior is perfectly cleaned, even from the smallest particles.

Wet and Dry Vacuum Cleaner

FDU 2120-E

- voltage/frequency: 220–240 V / 50/60 Hz
- input power: 1200 W
- solid cotton filter
- metal container: 20 l
- plastic hose: 1.5 m
- aluminium telescopic tube
- floor attachment
- tapered attachment
- optional accessory:
- spare cotton filter FDU 901001

Wet and Dry Vacuum Cleaner

FDU 2003-E

- voltage/frequency 230 V / 50 Hz
- input power: 1,400 W
- solid cotton filter
- metal container 30 l
- plastic hose 1.5 m
- 2× plastic extension tube 0.85 m
- floor attachment
- tapered attachment
- round small brush
- optional accessory:
- spare cotton filter: FDU 9004

Wet and Dry Vacuum Cleaner

FDU 2004-E

- voltage/frequency 230 V / 50 Hz
- input power: 1,400 W
- socket for add-on up to 2,000 W
- solid cotton filter
- metal container 30 l
- plastic hose 2.5 m
- aluminium extension tube 0.77 m
- floor nozzle (smooth vacuuming or with small brushes)
- floor nozzle (brush + squeegee)
- upholstery nozzle
- tapered nozzle
- round small brush
- optional accessory:
- spare cotton filter: FDU 9004

Wet and Dry Vacuum Cleaner

FDU 201432-E

- voltage/frequency 230 V / 50 Hz
- input power: 1,400 W, socket for add-on up to 2,000 W
- solid cotton filter,
- metal container 30 l
- adjustable reverberation intensity
- dust knock-off function
- hose lock, outlet
- plastic hose 2.5 m
- aluminium extension tube 0.77 m
- floor nozzle (smooth vacuuming or with small brushes)
- floor nozzle (brush + squeegee)
- upholstery nozzle
- tapered nozzle
- round small brush
- optional accessory:
- spare cotton filter: FDU 901432
- spare HEPA filter: FDU 911432

Vacuum Cleaner for Ash and Dry Vacuuming **FDU 2002-E**

- voltage/frequency 230 V / 50 Hz
- input power: 1,200 W
- ash suction up to 40 °C
- HEPA filter
- metal container 20 l
- metal hose 1 m
- aluminium tube 0.15 cm
- wheels
- power cord 4.3 m
- stated noise level 80 dB (A)
- the package includes HEPA filter FDU 9002
- plastic hose 1.5 m
- extension tube 0.85 cm
- floor nozzle
- tapered attachment
- rotating brush
- optional accessory:
spare HEPA filter FDU 9003

Vacuum Cleaner for Ash and Dry Vacuuming **FDU 200601-E**

- voltage/frequency 230 V / 50 Hz
- input power: 600 W
- ash suction up to 40 °C
- cotton filter
- metal container 11 l
- metal hose 1 m
- aluminium tube 0.15 m
- weight: 2.4 kg
- power cord 3 m
- stated noise level 80 dB (A)
- optional accessory:
spare HEPA filter FDU 900601

Vacuum Cleaner for Ash and Dry Vacuuming **FDU 200801-E**

- voltage/frequency 230 V / 50 Hz
- input power: 800 W
- ash suction up to 40 °C
- cotton filter
- metal container 15 l
- metal hose 1 m
- aluminium tube 0.15 m
- weight: 3.2 kg
- power cord 3 m
- stated noise level 80 dB (A)
- optional accessory:
spare cotton filter FDU 901001

Vacuum Cleaner for Ash and Dry Vacuuming **FDU 201001-E**

- voltage/frequency 230 V / 50 Hz
- input power: 1,000 W
- ash suction up to 40 °C
- cotton filter
- metal container 20 l
- metal hose 1 m
- aluminium tube 0.15 m
- weight: 4 kg
- power cord 3 m
- stated noise level 80 dB (A)
- optional accessory:
spare cotton filter FDU 901001

HAND TOOLS ACCESSORIES GARAGE

Basic hand tools such as screwdrivers, pliers or hammers are needed in almost every household. Larger equipment is useful in case you want to repair something at home yourself. You'll save on repair costs and boost your DIY confidence. In the workshop or garage, as well as in a typical household, it is practical to have sets of keys, including open-end and socket wrench sets, and sets of screwdrivers with bits. Purchasing tools in one set is advantageous: Individual pieces of wrenches or screwdrivers are arranged by size. This makes it easy to select the tool you need.

HAND TOOLS

The renowned brand **FIELDMANN** traditionally offers both universal and specialised sets of hand tools. The sets are assembled based on purpose or specific tools.

You can get a set for furniture assembly, as well as a set of hobby knives or even three tin snips. Sets can consist of three pieces of tools, or more than a hundred. The pink tool sets are designed especially for women, both in design and content. **FIELDMANN** are typically made of high-quality chrome vanadium steel (CrV), known for its strength.

Gola Tool Set

FDG 5005-85R

CR-V

85 pcs

- 3× pliers, 2× screwdriver: (-)(+) 6× 100 mm
- 1× handle for socket wrenches
- 8× open-end side wrench
- 3× tools: knife 18 mm, hammer, meter 5 m
- 2× ratchet handle with tilting head
- 3× attachment for 1/2"-1/4" socket wrench
- 1× three-way attachment, 2× – universal joint
- 2× 1/2" spark plug socket wrench
- 12× socket wrenches 1/4", 16 × – sizes 1/2"
- 1× connecting member, 1× – sliding rod 1/4"

OPTION TO PURCHASE
FDN 9301 STAPLES

- use for round/rectangular staples and nails
- meets TÜV/GS standards
- all-metal construction of the staple gun
- practical plastic kit with 1,500 staples included

CORDLESS STAPLE
GUN ALSO AVAILABLE,
SEE PAGE 108

Set of Screwdrivers FDS 5007-18R

- 4× flat-head screwdriver: 4.0× 75 mm, 6.5× 38 mm, 6.5× 100 mm, 8.0× 150 mm
- 4× Phillips screwdriver: PH1× 80 mm, PH2× 38 mm, PH2× 100 mm, PH3× 150 mm
- 10× small screwdriver with swivel for index finger
- wall mountable bracket

Set of Screwdrivers FDS 5008-18R

- 4× flat-head screwdriver
- 4× Phillips screwdriver
- 10× small screwdriver with swivel for index finger
- wall mountable bracket

Set of Screwdrivers FDS 5006-37R

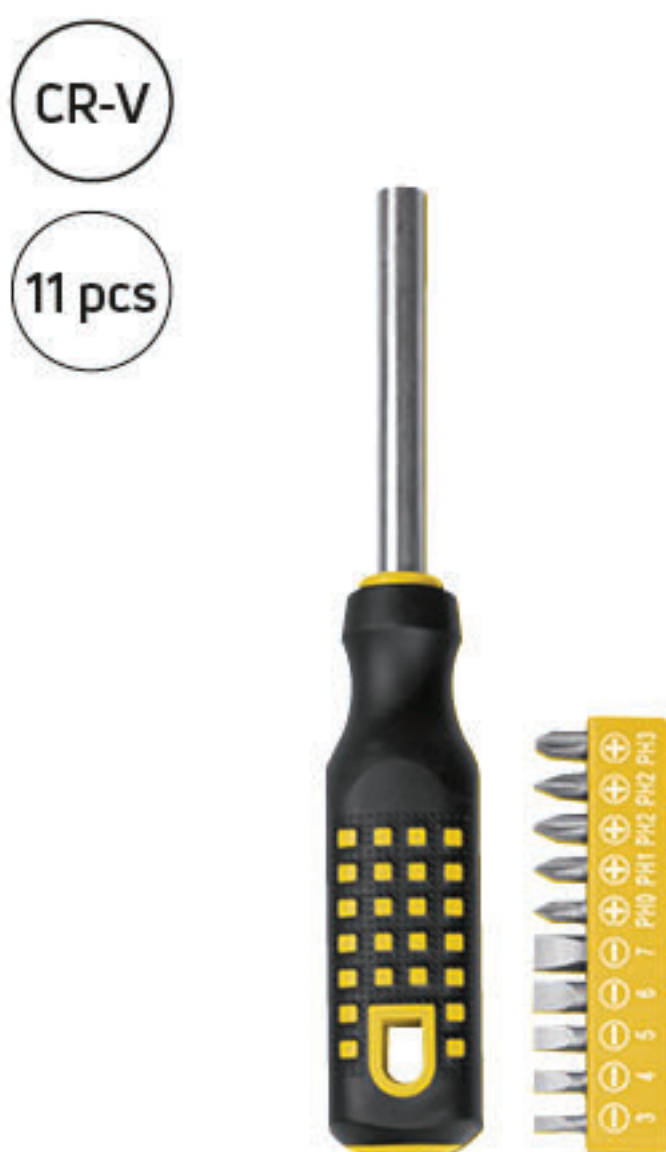

- 4× Phillips screwdriver
- 4× flat-head screwdriver
- 8× small screwdriver
- 1× screwdriver for bits + 20× bits

Set of Screwdrivers FDS 1102-6R

- flat screwdrivers: 3.0 × 75 mm, 4.0 × 100 mm, 5.0 × 150 mm
- Phillips screwdrivers: 4.0 × 100 mm, 5.0 × 125 mm, 6.0 × 150 mm
- wall bracket or wall-mounted panel

Screwdriver + Bits FDS 1007-11R

- 5 pcs of cross bits and 5 pcs of flat bits
- option to use bits with lengths of 25 mm, 50 mm
- compatibility with the bit set FDS 9002-67R

Screwdriver + Bits FDS 1010-58R

- screwdriver with ergonomic handle, ratchet and set of bits in CR-V quality
- flexible attachment
- 42 bits
- 14 pcs of bit socket heads

Set of Screwdrivers FDS 5009-116R

- 24 screwdrivers, 8 precision screwdrivers
- 60 bits, 16 Allen keys
- 6 socket heads, 2 extensions

CR-V
116 pcs

Tin Snips FDNP 3301

- 3 pcs of tin snips in a package
- possibility of cutting: left, right and straight
- ergonomically shaped handles

Set of Pliers FDN 1020

- combined pliers 150 mm
- diagonal pliers 150 mm
- cutting pliers 150 mm

Set of Bits FDS 9005-55R

CR-V

Set of Drills
FDV 9202

CR-V

27 pcs

- iron drills – 27 pcs, Premium Quality
- size: 2, 3, 4, 5, 6, 6.5, 7, 7.5, 8, 8.5, 9, 9.5, 10, 12 mm

Saw Blades, Wood
FDP 9001

10 pcs

- 2× T 118 A – wood 2–15 mm
- 2× T 144 D – wood 3–30 mm
- 2× T 101 B – wood 3–30 mm
- 2× T 101 A0 – wood 5–50 mm
- 2× T 101 BR – metal 1–3 mm
- compatible with saws, see p. 82

Set of 9 Saw Blades
FDP 9001

9 pcs

- 2 pcs of universal saw blades for wood/metal
- 3 pcs of saw blades designed for wood
- 4 pcs of saw blades designed for metal
- universal handle (1/2")
- compatible with saws, see p. 83

Saw Blades Mix
FDP 9002

10 pcs

- 2× T 118 A – metal 1–3 mm
- 2× T 101 B – wood 3–30 mm
- 2× T 111 C – wood 4–50 mm
- 2× T 127 D – metal 3–15 mm
- 2× T 119 B0 – wood 2–15 mm
- compatible with saws, see p. 82

Set of 3 Tool Boxes
FDN 4121-3R

NEW

- 15": 38 × 22 × 19 cm
- 18": 43 × 26 × 22.5 cm
- 21": 53 × 30.5 × 28 cm

Tool Box 16.5"
FDN 4116

- material: quality plastic
- dimensions: 415 × 210 × 190 mm
- compartment for bits, dowels and screws
- reinforced handle

Tool Box 18.5"
FDN 4118

- material: quality plastic
- dimensions: 480 × 250 × 230 mm
- compartment for bits, dowels and screws
- reinforced handle

Metal Tool Box
FDN 4150

- three-part tool box with built-in wheels and telescopic handle
- dimensions: 520 × 320 × 721 mm
- hardened plastic wheels
- weight: 13.1 kg

fieldmann.com

TELESCOPIC LADDERS & STEPLADDERS

To paint a room with a high ceiling and then hang curtains in equally tall windows, a simple chair or step stool usually won't suffice. In the garden, you may need to add a few metres to your height to harvest fruit from trees or clean gutters before winter. In such situations, stepladders or ladders are the only solution.

Concerned about not having enough space at home or in the workshop for them? You might be surprised how space-efficient modern ladders or stepladders are. They are telescopic, meaning you can easily adjust them to the height you need and fold them into a minimal size so that they don't take up so much space in the storage room or workshop. Additionally, they are easier to carry or transport, for example in the boot of a car.

Modern ladders and stepladders offer multiple functions simultaneously. For different heights or sloping terrain, the **FIELDMANN** brand offers a multifunctional ladder, which, thanks to the articulated mechanism, can be transformed not only into a ladder, but also into a scaffolding, capable of compensating for height differences, for example, between individual staircase steps. The special construction made of sturdy aluminum alloy ensures high stability even when fully deployed and allows for a high load capacity.

Multifunctional Ladder

FZZ 4107

- maximum ladder length 360 cm
- maximum stepladder length 174 cm
- maximum scaffolding height 98 cm
- distance between rungs 28 cm
- stabiliser length 61.5 cm
- maximum load 150 kg
- weight: 11 kg

Platform FZZ 9107
designated for multifunctional ladder FZZ 4107

everything for your home and garden

Telescopic Ladder FZZ 4004

- unique telescopic system
- dimensions when unfolded 260 x 47 x 9 cm
- dimensions when folded 75 x 47 x 9 cm
- distance between rungs 29 cm
- aluminium thickness 1.3–1.5 mm
- maximum load 150 kg
- maximum length 2.6 m
- number of rungs 9
- weight: 7 kg

Telescopic Ladder FZZ 4002

- unique telescopic system
- dimensions when unfolded 320 x 48 x 8 cm
- dimensions when folded 81 x 48 x 8 cm
- distance between rungs 29 cm
- aluminium thickness 1.3–1.5 mm
- maximum load 150 kg
- maximum length 3.2 m
- number of rungs 11
- weight: only 9.2 kg

Telescopic Ladder FZZ 4005

- unique telescopic system
- dimensions when folded 87 x 48 x 9 cm
- dimensions when unfolded 380 x 48 x 9 cm
- distance between rungs 29 cm
- aluminium thickness 1.3–1.5 mm
- maximum load 150 kg
- maximum length 3.8 m
- number of rungs 13
- weight: 11 kg

Telescopic Ladder/Stepladder FZZ 4003

- unique telescopic system
- dimensions when folded 87 x 67 x 15 cm
- distance between rungs 29 cm
- aluminium thickness 1.3–1.5 mm
- maximum load 150 kg
- maximum stepladder length 1.6 m
- maximum ladder length 3.2 m
- number of rungs 10
- weight: only 11.5 kg

Three-Piece Universal Ladder 3 x 7 **NEW** FZZ 4307

- number of rungs: 3 x 7
- length: 1.98–4.22 m (folded – unfolded)
- stabilising base: approx. 70 cm
- weight: 9.5 kg
- load capacity: 150 kg
- material: drawn aluminium

Three-Piece Universal Ladder 3 x 9 **NEW** FZZ 4309

- number of rungs: 3 x 9
- length: 2.54–5.90 m (folded – unfolded)
- stabilising base: approx. 80 cm
- weight: 12 kg
- load capacity: 150 kg
- material: drawn aluminium

Three-Piece Universal Ladder 3 x 11 **NEW** FZZ 4311

- number of rungs: 3 x 11
- length: 3.10–7.58 m (folded – unfolded)
- stabilising base: approx. 80 cm
- weight: 15 kg
- load capacity: 150 kg
- material: drawn aluminium

Telescopic Ladder/Stepladder FZZ 4006

- unique telescopic system
- dimensions when folded 90 x 49 x 18 cm
- distance between rungs 29 cm
- aluminium thickness 1.3–1.5 mm
- maximum load 150 kg
- maximum stepladder length 2.2 m
- maximum ladder length 4.4 m
- number of rungs: 14, weight: 15 kg

Metal Plates 2 pcs FZZ 9107

- metal plates for **FZZ 4107**
- load capacity 150 kg

Folding Platform FZZ 2001

- dimensions when unfolded 103 x 41 x 49 cm
- platform dimensions 76 x 30 cm
- length when folded 78 cm
- aluminium thickness 1.0 mm
- weight: 3.6 kg

Air Compressor FDAK 201522-E

24 l

- voltage: 230 V / 50 Hz
- input power: 1,500 W
- rated power – 2,800 rpm
- container volume 24 l
- max. pressure 8 bar
- approximate suction power 190 l/min
- weight: 26 kg

Air Compressor FDAK 201552-E

50 l

- voltage: 230 V / 50 Hz
- input power: 1,500 W
- rated power – 2,800 rpm
- container volume 50 l
- max. pressure 8 bar
- approximate suction power 190 l/min
- weight: 32 kg

CAR ACCESSORIES

Air Compressor FDAK 201101-E

- voltage: 230 V / 50 Hz
- input power: 1,100 W
- air compressor without oil and tank
- suction capacity: 180 l/min
- PVC tube length: 3 m
- 8 pcs of accessories

Air Compressor FDAK 12011

- plug to 12 V cigarette lighter
- pressure gauge in bar with an accuracy of 0.1 bar
- cylinder diameter 30 mm
- power cord 3 m
- hose with screw connector 1 m
- continuous operation up to 15 min
- inflation time of a normal tyre up to 2.4 bar: 3 min

Air Compressor FDAK 12012

NEW

- power: 120 W
- 12 V cigarette lighter plug
- pressure gauge in bar with 0.01 bar accuracy
- power cord 2.8 m
- 0.6 m hose with screw connector
- inflation time of a normal tyre up to 2.4 bar: 3 min

Compressed air can power a range of pneumatic tools, inflate tyres or precisely apply paint to furniture or bodywork. Blowing away dirt is an ideal option when you don't want or can't use a cleaning agent and cloth. A compressor is, therefore, a versatile helper in households, workshops, and garages.

FIELDMANN compressors with receiver are equipped with 24 and 50 litre tanks. These are sufficient for many tasks. The motor starts only when the air volume in the tank drops below a certain threshold. When inflating tyres, the adjustable pressure setting controlled by a pressure gauge is practical.

A portable air compressor helps not only in emergencies. Since it is powered from the car's cigarette lighter socket, you can use it literally anywhere and anytime. It can inflate standard tyres up to 2.4 bar in just 3 minutes. Moreover, it allows for convenient inflation of a pool, boat, or mattress directly by the water.

Accessory Set for Compressors FDAK 901503-E

- tire inflation gun with manometer
- adapter and needles for inflating toys
- spiral PU hose 5 m

Accessory Set for Compressors FDAK 901504-E

- tire inflation gun with pressure gauge
- blow gun
- adapters and needles for inflating toys
- spiral PU hose 5 m

everything for your home and garden

Sun and Frost Protection For Windscreen **FDAZ 6001**

- size 1,300 × 600 mm
- mainly for summer use
- blocks harmful UV rays
- decreases inside temperature

Sun and Frost Protection For Windscreen **FDAZ 6002**

- size 1,300 × 600 mm
- mainly for winter use
- blocks harmful UV rays
- reduces icing on the glass

Straps with Ratchet **FDAG 1103 / FDAG 1104**

NEW

- material: PES – polyester fibres
- LC = 250 daN
- ratchet, arrester hooks
- length: 2.5 × 500 cm

Car Battery Charger 6 V / 12 V **FDAN 12002**

- voltage: 230 V / 50 Hz
- DC output, 6 V / 12 V, 2 A / 4 A
- display-charged, polarity reversal,
- excess current, protection against overheating
- suitable for cars, motorcycles, electric cars, toy cars, boats, etc. with 6 V / 12 V (4–120 Ah) lead acid battery

Car Brush/Scraper **FZO 5014**

- with a scraper
- 2 in 1 brush and scraper
- abs plastic
- the total length is 52 cm
- bristle length 5 cm

Washing Set 6 pcs **FDAC 1001**

- window squeegee 1 pc
- fan squeegee
- 2 in 1 cleaning sponge (soft cotton / mesh structure)
- washing gloves 2 in 1 (microfibre / mesh structure)
- microfibre cloth

Car Organiser **FDAP 60301**

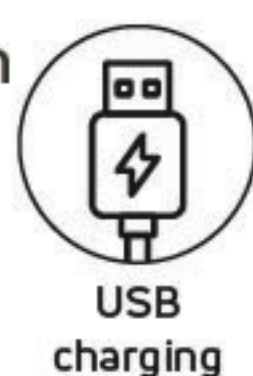

- folding car organiser
- number of storage compartments
- in the luggage compartment and for fastening on a free seat

Seat Organiser **FDAP 60401**

- universal
- easy installation
- point fixing
- improves the interior of the vehicle

Cordless Staple Gun
FDN 3025-A

- staple gun 4 V / 1,500 mAh
- integrated LED light for easier work
- suitable for attaching fabrics, foils, tarpaulins, plastic, leather and decorative materials
- USB adapter charging

Ratchet Wrench
with Fixed Head
FDN 1045

CR-V
7 pcs

- 7 pcs
- size 8, 10, 11, 12, 13, 14, 17
- new modern packaging (occupies less space in the workshop)

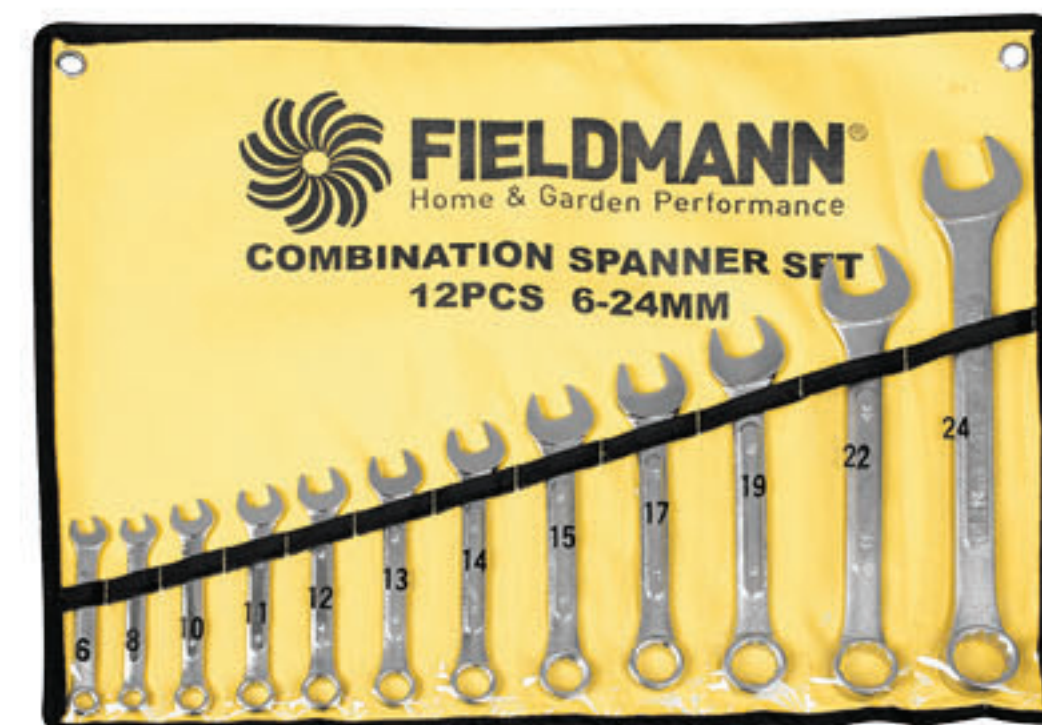

Rubber Straps 8 pcs
FDAG 1001

- material: rubber fibres
- 8 pcs
- length: 20–120 cm
- thickness: 8 mm

Spanner Set
FDN 1010

CR-V
12 pcs

- combination wrench with offset box-end
- sizes: 6, 8, 10, 11, 12, 13, 14, 15, 17, 19, 22, 24
- hanging tarpaulin with option of rolling up

Metal Rack
FDR 1800

- metal rack with 5 shelves
- dimensions: 90 × 40 × 180 cm
- frame: galvanised steel 0.7 mm thick
- shelf: MDF board with a thickness of 5 mm
- max. load of each shelf: 175 kg
- the shelf height can be adjusted according to the need
- easy and fast assembly – without the use of screws
- versatile use: in workshops, garages, warehouses and offices
- plastic corner guards
- weight: 16 kg

Metal Rack
FDR 1820

- metal rack with 5 shelves
- dimensions: 120 × 40 × 180 cm
- frame: galvanised steel 0.7 mm thick
- shelf: MDF board with a thickness of 5 mm
- max. load of each shelf: 175 kg
- the shelf height can be adjusted according to the need
- helps maximise the use of your space
- easy and fast assembly – without the use of screws
- versatile use: in workshops, garages, warehouses and offices
- plastic corner guards
- weight: 17 kg

Metal Rack
FDR 1840R

- corner rack with 5 shelves
- dimensions: 90 × 40 × 180 cm
- frame: galvanised steel 0.7 mm thick
- shelf: MDF board with a thickness of 5 mm
- max. load of each shelf: 175 kg
- the shelf height can be adjusted according to the need
- helps maximise the use of your space
- easy and fast assembly – without the use of screws
- versatile use: in workshops, garages, warehouses and offices
- plastic corner guards

Říčany u Prahy
251 01

The products in this catalogue may be subject to change without notice due to technical improvements, adjustments in colour specifications and stock availability in specific countries. The manufacturer takes no responsibility for printing errors.

We can also repair the machines we sell to you! In our network of 32 service centres, we provide warranty and post-warranty service, always using original spare parts. You can also take advantage of preventive inspections or post-season inspections.

More information about the nearest service centre can be found on the website.
