Popular and Sought-After: Brand **FIELDMANN**[®]

Whether you love tending to your garden or the surroundings of your home, or you head to the workshop or garage for relaxation, the **FIELDMANN** brand is truly a good choice for you. In the world of garden machinery and tools, **FIELDMANN** has been a guide and advisor since 2010. Discover with us the extensive portfolio of **FIELDMANN**. They are all united by an effort to understand the customer, emphasising functionality, quality, safety, ergonomics, and easy use or control, the use of current technologies but also an elegant design.

A great advantage of the brand is that the **FIELDMANN** products maintain their full quality for a very long time. This is achieved through the use of advanced materials and construction. At the same time, the creators and developers have been committed to product affordability from the beginning. Also, high-quality and readily available customer service are a given.

There are basic models and premium products to choose from in all categories, each with an excellent price/performance ratio. Rotary and string mowers, hedge trimmers, cordless drills, telescopic ladder, welder or sabre saw? You can find all of these with the **FIELDMANN** brand. The extensive offer also includes water pumping technology, wooden, metal and plastic garden furniture, grills and car accessories. A really wide range of cordless equipment is unique to this brand. The Cordless FAST POWER 20V programmes now include a comprehensive range of tools for the workshop and garden.

The good name of the **FIELDMANN** brand and the number of satisfied customers in the Czech Republic and abroad is evidenced by repeated product awards in consumer surveys.

Choose from our rich offer, and you will be satisfied!

60 min (4 Ah)
120 min (8 Ah)
- compatible with all items from the FAST POWER 20V series

20V FAST POWER CORDLESS PROGRAMME

Absolute freedom of movement in the workshop and garden! With the **CORDLESS FAST POWER** series, you don't have to search for the nearest socket or rush with a canister to the petrol station.

You don't even have to keep track of which tools are actually charged. One battery is enough. A single battery type gives power and endurance to thirty-three machines in the **CORDLESS FAST POWER** series. You

only need a second battery for alternating periods of extended use when the first battery runs out of power. Or to pair with larger machines where the power of two batteries is needed simultaneously. No cables get in the way. Operation is environmentally friendly, without noise or emissions. You can store the machines almost anywhere; maintenance-free motors with long lifespan have zero maintenance requirements. With **CORDLESS FAST POWER**, nothing will stop you.

**20V Li-Ion Battery 2 Ah
FDUZ 79020**

- patented battery cell technology for longer lifespan
- LED charge status indicator directly on the battery
- battery capacity: 2,000 mAh
- compatible with all items from the FAST POWER 20V series

**20V Li-Ion Battery 4 Ah
FDUZ 79040**

- patented battery cell technology for longer lifespan
- LED charge status indicator directly on the battery
- battery capacity: 4,000 mAh
- compatible with all items from the FAST POWER 20V series

**20V Li-Ion Battery 8 Ah
FDUZ 79080**

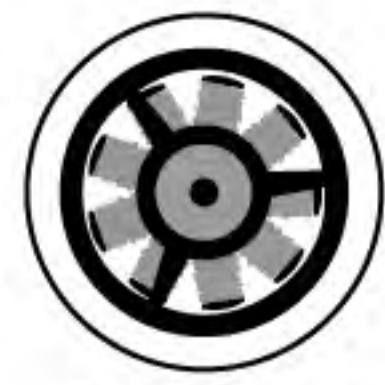

- patented battery cell technology for longer lifespan
- LED charge status indicator directly on the battery
- battery capacity: 8,000 mAh
- compatible with all items from the FAST POWER 20V series (unless specified in the device description)

- string diameter: 1.6 mm
- speed without load: 0-7,500 rpm
- telescopic handle + guide wheel
- adjustable trimmer head angle
- **without battery and charger**

2x 20V Cordless Brush Cutter
FZS 70705-0

- max. width of cut 38 cm
- string trimmer head: 33 cm
- string diameter: 2.0 mm
- 3-pointed metal disc: 23 cm
- handles with softened grip
- included in the package: string head, metal disc and strap
- **without battery and charger**

2x 20V Cordless Cultivator
FZK 70305-0

- cordless engine for longer lifespan
- sufficient working width 360 mm
- folding handle
- ergonomic handle
- **without battery and charger**
- **not compatible with 8 Ah**

cordless engine

2x 20V Cordless Scarifier
FZV 70905-0

cordless engine

- aeration and scarification
- coverage: 380 mm, grass bag volume: 50 l
- adjustable handle (3 positions)
- 5 working depth positions: (-12, -9, -6, -3, +6)
- **without battery and charger**
- **not compatible with 8 Ah**

20V Cordless High-Pressure Washer
FDW 70905-0

- power: 20V
- operating pressure: 20 bar
- water flow rate: 2.5 l/min. (150 l/hour)

self-priming hose

- pressure adjustment: yes (2 stages: low - high)
- the package includes a multi-function nozzle, self-priming hose and shampoo container
- **without battery and charger**

**20V Cordless Hedge Trimmers
FZN 70202-0**

- blade length: 450 mm
- cut diameter: 16 mm
- speed without load: 0-1,250 rpm
- electronic brake
- without battery and charger

**20V Cordless Hedge Trimmers
FZN 70205-0**

- blade length: 510 mm
- cut diameter: 16 mm
- speed without load: 0-1,300 rpm
- electronic brake
- without battery and charger

**2x 20V Cordless Hedge Trimmers
FZN 70225-0**

NEW

- length of cut: 610 mm
- diameter of the cut: 16 mm
- safety switch system
- guide bar protective cover for safe storage
- without battery and charger

**20V Cordless Mini Chain Saw
FZP 70105-0**

- automatic oil pump
- blade length: 125 mm
- chain speed: 8.5 m/s-11 m/s
- without battery and charger

**20V Cordless Mini Chain Saw
FZP 70101-0**

- blade length: 120 mm
- chain speed: 4.8 m/s
- without battery and charger

**20V Cordless Grass/Shrub Shears
FZN 70101-0**

- speed without load: 0-1,200 rpm
- 2x blades included (for grass and shrubs)
- 100 mm / 200 mm blade lengths
- without battery and charger

**20V Cordless Telescopic Hedge Trimmers
FZN 70405-0**

- blade length: 420 mm
- cutting diameter: 16 mm
- telescopic handle: ± 70 cm

- adjustable head
- without battery and charger

**20V Cordless Telescopic Branch Pruner
FZP 70505-0**

- chain speed: 5 m/s
- blade length: 200 mm

- blade and chain included
- telescopic handle: ± 70 cm
- without battery and charger

**20V Cordless Telescopic Pole Saw and Fence Shears / 2in1
FZNP 70605-0**

- set includes:
- 1x head pruner
 - 1x hedge trimmer head
 - 1x telescopic handle
 - without battery and charger

20V LITHION
FASTPOWER

2x 20V CORDLESS LAWN MOWERS

In densely populated garden areas or recreational zones, and anywhere exhaust emissions or noisy surroundings may be a nuisance, cordless lawn mowers are the optimal choice. They do not bother anyone and provide absolute comfort during operation. The absence of an electric cable complements their lightweight and exceptionally easy handling.

While lighter, smaller mowers can handle intricate gardens, with the taller models, you can confidently tackle remote corners of larger gardens. Their wider coverage ensures that the job is done effortlessly and the large grass bags won't fill up quickly.

When working with cordless lawn mowers from the **CORDLESS FAST POWER** series, you don't have to compromise on power. This is made possible by fully utilising the power of the two batteries in conjunction with the electronic control unit. The new option to choose from three battery capacity variants (2 Ah, 4 Ah, or 8 Ah) is highly sought after by customers. All mowers in the **CORDLESS FAST POWER** series are equipped with modern cordless motors. For better manoeuvrability, the mowers have sturdy wheels made of durable plastic.

ELECTRIC LAWN MOWERS

Those who do not plan to leave the area within reach of the mains when mowing and do not mind worrying about the power cable will appreciate the power and unlimited endurance of the electric lawn mower.

Among the advantages of electric lawn mowers are the favourable price, quiet operation, lower weight, and, above all, low maintenance requirements because, unlike a petrol lawn mower, it essentially doesn't need any servicing. The motor does not burn any fuel, making the operation environmentally friendly. Cushioned handles of **FIELDMANN** electric lawnmowers increase comfort during work, as does the central height adjustment, where a single lever controls all wheels simultaneously. The spacious grass bags are made of high-quality fabric, reducing dust permeability, which can withstand flying stones, or highly durable plastic with a fill indicator.

400 m²

NEW

Electric Lawn Mower FZR 2018-E

- motor input power: 1,000 W

PETROL LAWN MOWERS

FZR 5611-B

Petrol Lawn Mowers

GARDEN

Large lawns are almost the domain of rotary lawn mowers with petrol motors. They dare to tackle not only large areas but also denser and longer grass. Above all, they are independent of energy sources – if you have enough fuel, you can use them far from civilisation.

In intricate gardens, smaller petrol machines with plastic chassis and no drive are suitable. They are lighter, making them easier to handle in case of obstacles on the lawn, such as between flower beds. For larger areas where it would be necessary to push the machine uphill or over uneven terrain, mowers with a drive are optimal. Thanks to the drive, mowing the grass is effortless even

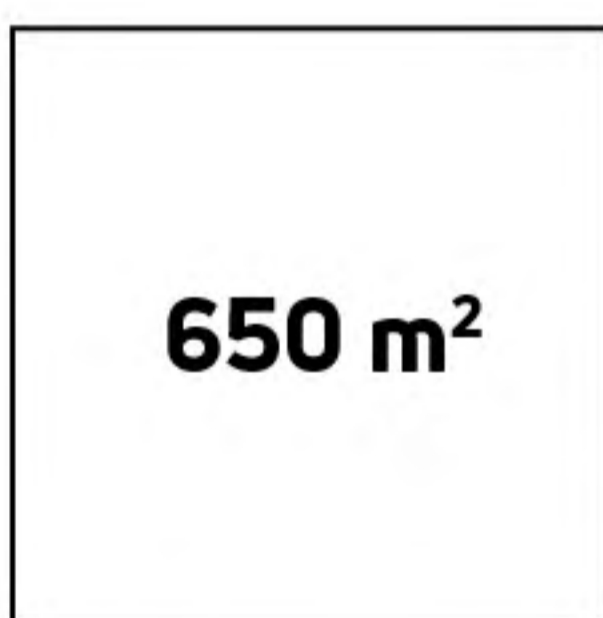

in challenging areas. Higher models of petrol mowers feature a variator, allowing for smoothly adjustable driving speed.

For user convenience, the mowers are equipped with a 4 in 1 system, which allows choosing how to deal with mowed grass: Whether it goes into a voluminous grass bag, will be used for mulching, or will be thrown to the side or back. Most offered **FIELDMANN** petrol mowers have central height adjustment. Cushioned handles reliably dampen vibrations. The machines have larger wheels, effectively overcoming terrain irregularities. Moreover, the wheels of most models are mounted on ball bearings, which prolongs their lifespan and improves wheel rotation.

Petrol Lawn Mower FZR 4003-79BH

- motor: OHV 79 cm³
- motor power: 1.3 kW
- plastic chassis
- mowing height adjustment – 3 positions (25, 40, 55 mm)

GARDEN RIDERS

Garden riders

GARDEN

FIELDMANN garden riders are a great choice for anyone who is looking for a skillful and compact machine, which is able to mow lawn comfortably and effortlessly. Thanks to their smaller dimensions they can easily maneuver in narrower spaces, between garden beds or trees and still maintain the performance of a full-blown tractor.

Robust construction, reliable motor and comfortable seat ensure stable driving even during longer work periods. Operation is intuitive and well-arranged which makes mowing fast and precise. **FIELDMANN** riders are ideal tools for regular maintenance of the grass, which combine strength, comfort and easy maneuverability in one compact machine. Thanks to a high quality processing they are easy to upkeep and have a long lifespan.

- hydrostatic transmission
- max. speed: 8.99 km/h
- 5 positions for mowing height adjustment: 30-90 mm
- collecting bin of: 240 l
- the option to purchase additional mulching set and towing equipment accessories

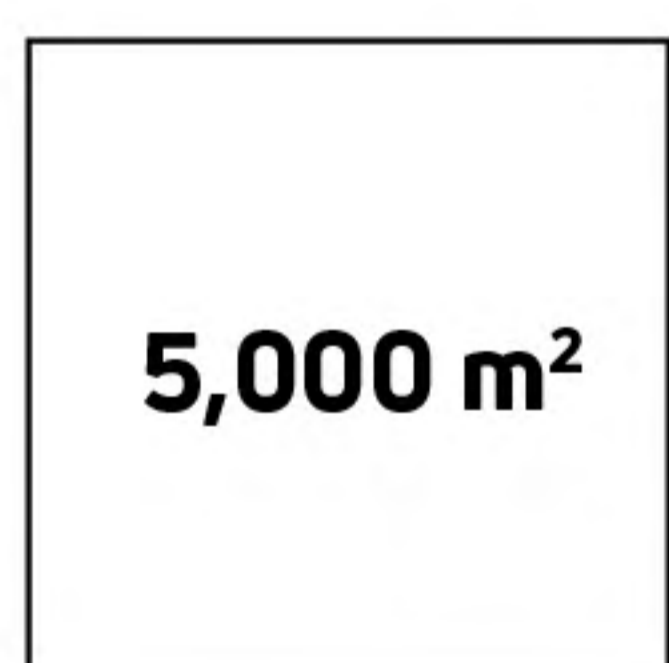

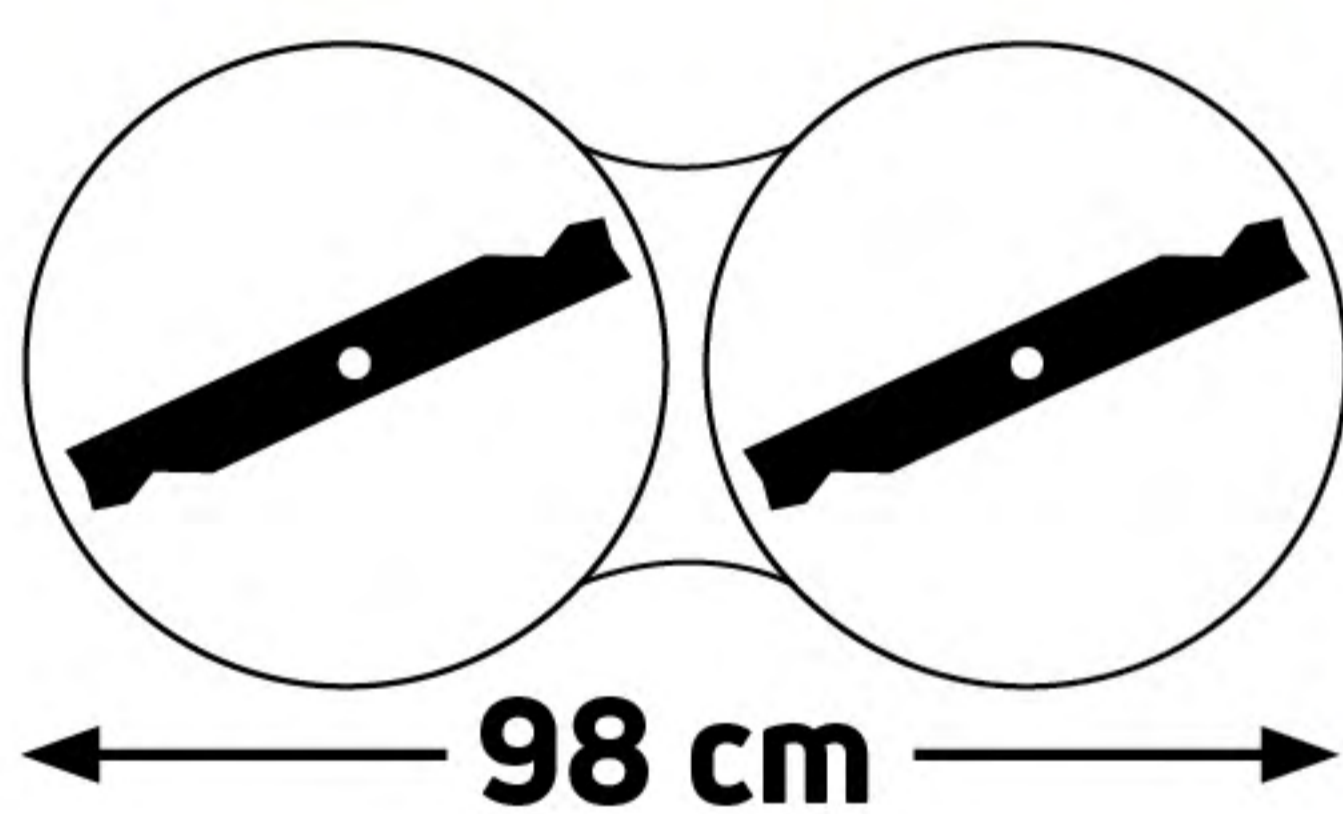

FIELDMANN Garden tractors are an ideal solution for those who want to comfortably, quickly and effortlessly maintain large grass areas. They stand out thanks to their performance, reliability and easy operation - they can handle large areas and thicker grass where a regular lawn mower would not suffice.

They can handle work on flat surface as well as in a slightly rugged terrain thanks to strong motors and robust constructions. Tractors are designed with an emphasis on comfortable operation: ergonomic seat, well-arranged controls and easily emptied bin or option to add accessories make each mowing an enjoyable job. **FIELDMANN** offers models for different types of estate – from middle-sized gardens to large grass areas where their strength, durability and precise processing can be fully demonstrated.

STRING LAWN MOWERS, TRIMMERS AND BRUSH CUTTERS

Electric String Trimmer FZS 2505-E

- electric motor input power: 550 W
 - semi-automatic string trimmer head
 - telescopic handle: 105–125 cm
 - weight: 2.3 kg
- optional accessory:
spare string 60 m / 1.4 mm

In places where a rotary mower is too bulky, a string trimmer gets its chance. After mowing the lawn with a rotary mower, there are still many places where the mower did not reach or where it could cause damage, such as on the edges of the lawn near a wall or kerb, or around flower beds, trees and shrubs, or on a steep slope. All of these are areas where a flexible string precisely trims the grass.

FIELDMANN string trimmers are light and quiet, ideal for smaller areas – perfect for finishing touches. The string is easy to unwind: Just tap the mower head on the ground. For comfort when working on larger surfaces, trimmers with support wheels are suitable. Models with a telescopic handle can be adjusted

to the user's height. The position of the upper handle can also be adjusted, and for selected types, the angle of the cutting head can be modified. Compared to a string trimmer, an electric trimmer can also handle thicker plants and denser growth. For clearing extensive weedy areas or bushes, as well as small saplings, it is advantageous to invest in a powerful petrol brush cutter. **FIELDMANN** machines are equipped with both a string head and a steel blade or a three-tooth blade. Two-stroke motors of **FIELDMANN** brush cutters are highly efficient yet lightweight. Double handles with ergonomic grips resembling bicycle handlebars ensure comfortable handling. The shoulder strap helps distribute the weight of the brush cutter over the whole body, not just in the hands, making it particularly helpful during longer work sessions.

Cordless String Trimmer FZS 1005-A

26 cm

included in the package

- Li-ion battery: 18 V / 1,500 mAh
- operating time: approx. 35 min.
- string: 1.4 mm
- semi-automatic string trimmer head
- telescopic handle 85–110 cm
- adjustable cutting head angle and spacer strip
- weight: only 2 kg

- textile grass catcher of 35 L reducing dust permeability
- wheels mounted on ball bearings
- folding handle for easy storage

optional accessory:

- optional accessories: cylinder with springs

2,000 m²

40 cm

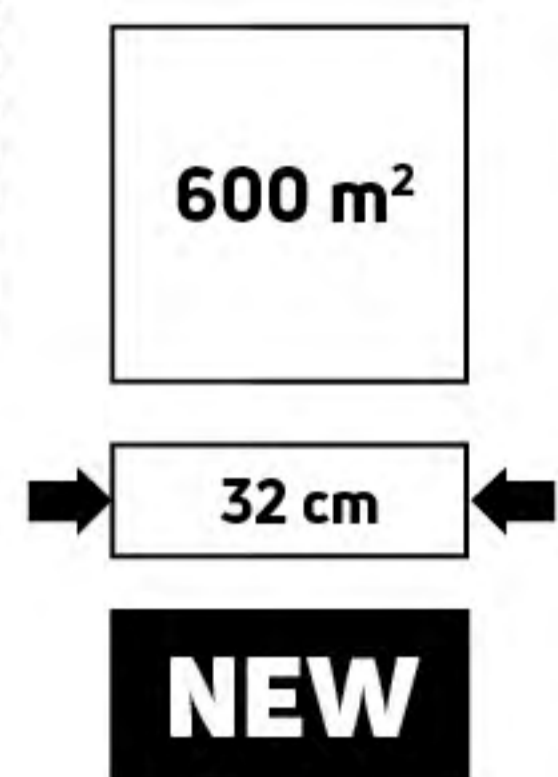

Residues from mowing, as well as dead grass and weed leaves that don't decompose quickly, create the basis for lawn thatch. A thin layer of thatch is beneficial for the lawn as it serves as protection. However, a thick layer can block essential elements like moisture, nutrients, and oxygen from reaching the roots. Therefore, scarification and aeration become necessary as the thatch layer thickens and the lawn becomes denser.

Aerators don't penetrate the soil but use steel springs on a roller to comb through the lawn, removing the top layer of old thatch and moss. On the other hand, scarifiers are equipped with a shaft and vertically placed scarifying blades. These penetrate the soil to

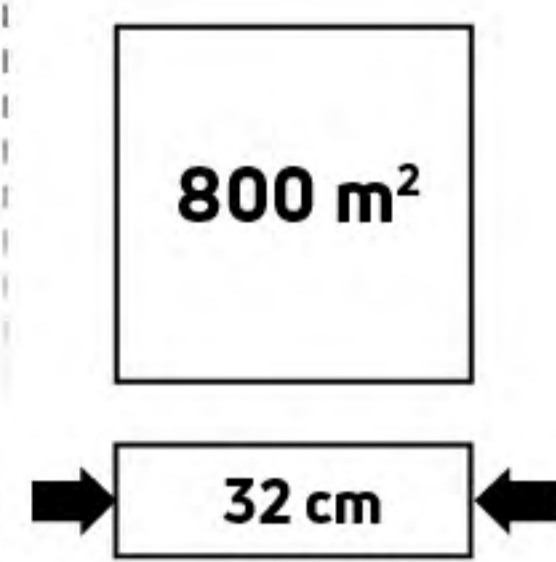

a depth of a few millimetres (2–3 mm), separating the horizontal grass blades, loosening the surface and creating narrow grooves in the lawn to facilitate the penetration of air, nutrients and moisture to the roots. This promotes root growth, rejuvenation and thickening of the lawn. Universal combination machines from **FIELDMANN** feature both an aerating roller with steel springs and a roller with scarifying blades. The depth of cut is adjusted centrally using a lever.

When scarifying larger lawns, you will appreciate the bulky grass bag where the thatch is collected. **FIELDMANN** scarifiers are equipped with bins ranging from 40 litres for smaller models to 48 or 50 litres for larger ones. While a larger basket is heavier, it doesn't need to be emptied as often. The job is then done faster.

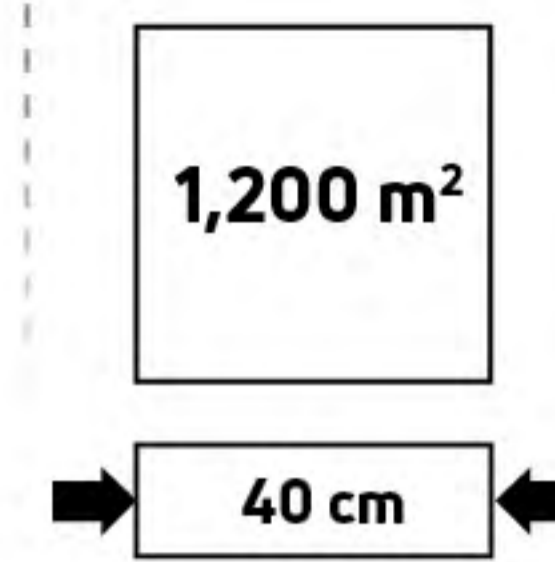

Electric Scarifier FZV 2104-E

Electric Scarifier FZV 2004-E

Electric Scarifier FZV 4010-20E

- electric motor input power: 1,300 W
- coverage width of scarifying: 32 cm
- two interchangeable cylinders are included
- adjustment of the working depth according to the wear of the blades or springs
- scarifying roller with 18 blades
- aeration cylinder with 40 springs
- height-adjustable handle
- bag with a capacity of 40 l

- electric motor input power: 1,500 W
- coverage width of scarifying: 32 cm
- two interchangeable cylinders are included
- adjustment of the working depth to 4 positions according to the wear of the knives or springs
- scarifying roller with 16 blades
- aeration cylinder with 20 springs
- bin with a capacity of 40 l

- electric motor input power: 2,000 W

- two interchangeable cylinders are included
- adjustment of the working depth according to the wear of the blades or springs
- scarifying roller with 20 blades
- aeration cylinder with 24 springs
- height-adjustable handle
- bin with a capacity of 55 l

ELECTRIC CHAIN SAW

The electric chain saw is suitable for occasional cutting in the garden around the house, but due to the lack of fuel fumes it is also suitable for the workshop. The power typically ranges from 1,600 to 2,500 W, which is generally sufficient for common use. Machines with power at the lower end of the range are suitable for tasks like cutting firewood, pruning bushes, and small DIY projects.

For preparing a larger quantity of firewood, it's better to choose a more powerful chain saw with a rating of around 2,400 W. Users appreciate electric chain saws for their unlimited power source, easy operation and maintenance. The advantage also

lies in their quieter operation, which is welcomed in gardens in dense urban areas or recreational areas. For those who don't plan to venture far from an electrical socket, this type of chain saw is ideal for hobby use.

The chains of **FIELDMANN** electric chain saws are lubricated by an automatic oil pump, which reduces friction and increases chain lifespan. No tools are necessary for tightening up or removing the chain and blade for cleaning. Integrated safety features, such as a chain brake for instant chain stopping and a sturdy chain catcher at the end of the chain, are standard. Higher-end models of electric chain saws come equipped with blades and chains from the American brand Oregon, a leading global manufacturer of chain saw chains and blades with a 70-year tradition in production.

PETROL CHAIN SAWS

The category of petrol chain saws is intended for those who use a chain saw more frequently, need more power, or require the flexibility of working without access to an electrical socket. Petrol saws can also handle larger amounts of wood and thicker branches or tree trunks. The construction of **FIELDMANN** petrol chain saws consists of high-quality, durable plastic and metal parts. They are well-balanced, which ensures comfortable control, easy handling, and reduces the risk of injury.

The handle is equipped with an anti-slip surface, enhancing the control of the chain saw. With an optimal 40 cm blade length and a weight of 5–6 kg, the chain saw provides the user with

good manoeuvrability during work. Starting the chain saw with a cold engine is facilitated by the C.D.I. ignition system, so even in winter, starting requires no excessive physical strength.

FIELDMANN machines come with integrated safety features, such as a safety chain brake for instant chain stopping, protecting against kickback, and a sturdy chain catcher at the end of the chain. Maintenance is also made easier. The high-quality **FIELDMANN** chain is lubricated by an automatic oil pump, reducing friction and increasing the chain's lifespan. The lubrication force can be conveniently adjusted with a screwdriver. In addition to the necessary tools for handling the blade and chain, a calibrated container for preparing the fuel mixture is included in the package.

FOR LOSS LUBRICATION, WE RECOMMEND **MOL OILS**

PETROL AND EL. CULTIVATORS

The success or failure of gardening is significantly influenced by the quality of the soil. For small flower beds under the window, a hoe might suffice for loosening the soil. However, for multiple beds and larger areas, a more robust helper is needed. **FIELDMANN** cultivators thoroughly loosen the soil using rotating steel blades, break up clumps, and incorporate fertiliser or compost into the soil.

The rotating blades penetrating the soil also bring weeds to the surface. A petrol cultivator is a powerful tool suitable for all types of cultivated soil. Its advantage lies in its wider working width and independence from electrical sockets. Electric cultivators are distinguished by their excellent manoeuvrability and low weight. Due to their small size and the absence of emissions during operation, they can efficiently manage soil even in a greenhouse. The working width of selected **FIELDMANN** cultivators can be extended with additional two steel blades included in the package.

- cut length – 660 mm
- adjustable shear angle
- 3 horizontal handle positions
- cutting diameter – 24 mm
- safety switch system
- guide bar protective cover for safe storage
- weight: 3.5 kg

ELECTRIC AND PETROL HEDGE TRIMMERS

If our goal is a thick, green, and nicely shaped hedge, we have no choice but to trim it at least once a year. Precise trimming, even for tall and long hedges, can be achieved with the help of special hedge trimmers. Hedge trimmers significantly save physical effort and allow for longer work without a break.

Light weight, excellent manoeuvrability and quiet operation are the main advan-

tages of electric hedge trimmers from **FIELDMANN**. With these hedge trimmers, even women or seniors can work without much effort. Although electric shears can handle older, woody hedges and thicker branches, they are generally more suitable for occasional trimming of softer wood branches. Petrol hedge trimmers are significantly more powerful than electric ones, allowing them to cut thicker branches and larger areas. They are also an ideal solution if we need to trim hedges or shrubs beyond the reach

of electricity. The possibility of adjusting the cutting angle also simplifies the trimming of vertical hedge surfaces or the shaping of shrubs in less accessible places. For a high or particularly difficult-to-reach hedge, it is worth getting a telescopic hedge trimmer, which you can find in this catalogue among tree pruners. **FIELDMANN** hedge trimmers are equipped with protective features such as a front shield against flying branches, safety switches, or a blade cover for easy storage.

GRASS SHEARS AND LOPPERS, TREE PRUNERS

To prevent our garden from becoming overgrown like in the story of Sleeping Beauty, it is necessary to regularly trim and prune plants, shrubs, and trees. Telescopic pole saws and grass and shrub shears are indispensable tools for managing lush vegetation. Telescopic pruning tools allow you to lighten tree branches or trim tall hedges from the safety of solid ground. The advantage of electric cordless grass and shrub shears is the “freedom of movement” provided by rechargeable batteries.

Telescopic pole saws and telescopic hedge shears essentially extend our reach when pruning branches, rejuvenating trees, or trimming tall hedges. Extendable handles allow us to stand firmly on the ground while working. Thanks to the adjustable angle of the cutting or shearing head, we can reach less accessible places. Comfort during use is enhanced by the cushioned handle cover and shoulder strap. Cordless grass and shrub shears are a 2 in 1 tool. We can quickly and effortlessly trim lawn edges and shape ornamental trees with them. A low battery is indicated by an LED indicator. Selected models also feature a swivel handle. For added comfort, you can choose one of the four working positions (90°, 0°, 90°, 180°) or additionally purchase a long handle with support wheels.

Cordless Lopping Shears FZN 4015-A

- 3.6 V / 1.5 h
- charging via USB-C
- max cut width: 10 mm
- weight: 0.6 kg

pp. 4-7
20V LITHIUM
FASTPOWER
 Also available cordless products

Telescopic Hedge Trimmers FZN 6005-E

- electric motor input power: 450 W
- length of the shear blade: 46 cm
- maximum cutting diameter: 16 mm
- possibility to adjust the cutting head angle – 8 positions
- telescopic handle adjustment ranging from 1.9–2.5 m
- weight: 3.7 kg

NEW

Telescopic Pole Saw FZP 6005-E

- electric motor input power: 600 W
- FIELDMANN blade and chain
- blade length: 25 cm
- possibility to adjust the cutting head angle – 3 positions
- telescopic handle adjustment in the range of 2.3–2.9 m
- weight: 3.5 kg

Cordless Grass Shears and Hedge Trimmers FZN 4000-A

- Li-ion battery 3.6 V / 1,500 mAh
- operating time: approx. 30 min.
- recharging time of approx. 4 hours.
- 2 cutting blades – easy exchange
- shrub trimmer blade – 100 mm
- grass shear blade – 70 mm
- safety switch
- battery charge status indicator
- weight: 0.6 kg

Cordless Grass Shears and Hedge Trimmers FZN 4101-A/4102-AT

- replaceable Li-Ion battery 3,6 V / 1,300 mAh
- swivel head with 4 positions
- grass shear blade – 80 mm
- shrub trimmer blade – 110 mm
- battery power indicator
- weight: 0.6 kg
- the **FZN 4102-AT** option also includes a telescopic handle (130 cm)
- weight 1 kg

LOPPING SHEARS, GARDEN TOOLS

Without the vibrant colours of flowers or perhaps herbs for the home kitchen, it's often challenging to imagine a balcony or terrace. Whether you're planning to plant in pots, a greenhouse or flower beds, you'll certainly appreciate the small gardening tools. Lightweight yet highly functional hand tools are available in complete sets from the **FIELDMANN** brand.

Precisely sharpened blades of double-blade shears allow for a perfectly precise trimming of plants and shrubs or a quick cut of fruit trees. Thicker branches, up to 50 mm in diameter, can be handled with lopping shears thanks to a lever mechanism and longer handles. Hand shears accompany us throughout the whole gardening season and among electric, battery-powered, or petrol-powered tools, they have their steady place.

Lopping Shears
FZNR 1006

- lopping shears
- double-bladed
- max. thickness of wet branch: 20 mm
- SK5 stainless steel blade

Lopping Shears
FZNR 1007

- lopping shears
- double-bladed
- max. thickness of wet branch: 20 mm
- 2 cutting pitch positions

Hand Saw
FZNR 1310

- blade length: 240 mm
- total length: 410 mm
- blade treated against corrosion
- weight: 380 g
- protective case
- possibility of attachment to the belt

Telescopic
Pruning Saw
FZNR 1350

- suitable for pruning branches in tree crowns
- high sharpness, hardened teeth
- telescopic pole with adjustable range, max. 5 m
- plastic blade cover also included

Telescopic Lever
Lopping Shears
FZNR 1014 **NEW**

- diameter of the cut: 40 mm
- net weight: 1500 g
- dimensions: length 67–85 cm, width: 22 cm
- exceptionally sharp blade
- rubberised handles

Telescopic Lever
Lopping Shears
FZNR 1023 **NEW**

- diameter of the cut: 45 mm
- net weight: 1570 g
- dimensions: length 69–87 cm, width: 25.5 cm
- exceptionally sharp blade
- rubberised handles

2 in 1 telescopic
lever shears
FZNR 1030 **NEW**

- dimensions: length 73.5–85 cm, width: 19.5 cm
- net weight: 1280 g
- exceptionally sharp blade
- rubberised handles

Garden Tools Set
FZNR 1105 **NEW**

- garden tools set
- set of 4 hand tools
- planting trowel, universal trowel, rake, weed puller
- high durability
- material: aluminium
- softened handle

Garden Tools Set
FZNR 1101

- set of 5 hand tools
- hoe, fork, garden claw, root puller and transplanting trowel
- plastic with strong polyamide fibres
- high heat resistance
- high strength

SHREDDERS AND CHIPPERS

Electric shredders and chippers from **FIELDMANN** can literally “kill two birds with one stone”. They process the branches of shrubs and trees so that they can be used further, for example as mulch to prevent weed growth. This cleverly solves the problem of where to put the waste after pruning trees or preparing firewood. Fresh branches are difficult to burn, and in some areas, local regulations don't even allow such disposal.

Drying them in a corner of the garden is also not ideal, and if you don't own a car with a trailer, transporting them to collection points can be technically challenging. Shredders and chippers will easily rid you of garden waste and save you money on buying mulch.

Shredders are equipped with a disc with two blades that crush the waste. This can be either composted or used as mulch around ornamental flowers and plants. In the chipper, which can handle thicker, dried, and harder branches, the material is crushed by a slowly rotating gear wheel. The resulting wood chips are larger, and after drying, they can be used as firewood.

Shredders and chippers

Electric Shredder
FZD 4015-E

- motor input power: 2,800 W
- soft start
- waste crushing up to a diameter of 4 cm
- practical holder for the tamper
- overload protection
- wheels for easy handling
- 45l bag for shredded waste included
- weight 8 kg

Electric Shredder
FZD 4022-E

NEW

- electric motor input power: 2,500 W
- blade crushing system – 2 blades
- waste crushing up to a diameter of 4 cm
- overload protection
- solid steel construction with wheels for easy relocation
- box with a capacity of 50 l with safety lock for easy handling of shredded material
- weight: 14.1 kg

Electric Wood Chipper
FZD 5015-E

- electric motor input power: 2,800 W
- crushing with a teeth roller
- box for crushing material with a volume of 60 l
- shredding of garden waste up to a diameter of 4.4 cm
- overload protection and reverse run
- robust steel construction with wheels for easy handling
- weight: 19.4 kg

GARDEN

Electric Garden Vacuum Cleaner FZF 4008-E

- electric motor input power: 3,000 W
- 3 functions – blowing, vacuuming, shredding
- air flow speed: 240 km/h
- suction power up to 9 m³/min.
- waste shredding ratio: 10:1
- collection bag volume: 45 l
- shoulder strap: included
- weight: 2.8 kg

Electric Garden Vacuum Cleaner FZF 4030-E

- garden vacuum cleaner with the possibility of continuous power control
- electric motor input power: 3,000 W
- soft start – smooth motor start
- 3 functions – blowing, vacuuming, shredding
- air velocity 100 to 270 km/h
- suction power: up to 13 m³/min.
- waste shredding ratio: 10:1
- collection bag volume: 45 l
- shoulder strap: included
- steel shredder
- weight: 3.5 kg

Electric Garden Vacuum Cleaner FZF 4050-E

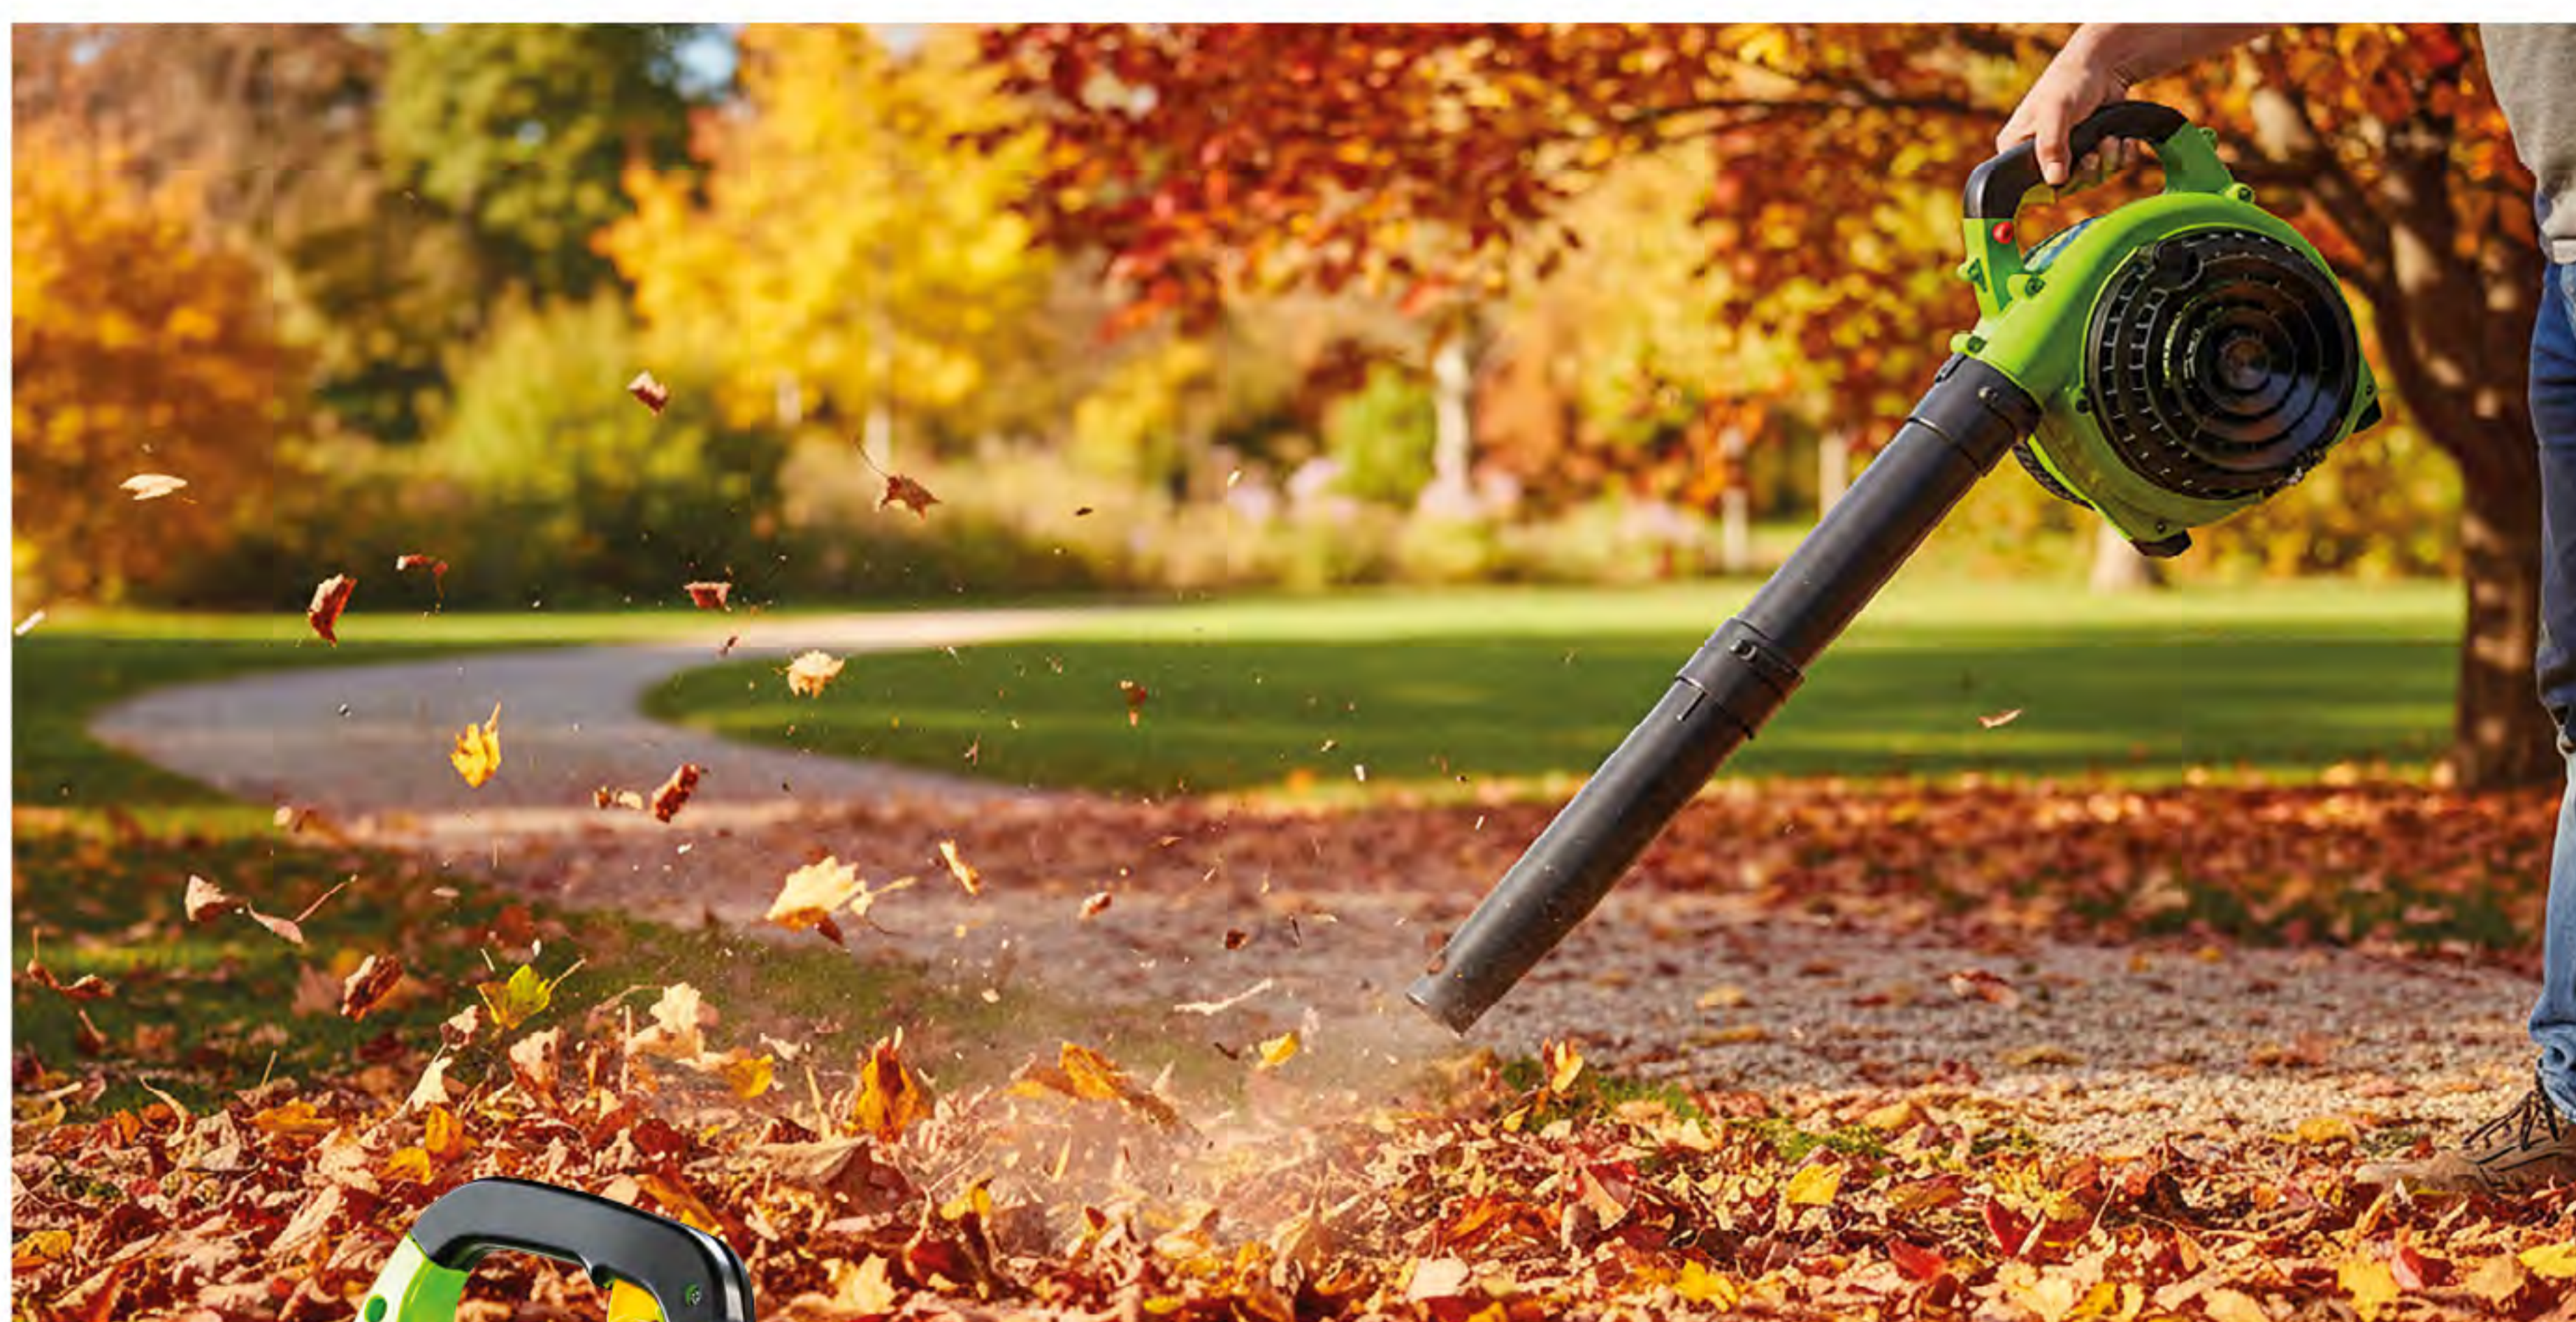

- continuous power regulation
- electric motor input power: 3,000 W
- soft start – smooth motor start
- 3 functions – blowing, vacuuming, shredding
- air flow speed: 100-300 km/h
- suction power: up to 16 m³/min.
- waste shredding ratio: 15:1
- collection bag volume: 45 l
- shoulder strap included
- retractable small rake and telescopic nozzle
- steel shredder
- easy access to the workspace
- weight: 3.7 kg

GARDEN VACUUM CLEANERS AND BLOWERS

If you have a larger garden with several medium to large trees, you might find yourself dealing with a pile of up to ten cubic metres of leaves in the fall. Raking such a heap would be a challenging sport. A garden vacuum cleaner can handle such a pile in a flash.

Simply empty the leaves from the collection bag onto the compost as soon as it fills up. Or blow them into one pile. In addition to the electric combined blower/vacuum cleaner, you can also find a cordless blower (CORDLESS FAST POWER series) or a petrol model that both blows and vacuums.

Petrol blower /vacuum cleaner FZF 6205-B

- 3 functions: blowing, vacuuming, shredding
- 2 stroke engine 0.8 kW / 25.4 cm³
- air speed: 150 km/h
- fuel tank: 0.57 l
- weight: 4.5 kg

ACCESSORIES
ON P. 48

LOG SPLITTERS

The work with wood does not usually end with cutting wood into logs. You need to further process the logs, chip them. Electric splitters are powerful tools that make this task more enjoyable and, importantly, significantly faster.

These splitters handle both dry and wet wood. For occasional cutting of smaller logs and softer woods, the horizontal splitter is ideal, while a vertical model is more suitable for demanding users and regular use. It easily chips thicker or longer logs.

Electric Log Splitter FZLS 1004H-E

- type of splitter: horizontal
- voltage: 230 V, classic socket
- power: 2,000 W
- max. cutting pressure: 4 t
- max. log length: 37 cm
- max. log diameter: 25 cm

Electric Log Splitter FZLS 1005H-E

- type of splitter: horizontal
- voltage: 230 V, classic socket
- power: 1,500 W
- max. cutting pressure: 5 t
- max. log length: 52 cm
- max. log diameter: 25 cm

Electric Log Splitter FZLS 1007V-E

- type of splitter: horizontal
- voltage: 230 V, classic socket
- power: 3,000 W
- max. cutting pressure: 7 t
- max. log length: 55 cm
- max. log diameter: 30 cm

RECOMMENDED ACCESSORIES: HYDRO HM 22 OIL

Electric Log Splitter FZLS 1008V-E

- type of splitter: horizontal
- voltage: 230 V, classic socket
- power: 3,000 W
- max. cutting pressure: 8 t
- max. log length: 55 cm
- max. log diameter: 30 cm

Splitting Wedge 5 t FZLS 9005

- compatible only with FZLS 1004-E/1005-E
- the wedge allows to split the logs into 4 parts in one cycle

Splitting Wedge 8 t FZLS 9008

- compatible only with FZLS 1007V-E/FZLS 1008V-E
- the wedge allows to split the logs into 4 parts in one cycle

WATER PUMPS

Submersible pumps, water pumps

GARDEN

The more the sun shines, the more water the plants in the garden need. Since watering with tap water can be quite expensive, having your water source is like a gift from above. If you have a well or a reservoir, you can confidently use the water for garden irrigation or as utility water in your household.

FIELDMANN pumps and domestic waterworks supply water to hoses, irrigation systems and taps. They enable watering and irrigating of the garden with utility or even rainwater. They find applications in pumping clean water from tanks, pools, and barrels, as well as pumping muddy water from septic tanks, basements, flooded areas, and more. The specific equipment selection depends on the purpose.

Submersible Pump FVC 7005-EC

- power input 1,200 W
- float switch
- stainless steel body
- max. flow rate: 6,200 l/h
- max. displacement: 46 m
- max. immersion depth: 7 m
- length of the power cord: 10 m

Garden Waterworks FVC 8560-EC

- input power: 1,100 W
- max. flow rate: 7,000 l/h
- max. pressure: 3 bar
- max. suction depth: 8 m
- max. displacement: 48 m
- container volume: 24 l
- hose inlet/outlet connection: 1"

Suction hose FVC 9020

- length: 7 m
- inner diameter: 1 1/25 mm
- max. pressure: 6 bar
- medium temperature: 1-35 °C

NEW

**Clean Water Pump
FVC 2001- EC**

- float pump with an input power of 250 W
- maximum displacement: 6 m
- maximum suction depth: 5 m
- maximum transported water volume: 5,000 l/h
- maximum size of solid admixtures: 5 mm
- possibility to connect 1" or 2" hose

**Sludge Water Pump
FVC 2003- EK**

- universal pump with an input power of 400 W
- maximum displacement: 6 m
- maximum suction depth: 5 m
- maximum transported water volume: 7,500 l/h
- maximum size of solid admixtures: 35 mm
- possibility to connect 1" or 2" hose

**Sludge Water Pump
FVC 2004-EK**

- 3 in 1 function – low suction (without cover), clean water cover, sludge water cover
- input power: 400 W
- automatic float switch
- max. transported volume: 8,000 l/h
- max. delivery: 6 m
- max. submersible depth: 5 m
- max. size of solid impurities 1/5/35 mm

**Sludge Water Pump
FVC 4001-EK**

- powerful sludge pump with an input power of 750 W
- maximum displacement: 8 m
- maximum suction depth: 7 m
- maximum transported water volume: 12,000 l/h
- maximum size of solid admixtures: 35 mm
- possibility to connect 1" or 2" hose

**Sludge Water Pump
FVC 4002- EK**

- submersible sludge pump with a durable stainless steel body
- electric motor input power: 900 W
- maximum displacement: 9 m
- maximum immersion: 8 m
- maximum transported water volume: 14,500 l/h
- maximum size of solid admixtures: 25 mm
- possibility to connect 1" or 2" hose
- inner diameter: 12.5 mm
- outer diameter: 18 mm

**Drum Pump
FVC 3002- ED**

- input power: 250 W
- maximum flow rate: 2,000 l/h
- maximum immersion depth: 8 m
- maximum displacement: 9 m
- maximum size of solid admixtures: 3 mm
- length of the power cord: 10 m
- float switch

**Garden Pump
FVC 6010-B**

- engine type: 2-stroke single-cylinder 52 cm³
- motor power: 1.45 kW
- fuel mixture ratio (oil/fuel) 1:25
- max. delivery: 30 m
- max. pumping depth: 7 m
- max. flow rate: 20,000 l/h

**Pump with Integrated Float
FVC 5015-EK**

- electric motor input power: 750 W
- max. flow rate: 14,000 l/h
- max. immersion depth: 7 m
- max. delivery: 8 m
- max. pressure: 0.8 bar
- residual level in automatic operation 6 cm
- residual level in manual operation: 2 cm
- maximum size of solid admixtures: 16 mm
- possibility to connect 1" or 2" hose

**Garden Pump
FVC 8010/8020-EC**

- input power: 600/800 W
- maximum displacement: 35 / 40 m
- maximum pumping depth : 7/8 m
- maximum transferred water amount 2,800/3,200 l/h
- power cord length 1.2 m

Model	Input power	Maximum Flow Rate	Maximum Delivery	Maximum Immersion / Pumping Depth	Maximum medium temperature:	Maximum Size of Solid admixtures	Power Cord Length	Container Volume

HOSE REELS, IRRIGATION GUNS AND GARDEN HOSES

A hose reel with a garden hose is an essential part of a gardener's equipment. Thanks to the reel, you can easily and quickly unwind and wind up the hose. The garden will always look neat and tidy. By using a reel, you also extend the lifespan of the hose, preventing it from breaking or cracking.

FIELDMANN offers several hose reel options. The drum hose reels allow the hose to be easily wound up using a handle. An automatic garden hose reel can be attached to the wall of the house, workshop, or even the garage. That is, anywhere near a tap. The hose is hidden inside a box from which it is unwound and automatically wound back up after use. This year's catalogue also features an expanded range of watering timers.

Garden Reel
FZH 1160

- a hose (1/2") in the length of 60 m can be used
- easy installation
- light construction
- convenient carrying
- economical storage

Garden Reel
FZH 1146

- a hose (1/2") in the length of 45 m can be used
- easy installation
- light construction
- convenient carrying
- economical storage

Garden Reel
FZH 1021

- hose length: 20 m (outlet) + 2 m (inlet)
- hose diameter: 1/2"
- adapter: 1/2" and 3/4"
- operating pressure: 8 bar
- burst pressure: 24 bar
- operating temperature: from -5 to +45°C

Irrigation set 7 in 1
FZH 9201

- compatible with hose 1/2"
- easy flow rate control

Irrigation Shower
FZH 9203

- compatible with hose 1/2"
- easy flow rate control

Irrigation set 8 in 1
FZH 9204

- compatible with hose 1/2"
- easy flow rate control

**Irrigation Hose
FZH 9115**

- 1" – length 15 m
- suitable for FVC 2001, FVC 2003, FVC 4001, FVC 4002, FVC 5010

**Irrigation Hose
FZH 9120**

- 3/4" – length 20 m

**Irrigation Hose
FZH 9130**

- 1/2" – length 30 m

**Irrigation Hose
FZH 9150**

- 1/2" – length 50 m

**Quick Coupling 1/2"
FZH 9205**

- compatible with hose 1/2"

**Stop Coupling 1/2"
FZH 9206**

- compatible with hose 1/2"

**Quick Coupling 1/2" PREMIUM
FZH 9207**

- compatible with hose 1/2"

**Stop coupling 1/2" PREMIUM
FZH 9208**

- compatible with hose 1/2"

**Automatic Garden Reel
FZH 1221/1235**

- 1/2" / 3/4"
- length: 20m/30m
- operating temperature: from -5 °C to 65 °C
- operating pressure: 10 bar
- burst pressure: 30 bar

**Irrigation Timer
FZH 2020**

- irrigation time: 1 min – 4h
- operating pressure: 0.5 – 8 bar
- max. flow rate: 35 l/min.
- up to 3 individual plans for each day
- frequency of irrigation for each schedule: Mon to Sun or every 2/3/4/5/6 days, or 1per week

**Irrigation Timer
FZH 2025**

- 2-zone irrigation timer, irrigation time: 1 min – 4h
- operating pressure: 0.5 – 8 bar
- max. flow rate: 35 l/min.
- adjustable up to 3 individual schedule for each day for each zone
- frequency of irrigation for each schedule: Mon to Sun or every 2/3/4/5/6 days

High Pressure Washer FDW 201402-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1,400 W
- maximum pressure: 105 bar
- maximum flow rate: 396 l/h
- power cord: 5 m
- high-pressure hose length: 3 m
- spray gun with variable nozzle
- integrated shampoo container

High Pressure Washer FDW 201602-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1,600 W
- maximum pressure: 130 bar
- maximum flow rate: 420 l/h
- power cord: 5 m
- high-pressure hose length: 5 m
- spray gun with variable nozzle
- integrated shampoo container

High Pressure Washer FDW 202205-E

- voltage/frequency: 230 V / 50 Hz
- input power: 2,200 W
- max. pressure: 165 bar
- max. flow rate: 450 l/h
- power cord: 5 m
- high-pressure hose length: 5 m
- spray gun with variable nozzle
- turbo nozzle
- car brush
- surface cleaner
- integrated shampoo container

HIGH PRESSURE WASHERS

High pressure washers make many cleaning tasks in the garden, around the house, and in the garage easier. They can thoroughly clean a drained pool, stained paving, a dirty facade, a roof covered in moss, as well as garden furniture, a family car, a motorcycle, a bike, or a grill. The advantage of these devices lies in both the efficiency of cleaning and water savings due to the precise targeting of the water stream.

When choosing a high-pressure washer, the pressure it can generate is crucial, determining the quality of cleaning, and the flow rate the larger it is, the faster the cleaning. The versatility of the pressure washer is expanded by accessories such as special nozzles, tips, or brushes, which increase efficiency on specific surfaces and allow cleaning in hard-to-reach areas. The option to use a cleaning agent for degreasing is also practical.

High Pressure Washer FDW 201650-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1,650 W
- max. pressure: 135 bar
- max. flow rate: 420 l/h
- power cord: 5 m
- high-pressure hose length: 5 m

GARDEN HOUSES HOUSES/SHEDS

Our garden houses are the perfect combination of modern design and functionality. We offer three sizes from 2 m² to 9 m², so there is something for everyone. The houses are in an elegant anthracite colour that easily fits into any exterior and matches current trends.

They are designed to suit a variety of needs – they can be used as storage space for tools, a place to relax or a practical background. Thanks to their modern lines and quality construction, they not only look great, but also promise a long service life and minimal maintenance. Come and take a look and choose a house exactly to your liking and needs.

NEW

Metal Garden House 2 m² FZDO 1002

- area of the house: 2 m²
- 0.6 mm thick sheet
- durable galvanised construction
- including ventilation
- all folded in one carton
- d: 185 cm, w: 103 cm, h: 190 cm

NEW

Metal Garden House 7 m² FZDO 1007

- area of the house: 7 m²
- 0.6 mm thick sheet
- durable galvanised construction
- including ventilation
- all folded in one carton
- d: 238 cm, w: 301 cm, h: 214 cm

GARDEN

Work Gloves
FZO 5010

- palm part from fine goatskin
- finger part from fine goatskin
- upper part from elastic synthetic fabric
- velcro strap to attach to the wrist
- size 10" (XL)

Work Gloves
FZO 6010

- reinforced palm lining to dampen vibrations
- lower palm part made of synthetic leather
- upper part made of flexible and breathable synthetic fabric
- the securing strap on the wrist prevents slipping
- size 10" (XL)

Work Gloves
FZO 6011

- reinforced palm lining to dampen vibrations
- lower palm part made of synthetic leather
- upper part made of flexible and breathable synthetic fabric
- the securing strap on the wrist prevents slipping
- size 11" (XXL)

Work Gloves
FZO 7010

- lower part made of synthetic leather
- upper part made of elastic neoprene
- loop for easy donning
- anti-slip protection with Velcro tape size 10" (XL)

Work Gloves
FZO 7011

- lower part made of genuine leather
- upper part made of premium neoprene
- loop for easy donning
- size 10" (XL)

Women's Work Gloves
FZO 2110

- lower part made of synthetic leather
- upper part made of flexible SPANDEX material
- elastic material on the wrist against slipping
- size 8" (S)

NEW

Backpack sprayer
FZO 8076

- manual backpack sprayer
- volume: 16 l
- max. pressure 1 MPA

Aluminium Folding Trowel FPL 4002

- dimensions when unfolded: 82 cm
- dimensions when folded: 66 cm
- aluminium trowel with anodised surface with a size: 22 x 28 cm
- ergonomic handle for easier handling
- max. recommended weight: 15 kg
- security locks against spontaneous folding up
- weight: 0.6 kg

Steel Folding Trowel FPL 4001

- steel thickness: 1.5 mm
- steel handle
- dimensions when unfolded: 57 cm
- folded length 23.5 cm
- max. recommended weight: 23 kg
- weight: 0.99 kg
- shovel width: 15 cm
- package includes: portable bag

Engine oil MOL Dynamic Garden 2T

- oil designed to mix the fuel mixture for two-stroke motors
- keeps the engine clean and reduces engine wear
- prevents plug damage
- suitable for garden machinery
- package volume: 0.6 l

Engine oil MOL Dynamic Garden 4T

- designed for lubrication of four-stroke petrol motors, retains excellent properties even at low temperatures
- suitable for year-round use
- viscosity class: SAE 10W-30
- suitable for garden machinery
- package volume: 0.6 l

Loss lubrication oil MOL Dynamic Forest

- oil designed for lubrication of chain saw chains
- suitable for year-round use in petrol and electric saws
- reduces the friction temperature and reduces wear on the chain and blade
- integrated funnel for convenient pouring
- package volume: 0.6 l

Engine oil MOL Essence

- oil for lubrication of four-stroke petrol motors
- high thermo-oxidative stability
- viscosity class: SAE 15W-40
- suitable for garden machinery
- package volume: 1 l

optional accessory:

- armchair covers of different colours and patterns

Without furniture, every garden gathering is just a small picnic. When furnishing an outdoor space, focus primarily on comfort: **FIELDMANN** garden furniture offers all the comfort you need when sitting or lying down, but also when it comes to maintenance.

If you wish to enjoy meals outdoors, a spacious dining table with comfortable chairs is essential. Do you know how many people will be sitting at the table? Smaller dining sets typically accommodate four, while larger ones are designed for six or seven diners. The practical folding tables can be quickly enlarged in the event of a larger gathering. In addition to large sets of garden furniture, umbrellas, or loungers, **FIELDMANN** also caters to owners of small balconies, where space needs to be saved. **FIELDMANN** balcony sets are compact in size and easy to assemble. This allows for efficient use of balcony space when not in use.

Wooden Furniture

The popularity of wooden furniture is driven by a sustained interest in natural materials and the desire to create a pleasant, cosy environment. Wood is suitable for any garden, it is pleasant to the touch and to the eye. **FIELDMANN** wooden furniture is made of acacia wood, which comes from Asian tropical forests. Acacia wood is characterised by its ability to withstand the effects of weather, ageing and biological degradation. Thanks to its durability, strength and insect resistance, this wood is a great material for garden furniture.

Acacia furniture can be placed in the garden or on an uncovered terrace without any worries throughout the season.

Regular impregnation with a special oil will keep it beautiful for many years. **FIELDMANN** wooden furniture comes pre-treated with oil from; however, it is recommended to treat it at least 1x a year. Before oiling, it's advisable to clean the furniture thoroughly. Any algae, mould, or fungi can be removed with sandpaper. Apply the oil to dry, dust-free and dirt-free wood. Don't forget to store the furniture indoors, or cover it with a tarp during the winter.

Metal Furniture

Garden furniture made of metal is very popular. It fits perfectly into any garden thanks to its subtle design and unobtrusive colours. Metal furniture does not require any special care, yet it is robust, stable and extremely weather-resistant. Due to its generally light weight, it is easy to handle. It can withstand the entire season without the need for covering. Simply store it in a dry place for the winter.

Rattan Furniture

The surface appearance of rattan furniture resembles natural wickerwork but is much more durable. Plastic fibres are more flexible than natural fibres and are less likely to be damaged. At the same time, this type of furniture is similar in weight to plastic furniture due to its light metal frame. These features make it very popular. Synthetic rattan furniture is not affected by rain or strong sunlight, eliminating the need to store it away. To maintain it, simply use soapy water to remove any dirt and clean water for rinsing. This also applies to modern plastic furniture from **FIELDMANN** with a rattan-like appearance. It is extremely lightweight and retains its appearance and colour for a long time.

Garden Furniture Set **MOLLY II.**

- the set consists of 4 chairs and a table
- table 120 × 70 × 74 cm
- possibility of placing a sunshade in the prepared hole
- folding, ergonomically shaped armchairs with armrests 54 × 65 × 94 cm
- chair load capacity: 110 kg
- made of tropical acacia hard wood
- chair filling made of durable synthetic fabric
- possibility to buy a seat cushion
- designed for outdoor and indoor use
- treated with oil paint

RECOMMENDATION:

*If your dining chairs will be the primary seating for the entire outdoor area, consider equipping them with soft cushions, also available from **FIELDMANN**. The thickness of 5 cm ensures truly comfortable seating. Cushions are available for most types of chairs, armchairs, loungers and benches, in several beautiful colours.*

GRILLS

ELECTRIC, GAS, CHARCOAL GRILLS AND FIREPLACES

The best way to kick off the barbecue season is to invite friends or family for a feast. But before that, it's essential to check the condition of your grill. If you find that it's time to invest in a new grill, one of the current **FIELDMANN** grill models might find a new home with you.

Cooking food over charcoal brings not only a holiday atmosphere but also an unmistakable aroma and taste to your dishes. A simple charcoal grill won't strain your wallet and can travel with you to go fishing or camping. An electric grill serves

well in the garden or on the terrace, where a socket is nearby. It is also suitable for conservatories or other interiors, especially when unexpected temperature drops occur. **FIELDMANN** gas grills are equipped with multiple burners for so-called zone cooking, allowing you to prepare various dishes at different temperatures simultaneously. The cast iron grates efficiently absorb heat and then evenly distribute it. The operation is easy, thanks to temperature control, providing you with perfect control over the grill's temperature and performance.

Garden Charcoal Grill FZG 1009

- grill container size: ø 41.5 cm
- grilling area: ø 41 cm
- grilling area height: 58 cm
- grilling grate: 41 × 0.5 cm
- chrome grates

Table Charcoal Grill FZG 1000/FZG 1000G

- grill size: ø 35.5 cm
- grilling area: ø 34 cm
- grilling area height: 22 cm
- chrome grate

Table Charcoal Grill FZG 1102G

- grill container size: 36.5 cm
- grilling area: ø 34 cm
- grilling area height: 28 cm
- chrome grilling grids

Grill Cover FZG 9052

- dimensions: ø 80 × 75 cm
- waterproof material
- for models: FZG 1004, FZG 1013, FZG 1016, FZG 1017

Travel Charcoal Grill FZG 1003

- grill containers: ø 26 cm, grilling area height: 12.5 cm
- fireplace size: ø 25 cm
- thermal bag with dimensions: 29.5 × 18.5 cm for cooling drinks
- chrome grate

Garden Charcoal Grill FZG 1004

- grill container size: ø 57 × 20 cm
- grilling area size: ø 54.5 cm
- grilling area height: 68 cm
- chrome grate

Charcoal Grill FZG 1016

- grill container size: ø 57 cm
- grilling area height: 77 cm
- grilling area: ø 53 cm
- chrome grilling grate
- stainless steel legs, rubber wheels, thermometer

Garden charcoal grill FZG 1014

- grill container size: 126 × 62 × 90 cm
- grilling area: ø 54 cm
- grilling area height: 77 cm
- grilling grate, heating grate
- chrome grilling grates
- side panels
- thermometer

Charcoal Grill FZG 1017

- charcoal grill
- grill pot size: ø 57 cm
- grilling area: ø 50.5 cm
- grilling height: 3 adjustable options: 74, 75.5 or 77 cm
- grill grate: cast iron; chrome
- grill grate with an inner mini circle made of cast iron with a diameter of 29 cm
- thermometer
- cover with handle
- rubber wheels for better manoeuvring
- 2 detachable handles for handling grates
- practical holder for removing the lid when opened

Garden Charcoal Grill FZG 1007

- grill size: 76 × 42 cm
- fireplace size: 71 × 38 cm
- grilling area height: 78 cm
- cooking grate size: 72 × 42 × 0.4 cm
- heating grate size: 68 × 20 × 0.4 cm
- chrome grate
- thermometer

Garden Charcoal Grill FZG 1008/ 1108

- grill container size: 61 × 45.5 cm
- grilling area: 55.6 × 41.5 cm
- grilling area height: 78 cm
- 2× grilling grate: 27.8 × 41.5 × 0.5 cm
- heating grate: 53.5 × 24 cm
- chrome grilling grates
- thermometer

NEW

3 in 1 Grill FZG 1019

- 3 in 1 charcoal grill with smoker
- overall dimensions: 57 x 57 x 77 cm
- grilling height: 77 cm
- grilling area diameter: 57 cm
- heating grate: \varnothing 28 cm in the main part
- plancha board of stainless steel
- chrome grilling grate
- ash tray with vents for air circulation
- side handles for easier handling, can be used for resting grill tools
- wood or charcoal can be used
- space for storing wood/charcoal in the bottom part

Charcoal Grill with Smoker FZG 1018

- 2 in 1 charcoal grill with smoker
- overall dimensions: 138 x 58 x 118 cm
- grilling area height: 80 cm
- grilling area: 66 x 42 cm (main part)
- grilling area in the smoker: 36 x 31 cm
- heating grate: 67 x 20 cm – main part
- chrome-plated grill grates
- side ventilation holes allow air to flow freely
- adjustable firebox height for heat control
- heating grate: 67 x 20 cm
- castors for easy manoeuvring
- thermometer

Garden Fireplace FZG 1020

- Wood-burning fireplace: ø 54.5 cm
- grate height from the ground: 25 cm
- high-temperature resistant coating
- mesh cover to prevent embers from flying
- foldable legs for economical storage
- cover for handling and storage

Garden Fireplace FZG 1025

- fireplace size: ø 74 cm
- grate height from the ground: 40 cm
- chrome grate
- high-temperature resistant coating
- stable stand
- mesh cover to prevent embers from flying
- charcoal/briquette fireplace

Garden Fireplace FZG 1030 W/G

- fireplace size: ø 60 cm
- grate height from the ground: 25 cm
- chrome grate: ø 43 cm
- fireplace body made of MGO burnt stone
- mesh cover to prevent embers from flying
- charcoal/briquette fireplace

Folding grilling table **NEW**
FZG 2100

- dimensions:
74 × 51 × 82 cm (unfolded)
82 × 51 × 15 cm (folded)
- worktop area: 70 × 50 cm
- 2 pcs hooks for hanging tools
- 2× storage space shelves, foldable
- 4 pcs castor with a brake

Set of grilling tools 3 pcs
FZG 9555

- grilling fork with bamboo handle
- small grilling shovel with bamboo handle
- grilling tongs with bamboo handle
- length: 39 cm
- aluminium case, bamboo dekor imitation
- kit dimensions: 43 × 13 × 6.5 cm

Set of Grilling Tools
FZG 9014

- set of grilling tools – 3 pcs
- grilling fork, trowel, tongs
- length: 35 cm
- aluminium kit
- kit dimensions: 37 × 10 × 8 cm

Set of Grilling Tools
FZG 9016

- 5 pcs of grilling tools
- trowel, fork, knife, tongs, brush
- stainless steel

Set of Grilling Tools
FZG 9018

- 3 pcs of grilling tools
- fork, turner, pliers
- bamboo handles
- length: 38.5-39.5 cm
- stainless steel

Set of Grilling Tools
FZG 9017

- 3 pcs of grilling tools
- trowel, fork, tongs
- rubber handles, stainless steel
- length: 43.5-46 cm

Set of Grilling Tools
FZG 9015

- 4 pcs of grilling tools
- trowel, fork, tongs, brush
- plastic handles, stainless steel
- length: 40-42 cm

Charcoal Firelighter
FZG 9000 U

- dimensions: 19.5 × 30.5 cm
- heating grid
- safety side handle

Smoking Box
FZG 9025

- made of stainless steel

Grill Cleaning Brush
FZG 9013

- length: 30 cm
- oval steel brush

Grill Cleaning Brush
FZG 9003

- length: 36 cm
- 3 in 1
- scraper, steel brush, abrasive sponge

Grill Cleaning Brush
FZG 9012

- length: 21 cm
- wire bristles and scraper
- the handle fits well in the hand
- hanging loop

EQUIPMENT OF THE WORKSHOP

Cordless tools free you from worries about the length of extension cords and socket availability. You can work in hard-to-reach places or even outdoors. However, where there is convenient access to a socket, DIY enthusiasts often opt for electric models for higher performance, consistent power, and unlimited endurance. Choosing **FIELDMANN** tools ensures quality and functional products. They combine reliability, safety and easy operation. The power of the machines is complemented by sets of screwdrivers or wrenches.

CORDLESS TOOLS

Cordless Drill with Tools FDV 10205-51AR

- tool set with 12V drill, 51 pcs
- drill: 12 V/2x 1 300 mAh
- wood drill: 16-22 mm
- metal drill: 2-3-4-5-6-7 mm
- wall drill: 4-5-6-8 mm
- watchmaker screwdriver: 50 mm - (-)2.5mm, PH00
- screwdriver: (-) 5x100 mm
- screwdriver for spikes: 1/4" x 100 mm
- spikes: 25 mm - (-)4-6mm, PH1-2-3, PZ1-2, HEX 4-5 mm, adapter 1/4"
- spike holder: 60 mm
- head: 5-6-7-8-9-10-11-12-13 mm
- snap-off knife: 18 mm
- tester: 100-250 V
- pliers: 125 mm - combination, clipping
- adjustable wrench: 150 mm
- inbus: HEX 1,5-2-2,5-3-4-5-6-8 mm
- tape measure: 3m x 16mm

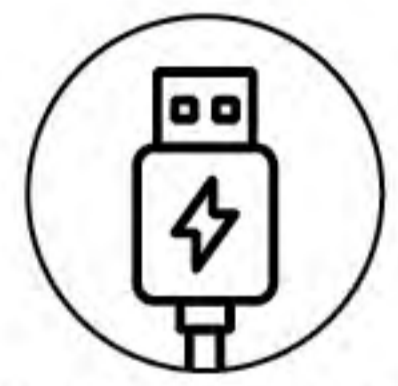

Thanks to modern Li-ion batteries and powerful motors, **FIELDMANN** cordless screwdrivers and drills have enough energy and power for screwing and even drilling.

Cordless Screwdriver FDS 10103-A/104-A

- 3.6 V / 800 mAh Li-ion battery
- idle speed: 280 rpm
- rotation direction switch
- charging time: 1 h
- LED lighting
- low weight: 0.16 kg

USB charging

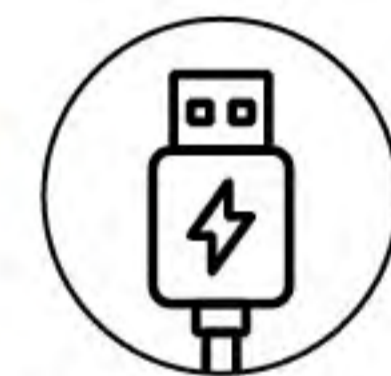

USB Type C

Cordless Model Grinder FDMB 200170-A

USB Type C

70 pcs

USB charging

Cordless Screwdriver FDS 10155-A

USB charging

90° swivel handle

USB Type C

- 3.6 V / 1 300 mAh Li-ion battery
- idle speed: 230 rpm
- torque: 3.5 Nm
- torque levels: 6 + 1
- LED light + flashlight
- 90° swivel handle
- package includes:
 - 8 pcs of 1/4" heads, 32 pcs of bits
 - 2 pcs of drills
 - 1 magnetic bit holder
 - 1 connecting shaft
 - 1 head adapter

Cordless Screwdriver FDS 10105-A

- charging current: 1300 mA
- maximum torque 6 nm
- bit size 1/4 inch
- battery type Li-ion
- power 1300 mAh

USB charging

USB Type C

- Li-ion 7,2 V / 1 300 mAh
- 5 speeds: 5000-2,500 rpm
- charging time: 60 min
- LED working light
- cushioned handle
- package includes: 70 pcs of accessories

Cordless Drill
FDV 10201-A/02-A

- Li-ion 12 V / 1 300 mAh
- 2 speeds: 0-400 / 0-1,350 rpm
- torque 25 Nm
- 17 torque levels + 1 drilling level
- 3-level LED battery charge indicator
- LED lighting
- charging time 3-5 hours
- quick-release chuck, max. drilling diameter 10 mm
- weight: 1.05 kg

Cordless Drill
FDV 10250-A/49-A

- Li-ion 12 V / 1 500 mAh
- 2 speeds: 0-350 / 0-1400 rpm
- torque: 20 + 1
- 10 mm quick-release chuck
- LED lighting
- weight: 1 kg

Cordless Drill
FDV 10252-A/53-A

- Li-ion 12 V / 1 300 mAh
- 2 speeds: 0-350 / 0-1350 rpm
- torque: 22 + 1
- 10 mm quick-release chuck
- LED lighting
- package includes:
 - 6 pcs of drills, 6 pcs of bits
 - 1 bit attachment
 - spare battery FREE OF CHARGE

Cordless Drill
FDV 10301-A

- Li-ion 14,4 V / 1 500 mAh
- 2 speeds: 0-400 / 0-1,400 rpm
- torque: 30 Nm
- torque: 18 + 1 + 1
- LED lighting
- maximum drilling diameter: 10 mm
- weight: 1.2 kg

Cordless Drill
FDV 10345-A

- Li-ion 14,4 V / 1 300 mAh
- idle speed: 0-400 / 0-1,500 rpm
- torque levels: 15 + 1 drilling level
- torque 30 Nm
- max. drilling diameter: 10 mm
- quick-release chuck
- LED lighting
- USB port – power bank function
- 3-level LED battery charge indicator
- weight: 1.3 kg

Cordless Drill
FDV 10350-A

- Li-ion cordless drill 14.4 V
- battery capacity: 2,000 mAh
- speed without load: 0-350 / 0-1,400 rpm
- LED working light
- quick charging time 1.5 hours
- variable speed switch with quick stop
- metal keyless chuck: 0.8-10 mm
- 13 pcs of accessories

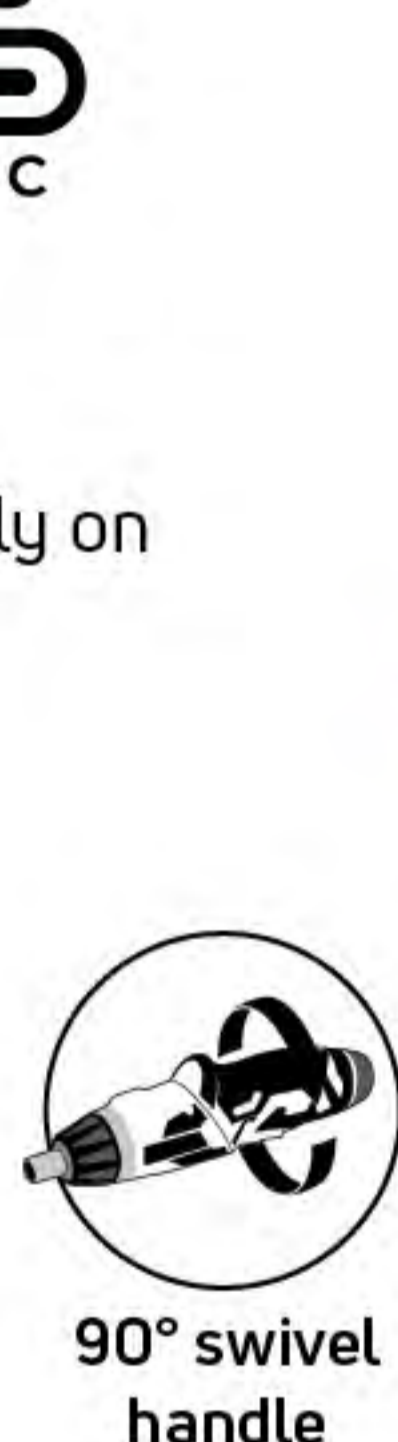

Cordless Drill
FDV 10352-55AR

- Li-Ion 14,4 V / 2 000 mAh
- 2 speeds: 0-400 / 0-1 400 rpm
- torque 35 Nm
- torque: 18 + 1 + 1
- hammer drill
- 13 mm keyless chuck with a brake
- LED lighting
- charging time 1-1.5 hours
- package includes:
 - 9 pcs of masonry drills
 - 30 pcs of 25 mm bits
 - 3 pcs of 75 mm bits
 - 1 bit attachment
 - 1 pcs of screwdrivers
 - 4 pcs of socket heads

Cordless Screwdriver **USB**
FDS 10102-A / **FDS 10112-A**
Type C

- 3.6 V / 1 300 mAh Li-ion battery
- head with 6 bits mounted individually on rotating arms
- swivel handle – 2 positions
- rotation direction switch (un/screwing), LED lighting
- charging time: 3-5 h
- LED battery charge indicator
- weight: 0.49 kg

Cordless Screwdriver
FDS 10101-A

Cordless Screwdriver
FDS 10100-A

- voltage: 3.6 V
- battery capacity: 1500 mAh
- idle speed: 230 rpm
- LED working light
- 15 pcs of accessories
- USB type-C charger cable
- ergo. handle

- 3.6 V / 1 300 mAh Li-ion battery
- swivel handle – 2 positions
- rotation direction switch
- torque levels
- LED lighting
- LED battery charge indicator
- charging time 3-5 hours
- weight 0.49 kg

ELECTRIC HAND TOOLS

Electric Hand Tools

WORKSHOP

Electric hand tools are indispensable in any home workshop. They are ideal assistants for tasks that require more power and are not finished right away. Electric tools can handle heavier and prolonged, uninterrupted work without running out of power or energy.

If you plan to work in places with good access to electrical sockets, **FIELDMANN** electric hand tools are an ideal choice. **FIELDMANN** electric tools cover the needs of hobbyists, whether it's crafting in the workshop, household repairs, or construction. They offer a wide range of electric tools such as drills, rotary hammers, grinders, saws, or multifunctional tools. Model grinders and melt guns also have a wide range of creative applications. **FIELDMANN** electric tools boast a great balance between price and performance, along with easy usability.

Hammer Drill FDV 200501-E

- voltage: 230 V / 50 Hz
- input power: 500 W
- quick-release chuck up to 13 mm
- speed without load: 0-3,000 rpm
- drilling or hammer drilling
- speed control
- ergonomic side handle
- comfortable switch control

Hammer Drill FDV 200502-E

NEW

- voltage: : 230 V/50 Hz
- input power: 500 W
- quick-release chuck up to 13 mm
- no-load motor speed 0-3000 rpm
- drilling or hammer drilling
- ergonomic side handle
- comfortable switch control

Hammer Drill FDV 200751-E

practical kit
included in the package

- voltage: 230 V / 50 Hz
- power: 750 W
- speed without load: 0-2,800 rpm
- chuck size: 13 mm
- keyless chuck
- possibility of drilling and impact drilling
- possibility to control speed
- side handle and depth stop

Hammer Drill
FDV 200711-E

- voltage: 230 V / 50 Hz
- power: 710 W
- speed without load: 0–2,800 rpm
- chuck size: 13 mm
- possibility of drilling and hammer drilling
- possibility to control speed
- side handle and depth stop

Hammer Drill
FDV 201205-E

- voltage: 230 V / 50 Hz
- input power: 1,200 W
- chuck size: 13 mm
- 2-speed clutch 0–1,100, 0–3,000 rpm
- metal-mounted coupling (long service life)
- drilling or hammer drilling
- speed control
- ergonomic side handle
- comfortable switch control

Rotary Hammer
FDV 201502-E

- voltage: 220V / 50 Hz
- input power: 1,500 W
- speed without load: 0–880 rpm
- blow force: 0–4,250 blows/min, 5.5 J
- max. drilling: concrete – 32 mm, metal – 13 mm, wood – 40 mm
- speed without load: 0–850 rpm.
- 3 pcs of drills and 2 chisels
- **SDS-PLUS**
- weight: 4.9 kg

Rotary Hammer
FDV 210850-E

- voltage: 230 V / 50 Hz
- input power: 850 W
- idling speed: 0–1,300 rpm
- **SDS-PLUS**
- blow force: 0–5,300 blows/min, 2.9 J
- weight: 2.8 kg

Demolition Hammer
FDBK 201301-E

- voltage: 230 V / 50 Hz
- input power: 1,300 W
- **SDS-Max**
- blow force: 0–3,600 blows/min, 15 J
- 1 piece single-point chisel 18 × 320 mm
- 1 flat chisel 18 × 320 mm

practical kit included in the package

practical kit included in the package

Bestseller
from our range!

SDS Drill / Rotary Hammer
FDV 211050-E

- voltage: 230 V / 50 Hz
- input power: 1,050 W
- speed without load: 0–1,050 rpm
- blow force: 0–5,200 blows/min, 2.8 J
- max. drilling: concrete – 26 mm, metal – 13 mm, wood – 42 mm
- speed without load: 0–850 rpm
- 3 pcs of drills and 2 chisels
- 1 chuck
- **SDS-PLUS**

**WE RECOMMEND
SET OF SAW
BLADES 9 PCS
FDPO 9001**

90° swivel handle

**Sabre Saw
FDPO 200711-E**

- voltage: 230 V / 50 Hz, input power: 710 W
 - max. cutting depth: 115 mm
 - no-load motor speed 2,800 rpm
 - ergonomic handle
 - copper motor winding
- package content:** 2 pcs of saw blades (wood + metal)

**Sabre Saw
FDPO 201050-E**

- voltage: 230 V / 50 Hz, input power: 1,050 W
 - max. cutting depth: 115 mm
 - no-load motor speed 1 000–3 000 rpm
 - wood: cutting depth 115 mm
 - iron: cutting depth 8 mm
 - metal pipe: cutting depth 60 mm
 - swivel handle
- package content:** 2 pcs of saw blades (wood + metal)

NEW

**Mitre Saw
FDPP 201450-E**

- voltage: 230 V 50 Hz
- input power: 1450 W s1
- speed without load: 0-5000 min.
- weight: 8.5 kg
- cut capacity:
- mitre: -45° - to +45°
- slope: 0° to 45° (to the left)
- turntable disc: ø 210 mm, hole ø 30 mm, 24 teeth
- maximum speed: 7,000 rpm
- material: wood

**Circular Saw
FDK 200802-E**

- voltage: 230 V / 50 Hz
 - input power: 800 W
 - no-load motor speed: 4,500 rpm
 - ergonomic side handle
 - wheel diameter: 140 mm
 - copper motor winding
- package includes:** rectangular cutting distance holder, 1 pcs of cutting disc

**Circular Saw
FDK 201202-E**

- voltage: 230 V / 50 Hz
 - input power: 1,200 W
 - no-load motor speed: 0–5,000 rpm
 - ergonomic side handle
 - wheel diameter: 185 mm
 - with ergonomic soft handle
- package includes:** rectangular cutting distance holder, 1 pcs of cutting disc (185 mm)

**Circular Saw
FDK 201302-E**

- voltage: 230 V / 50 Hz
 - input power: 1,300 W
 - no-load motor speed 4,500 rpm
 - ergonomic side handle
 - wheel diameter: 185 mm
 - robust aluminium body
 - AC laser for more precise cutting
- package includes:** rectangular cutting distance holder, 1 pcs of cutting disc

Plunge Saw
FDP 200705-E

practical kit included in the package

- mains voltage: AC 230 V / 50 Hz
- input power: 705 W
- speed without load: 4,500 rpm
- blade diameter: 89 mm
- max. cutting depth: 28.5 mm
- practical scale (0–28 mm)
- **package includes:** 3× saw disc + accessories (Allen key, dust tube + edge guide)

Angle Grinder
FDB 202201-E

- voltage: 230 V / 50 Hz
- input power: 2,200 W
- no-load motor speed: 6,000 rpm
- side handle adjustable to 3 positions
- **wheel diameter: 230 mm**
- copper motor winding

Angle Grinder
FDB 200901-E

- voltage: 230 V / 50 Hz
- input power: 900 W
- speed without load: 11,000 rpm
- **wheel diameter: 125 mm**
- side handle and wrench
- copper motor winding

Angle Grinder
FDB 201201-E

practical kit included in the package

- voltage: 230 V / 50 Hz
- input power: 1,200 W
- no-load motor speed: 12,000 rpm
- side ergonomic handle adjustable to 3 positions
- **wheel diameter: 125 mm**
- copper motor winding
- 1 pcs of grinding wheel included in the package

Angle Grinder
FDB 201401-E

- voltage: 230 V / 50 Hz
- input power: 1,400 W
- speed without load: 4,000–8,600 rpm
- **wheel diameter: 150 mm**
- side handle and wrench
- copper motor winding

Jigsaw
FDP 200451-E

- voltage: 230 V / 50 Hz
- input power: 450 W
- max. cutting depth: 55–60 mm
- no-load motor speed: 0–3,000 rpm
- ergonomic handle
- copper motor winding
- **package includes:** 1 pcs of saw blade

Jigsaw
FDP 200712-E

- voltage: 230 V / 50 Hz
- input power: 710 W
- max. cutting depth: 80 mm
- no-load motor speed: 800–3,000 rpm
- ergonomic handle, copper motor winding
- **package includes:** rectangular cutting distance holder, 2 saw blades, case

Jigsaw
FDP 200805-E

practical kit included in the package

- voltage: 230 V / 50 Hz
- input power: 800 W
- max. cutting depth: 80–100 mm
- no-load motor speed: 2,800 rpm
- ergonomic handle
- AC laser + LED light
- **package includes:** rectangular cutting distance holder, 2 saw blades, case

Electric Hand Tools

WORKSHOP

Multifunction Tools
FDB 200301-E

practical kit included in the package

can be expanded by 40 accessories
FDB 9002

- voltage: 230 V / 50 Hz
- input power: 300 W
- idling speed: 10,000–18,500 rpm
- variable speed
- cutting, grinding, scraping, etc.

package content:

- 11 pcs accessories, kit

Multifunction Tools
FDB 200352-E

practical kit included in the package

- voltage: 230 V / 50 Hz
- input power: 350 W
- idling speed: 10,000–22,000 rpm
- variable speed
- cutting, grinding, scraping, etc.

package content:

- 15 pcs accessories, kit

Model Grinder
FDMB 200171-E

210 pcs

- voltage: 220V / 50 Hz
- input power: 170 W
- speed without load: 10,000–35,000 rpm
- chuck size: 0.8-3.2 mm
- 210 pcs of accessories
- copper motor winding

Model Grinder
FDMB 200160-E/200161-E

40 pcs

- voltage 230 V / 50 Hz / power: 170 W
- idling speed: 10,000–36,000 rpm
- chuck size: 1.6-3.2 mm
- 40 pcs of accessories included

Model Grinder
FDMB 200172-E

440 pcs

- voltage: 230 V / 50 Hz, input power: 170 W
- speed without load: 10 000–35 000 rpm
- chuck size: 1.6-3.2 mm
- 440 pcs of accessories
- plastic kit for transport
- copper motor winding

Sheet Sander
FDB 2004-E

- voltage: 230 V / 50 Hz
- power: 150 W
- speed without load: 11,000 rpm
- sanding area: 198 x 90 mm
- copper motor winding
- ergonomic handle

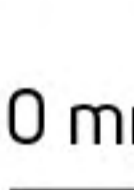

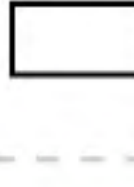

Sheet Sander
FDB 200131-E

- voltage: 230 V / 50 Hz
- power: 130 W
- speed without load: 13,000 rpm
- sanding area: 140 x 140 x 80 mm
- copper motor winding

Sheet Sander
FDB 200221-E

- voltage: 230 V / 50 Hz
- power: 200 W
- speed without load: 7,000–12,000 rpm
- power control (1–5)
- 3 exchangeable boards:
- 122 mm 
- 150 x 150 x 100 mm 
- 184 x 92 mm 

practical kit
included in the package

Electric Plane
FDH 200801-E

- voltage: 230 V / 50 Hz
- input power: 800 W
- no-load motor speed: 0–17,000 rpm
- coverage width: 82 mm
- chip depth: 0–2 mm
- folding depth: 0–6 mm
- solid aluminium base

Orbital Sander
FDEB 200451-E

- voltage: 220V / 50 Hz
- input power: 450 W
- speed without load: 6,000–13,000 rpm
- the size of the work area: 125 mm
- copper motor winding

Belt Sander
FDBP 200901-E

- voltage: 230 V / 50 Hz
- input power: 900 W
- grinding speed: 200–380 m³/min.
- belt size: 76 x 533 mm
- copper motor winding

Heat Gun
FDHP 202001-E

practical kit
included in the package

- voltage: 230 V / 50 Hz
- input power: 2,000 W
- temperature adjustment:
I. 50–450 °C, II. 60–600 °C,
- air circulation:
I. 250 l/min., II. 500 l/min.
- possibility of gradual temperature control
- ergonomic softened handle

package content:

- plastic kit
- 5 x attachment

Heat Gun
FDHP 202000-E

- voltage: 230 V / 50 Hz
- input power: 2,000 W
- temperature adjustment:
I. 350 °C, II. 600 °C
- air circulation:
I. 300 l/min., II. 500 l/min.

package content:
5 x attachment

Heat Gun
FDHP 202002-E

- voltage: 220V, 50 Hz
- power input 2,000 W
- temperature adjustment:
I: 50– 450 °C
II.: 60–600 °C
- air circulation:
I. 250 l/min.
II. 500 l/min.

Digital
display

Spray Gun
FDSP 200651-E

- voltage: 230 V / 50 Hz
- input power: 650 W
- spray power: 105 W
- tank volume: 800 ml
- flexible hose length: 1.3 m

Spray Gun
FDSP 200652-E

- voltage: 230 V / 50 Hz
- input power: 650 W
- tank volume: 800 ml
- flexible hose length: 1.5 m
- engine: copper
- max. viscosity: 35 din-s

wet and dry
sanding

Bench Sander
FDSB 200251-E

- voltage: 230 V / 50 Hz
- input power: 250 W
- no-load motor speed: 2,960 rpm
- 2 grinding discs: 150 / 200 mm
- stable solid construction

Melt Glue Gun
FDTP 2102-E

11 mm

- voltage/frequency: 230 V / 50 Hz
- input power: 100 W
- melt glue stick diameter: 11 mm
- melting ability: 9-16 g
- preheating time: 3-5 min

Melt Glue Gun
FDTP 2100-E

11 mm

- voltage/frequency: 230 V / 50 Hz
- input power: 100 W
- melt glue stick diameter: 11 mm
- melting ability: 9-16 g
- preheating time: 3-5 min

Melt Glue Gun
FDTP 2020-E

7 mm

- voltage/frequency: 230 V / 50 Hz
- input power: 20 W
- melt glue stick diameter: 7 mm
- melting ability: 3-6 g
- preheating time: 3-5 min

Melt Glue Gun
FDTP 2022-E

7 mm

- voltage/frequency: 230 V / 50 Hz
- input power: 20 W
- melt glue stick diameter: 7 mm
- melting ability: 3-6 g
- preheating time: 3-5 min

Electric Hand Tools

WORKSHOP

Cordless Melt Glue Gun
FDTP 2204-A/2205-A

- Li-ion 4 V/1 500 mAh
- melt glue stick diameter: 7 mm
- preheating time: only 90 seconds
- gluing capacity: 1.5 g/min.
- gluing temperature: 170 °C
- charging time: 2-3 hours

7 mm

USB charging

Melt Glue Sticks
FDTP 9100

11 mm

- melt glue sticks transparent
- diameter: 11 mm
- for FDTP 2100-E / 2102-E

Melt Glue Sticks
FDTP 9101

11 mm

- coloured melt glue sticks
- diameter: 11 mm
- for FDTP 2100-E / 2102-E

Melt Glue Sticks
FDTP 9020

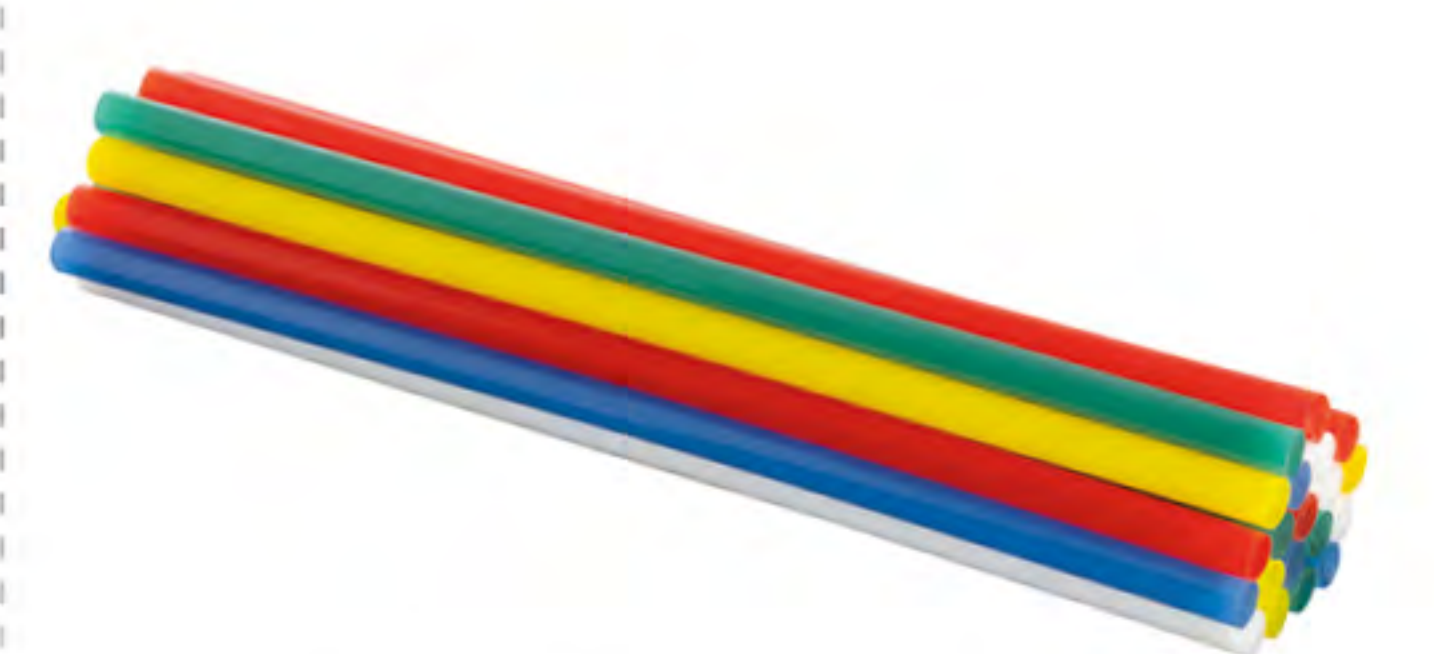

7 mm

- melt glue sticks transparent
- diameter: 7 mm
- for FDTP 2020-E / 2204-A

Melt Glue Sticks
FDTP 9021

7 mm

- coloured melt glue sticks
- diameter: 7 mm
- for FDTP 2020-E / 2204-A

WORKSHOP

Electric Mixer
FDRM 201601-E

OPTION
TO PURCHASE
A BROOM
FDRM 901601

- voltage: 230 V / 50 Hz
- input power: 1,600 W
- no-load motor speed: I: 0-660 rpm
II: 0-900 rpm
- connecting thread: M 14
- broom dimensions: 140 × 590 mm

Electric Mixer
FDRM 202051-E

- voltage: 230 V/50 Hz
- input power: 2,050 W
- speed without load: I: 0-460 rpm 0-820 rpm
- sound pressure level: 92 dB (A)
- vibration level on hands and arms 3157 m/s²
- level of acoustic power 103 db (a)
- insulation class: II, weight: 3.4 kg
- paddle size: 140 × 590 mm

Gasoline earth auger
FZPV 5005-B

- two-stroke engine 52 cm³/1,45 kw
- rev: max. 7500
- screw rev: 0- 170 rpm
- fuel tank: 1,2 l
- weight: 12.5 kg

Construction Generator
FZI 2300-B

- container volume: 15 l
- max. power: 2,400 W
- guaranteed performance: 2,100 W
- connections: 2× 230 V
- operating time: 12.5 h

Construction Generator **NEW**
FZI 3100-B

- container volume: 13.5 l
- max. power: 3,150 W
- guaranteed performance: 3,100 W
- connections: 2× 230 V
- operating time: 9-10 h

ALSO AVAILABLE VERSION:
FZI 2800-B/2.8 kW

Welder
FDIS 20140-E

- voltage: 230 V / 50 Hz
- actual output current: 20–140 A
- electrode diameter: 1.6–3.2 mm
- state-of-the-art technologies: IGBT (smart protection), ARC FORCE, HOT START, Anti-Stick, input current: 28 A
- maximum output power: 6.1 kVA
- including earthing and welding cable

Welder
FDIS 20160-E

- voltage: 230 V / 50 Hz
- actual output current: 20–160 A
- electrode diameter: 1.6–4.0 mm
- state-of-the-art technologies: IGBT (smart protection), ARC FORCE, HOT START, Anti-Stick, input current: 33 A
- maximum output power: 7.2 kVA
- including earthing and welding cable

Construction Mixer
FDSM 200120-E

- motor: electric 230 V/50 Hz
- input power: 550 W
- weight: 48 kg
- drum volume: 120 l

practical kit
included in the package

Soldering gun
FDPP 2175-E

- input power: 175 W
- voltage: 230 V / 50 Hz
- practical plastic case
- including accessories (spikes, coil and flux)

MEASURING EQUIPMENT

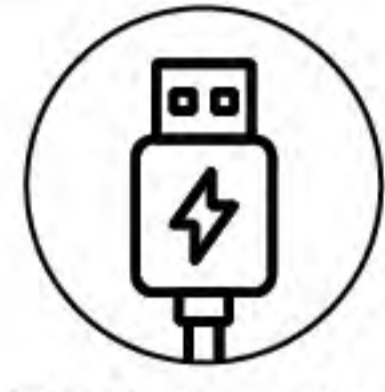

Measuring instruments

Laser Distance Meter 30 m FDLM 1030

- measuring range: 0.2-30 m
- measurement accuracy: +/- 0.2 mm
- class 2 laser type, 630-670 nm <1 mW
- units: m/ft
- battery type: alkaline AAA 2 pcs
- single measurement function
- multiple measurement function
- beep and backlight function

Laser Distance Meter 40 m FDLM 1040

USB charging

- measuring range: 0.2-40 m
- measurement accuracy: +/- 0.2 mm
- class 2 laser type, 630-670 nm <1 mW
- units: m/ft
- battery type: Li-ion, USB cable charging, USB cable included in the package
- multiple measurement function
- beep and backlight function
- round surface measurement function

Laser Distance Meter 50 m FDLM 1050

water level

- laser range finder
- measuring range: 0.05-50 m
- measurement accuracy: +/- 1.5 mm
- more units: m/ft
- single measurement, continuous measurement
- beep / backlight / water level

Cross Laser FDLK 1025

- cross laser
- measuring range: 25 m
- green laser colour

Cross-line laser + telescopic tripod FDLK 1025 + 9025

- green laser colour
- laser output: 30 mW
- laser class: Class 2, output power <1 mW

NEW

- laser wave length: 505 nm-520 nm
- working range: 25 m
- automatic levelling range: ± 4°
- self-levelling time: ≤ 4 s
- horizontal/vertical accuracy: ± 1.5mm/7m
- coverage: IP54 resistance against water/dust
- assembly dimensions: 1/4"-20
- 4x AA batteries
- telescopic tripod for convenient measurement
- adjustable height: 62-160 cm

Telescopic tripod FDLK 9025

NEW

- telescopic tripod for convenient measurement
- adjustable height: 62-60 cm
- compatible with FDLK 1025

Laser Distance Meter with Tape Measure FDLM 1045

- material: material: ABS + TPR + manganese steel with coating
- battery: 2x 1.5 V AAA battery
- laser measurement ranges: 40 m
- definition: +/- 2 mm; measuring unit: m/in/ft
- laser type: 635 nm≤1 mw
- working ranges of the meter: 0-5 m
- minimum scale: 1 mm
- tape width: 19 mm

CAMPING

Do you enjoy spending time on a boat, in a camp, or anywhere without access to the mains? Or do you want to be prepared in case a strong wind, snowstorm, or other natural event cuts off your power supply? Portable generators from **FIELDMANN** can keep your refrigerator, lights, medical devices, and other equipment running. They also serve as a power source on construction sites, powering tools and lighting.

For travel in caravans, camping, or on boats, petrol generators from **FIELDMANN** are recommended. Equipped with inverter technology, they provide high-quality and stable voltage. You can confidently connect sensitive devices like TVs or computers to them. Thanks to their compact shape, sturdy handle, and reasonable weight, these generators are easily portable. Additionally, the **FIELDMANN** frame construction generator is a robust machine suitable for construction sites and gardens without access to electricity. It can also serve as a backup power source for households.

Generator

Petrol Generator FZI 4010-Bi

- motor: OHV, 54 cm³
- maximum power output: 1 000 W, permanent power 900 W
- inverter technology of el. output control
- outputs: 1x ~230 V / 50 Hz, 1x = 12 V, 1x USB
- container volume: 3 l
- operating time per tank: up to 8.5 h, weight: 15 kg

NEW

Petrol Generator FZI 4012-Bi

- motor: OHV, 56 cm³
- maximum power output: 1 100 W, permanent power 1 000 W
- inverter technology of el. output control
- outputs: 1x ~230 V / 50 Hz, 1x = 12 V, 1x USB
- container volume: 3 l
- operating time per tank: up to 8.5 h, weight: 12 kg

Petrol Generator FZI 4020-Bi

- motor: OHV, 80 cm³
- maximum power output: 1,800 W
- permanent power output: 1,600 W
- inverter technology of el. output control
- outputs: 1x ~230 V / 50 Hz, 1x = 12 V, 1x USB
- container volume: 4.5 l
- operating time per tank: up to 6 h
- weight: 21 kg

WORKSHOP

Petrol Generator FZI 4018-Bi

- motor: OHV, 80 cm³
- maximum power output: 1,800 W
- permanent power output: 1,600 W
- inverter technology of el. output control
- outputs: 1x ~230 V / 50 Hz, 1x = 12 V, 1x USB
- container volume: 4.1 l
- operating time per tank: up to 6 h
- weight: 21 kg

NEW

Petrol Generator FZI 4032-Bi

- motor: OHV, 140 cm³
- maximum power output: 3,200 W
- permanent power output: 3,000 W
- inverter technology of el. output control
- outputs: 1x ~230 V / 50 Hz, 1x = 12 V, 1x USB
- container volume: 4.5 l
- operating time per tank: up to 6.7 h
- weight: 25 kg

MAIN ADVANTAGES OF INVERTED POWER GENERATORS

- » LOW WEIGHT
- » LOW CONSUMPTION
- » LOW NOISE
- » IDEAL FOR ELECTRONIC DEVICES (PC/TV)

Wet and Dry Vacuum Cleaner

FDU 2120-E

- voltage/frequency: 220–240 V/50/60 Hz
- input power: 1,200 W
- solid cotton filter
- metal container: 20 l
- plastic hose: 1.5 m
- aluminium telescopic tube
- floor attachment
- tapered attachment
- optional accessory:
 - spare cotton filter: FDU 901001

Wet and Dry Vacuum Cleaner

FDU 2003-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1,400 W
- solid cotton filter
- metal container: 30 l
- plastic hose: 1.5 m
- 2 × plastic extension tube 0.85 m
- floor attachment
- tapered attachment
- round small brush
- optional accessory:
 - spare cotton filter: FDU 9004

UNIVERSAL VACUUM CLEANERS, VACUUM CLEANERS FOR ASH AND DRY VACUUMING

Wet and Dry Vacuum Cleaner

FDU 2004-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1,400 W
- outlet for add-on up to 2 000 W
- solid cotton filter
- metal container: 30 l
- plastic hose: 2.5 m
- aluminium extension tube: 0.77 m
- floor nozzle (smooth vacuuming or with small brushes)
- floor nozzle (brush + squeegee)
- upholstery nozzle
- tapered nozzle
- round small brush
- optional accessory:**
- spare cotton filter: FDU 9004

Wet and Dry Vacuum Cleaner

FDU 201432-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1 400 W, socket for add-on up to 2 000 W
- solid cotton filter,
- metal container: 30 l
- adjustable reverberation intensity
- dust knock-off function
- hose lock, outlet
- plastic hose: 2.5 m
- aluminium extension tube: 0.77 m
- floor nozzle (smooth vacuuming or with small brushes)
- floor nozzle (brush + squeegee)
- upholstery nozzle
- tapered nozzle
- round small brush
- optional accessory:**
- spare cotton filter: FDU 901432
- spare HEPA filter: FDU 911432

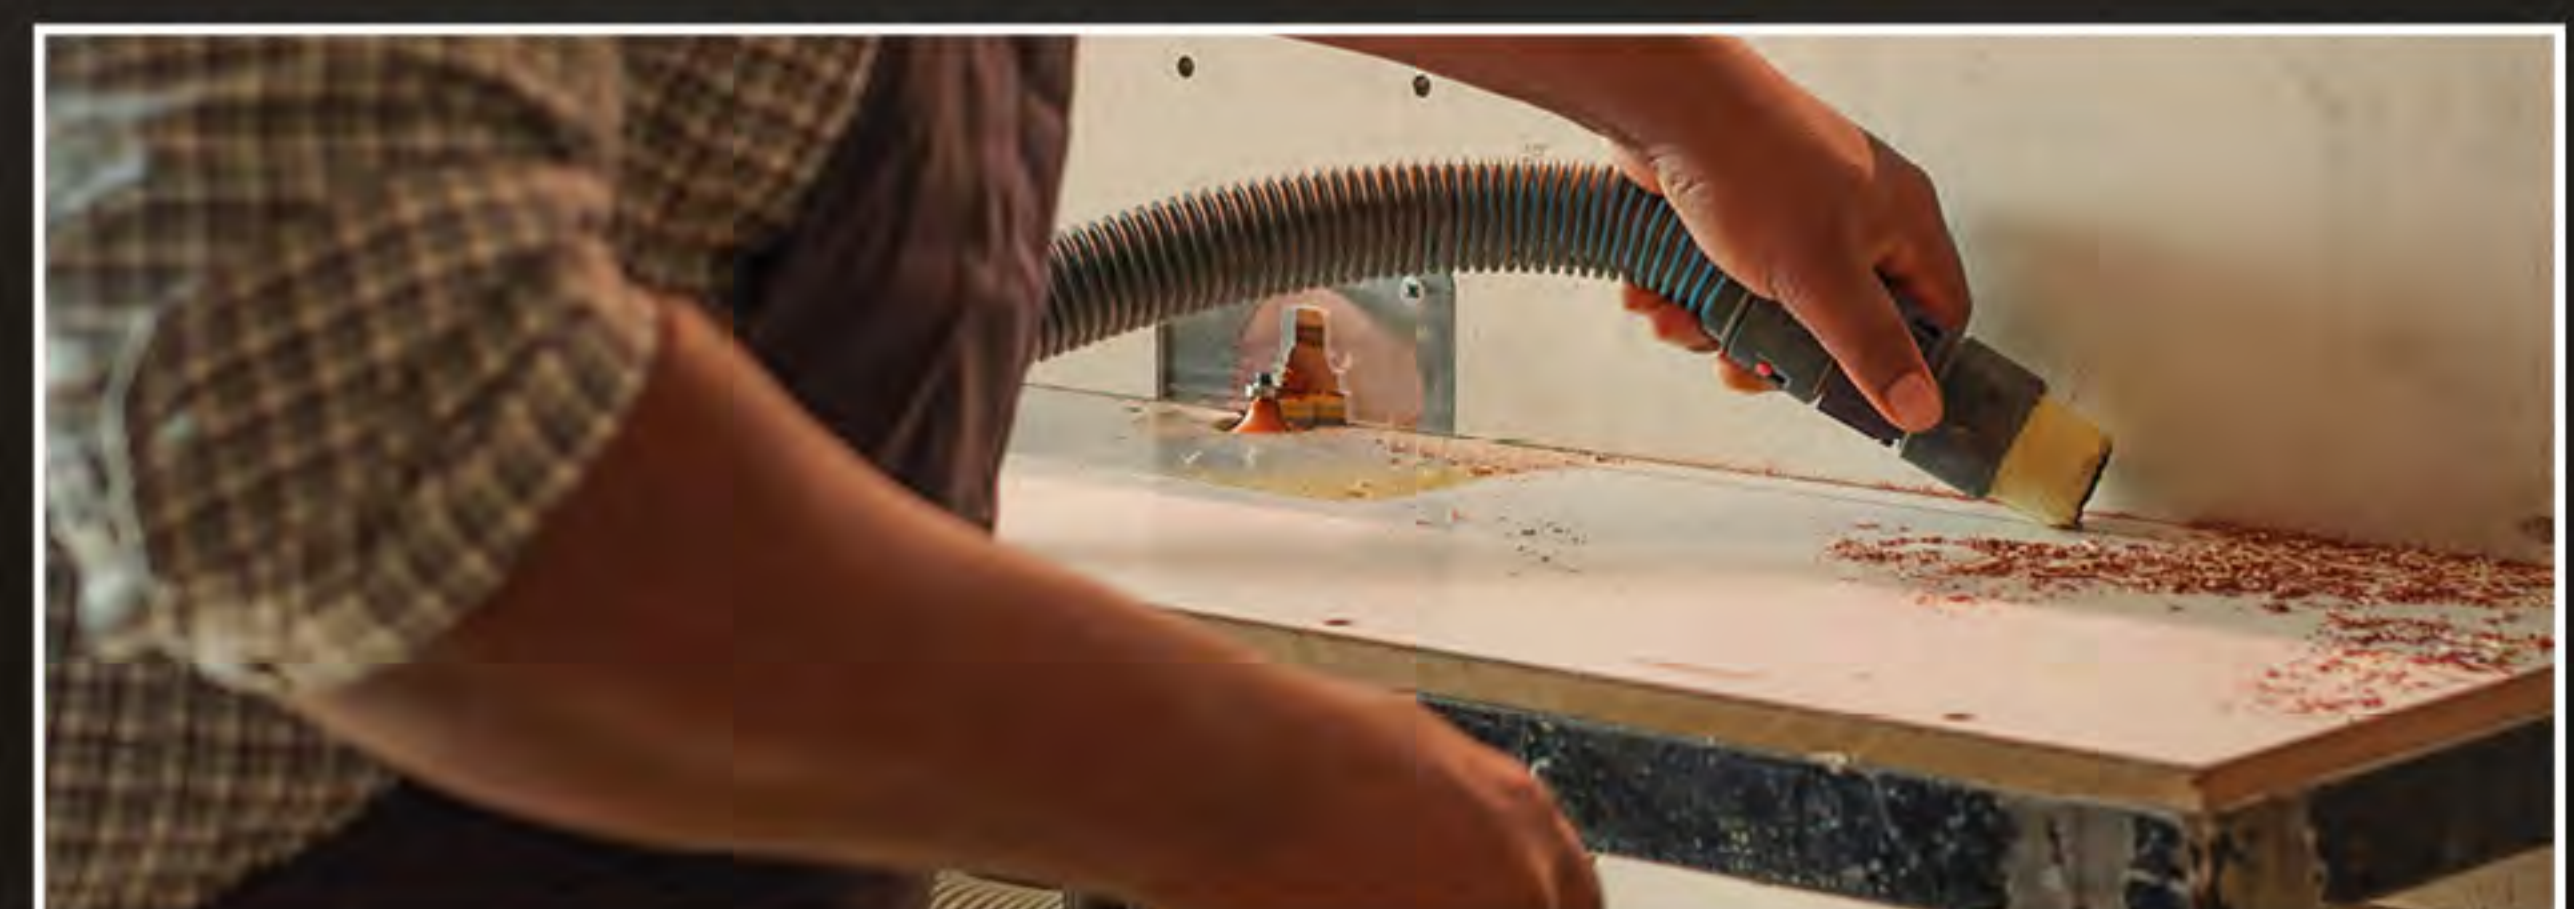

A thorough cleaning deserves not only the apartment but also the workshop, garage, cellar, and the area around the house. Wet and dry vacuums reliably absorb a wide range of coarse and finer impurities, including mud, spilled liquids, and old leaves. High suction power allows **FIELDMANN** universal vacuum cleaners to easily pick up larger dirt. Fine particles are captured by solid cotton or HEPA filters. If necessary, the filter can be rinsed and used again after drying. The collection containers for solid dirt and water have a capacity of up to 30 l.

In higher-end vacuum models, customers will appreciate the electrical socket that allows connecting another device directly to the vacuum. This is a great advantage when using another device simultaneously, such as a pressure washer or saw, and needing to vacuum right away. Once connected, the vacuum cleaner switches off with the connected device, eliminating the worry about two switches.

Vacuum Cleaners for Ash and Dry Vacuuming

Ash and its tiny particles settle not only at the bottom of the fireplace or stove but everywhere around. Trying to get rid of ash with a broom just stirs it up. **FIELDMANN** ash vacuum cleaners can capture even the finest particles, ensuring that you won't spread settled ash throughout the apartment. Simply, it is easier to vacuum the surroundings of the fireplace regularly than clean the whole apartment. The ash vacuum easily removes ash up to a temperature of 40 °C and residues of unburned wood from the fireplace, stoves, or grill. It can also handle dirt from the workshop or garage. Vacuums with HEPA filters ensure that the air returning to the interior is perfectly cleaned, even from the smallest particles.

Vacuum Cleaner for Ash and Dry Vacuuming
FDU 2002-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1,200 W
- ash suction up to 40 °C
- HEPA filter
- metal container: 20 l
- metallic hose: 1 m
- aluminium tube: 0.15 cm
- wheels
- power cord: 4.3 m
- declared noise level: 80 dB (A)
- **the package includes HEPA filter FDU 9002**
- plastic hose: 1.5 m
- aluminium extension tube: 0.85 cm
- floor nozzle
- tapered attachment
- rotating brush
- optional accessory:**
- spare HEPA filter FDU 9003

Vacuum Cleaner for Ash and Dry Vacuuming
FDU 200601-E

- voltage/frequency 230 V / 50 Hz
- input power: 600 W
- ash suction: up to 40 °C
- cotton filter
- metal container: 11 l
- metallic hose: 1 m
- aluminium tube: 0.15 m
- weight: 2.4 kg
- power cord: 3 m
- declared noise level: 80 dB (A)
- optional accessory:**
- spare HEPA filter FDU 900601

Vacuum Cleaner for Ash and Dry Vacuuming
FDU 200801-E

- voltage/frequency: 230 V / 50 Hz
- input power: 800 W
- ash suction: up to 40 °C
- cotton filter
- metal container: 15 l
- metallic hose: 1 m
- aluminium tube: 0.15 m
- weight: 3.2 kg
- power cord: 3 m
- declared noise level: 80 db (a)
- optional accessory:**
- spare cotton filter FDU 901001

Vacuum Cleaner for Ash and Dry Vacuuming
FDU 201001-E

- voltage/frequency: 230 V / 50 Hz
- input power: 1,000 W
- ash suction: up to 40 °C
- cotton filter
- metal container: 20 l
- metallic hose: 1 m
- aluminium tube: 0.15 m
- weight: 4 kg
- power cord: 3 m
- declared noise level: 80 dB (A)
- optional accessory:**
- spare cotton filter FDU 901001

A close-up photograph of a male mechanic with a beard, wearing a dark grey t-shirt and grey work gloves. He is looking upwards and to the left, focused on his work. He is holding a silver open-end wrench with his right hand, which is raised towards a car's wheel hub. The background is a blurred workshop environment with various mechanical parts and tools. The text 'HAND TOOLS ACCESSORIES WORKSHOP' is overlaid on the right side of the image in a bold, sans-serif font. 'HAND TOOLS' and 'ACCESSORIES' are in yellow, while 'WORKSHOP' is in white.

HAND TOOLS ACCESSORIES WORKSHOP

Basic hand tools such as screwdrivers, pliers or hammers are needed in almost every household. Larger equipment is useful in case you want to repair something at home yourself. You'll save on repair costs and boost your DIY confidence. In the workshop or garage, as well as in a typical household, it is practical to have sets of wrenches, including open-end and socket wrench sets, and sets of screwdrivers with bits. Purchasing tools in one set is advantageous: Individual pieces of wrenches or screwdrivers are arranged by size. This makes it easy to select the tool you need.

Gola Tool Set
FDG 5005-85R

CR-V

85 pcs

- 3× pliers, 2× screwdriver: (-)(+) 6× 100 mm
- 1× handle for socket wrenches
- 8× open-end side wrench
- 3× tools: knife 18 mm, hammer, meter 5 m
- 2× ratchet handle with tilting head
- 3× attachment for 1/2"-1/4" socket wrench
- 1× threeway attachment, 2× universal joint
- 2× 1/2" spark plug socket wrench
- 12× 1/4" socket wrenches, 16 × 1/2" size
- 1× connecting component, 1× sliding rod 1/4"
- 6× main socket 1/4", 20× bit × 25 mm with holder, 2× hole punch (pick and flat chisel)

- 21× 1/4" Bit base: SL 4, 5.5, 7, PH 1, 2, 3, PZ 1, 2, 3
- HW 3, 4, 5, 6, 7, 8, T 10, 15, 20, 25, 30, 40
- 7× 1/4" deep drawers: 6, 7, 8, 10, 12, 13, 14 mm
- 3× Allen key: 1.5, 2, 2.5 mm
- 1× 1/4" universal joint
- 2× 1/4" extension rod: 2", 4"
- 1× 1/4" flexible extension: 6"
- 1× 1/4" sliding T Bar
- 1× 1/4" quick ratchet handle
- 1× 1/4" swivel handle: 6"
- 1× 1/4" bit adapter
- 1× BMC

HAND TOOLS

The renowned brand **FIELDMANN** traditionally offers both universal and specialised sets of hand tools. The sets are assembled based on purpose or specific tools.

You can get a set for furniture assembly, as well as a set of hobby knives or even three tin snips. Sets can consist of three pieces of tools, or more than a hundred. The pink tool sets are designed especially for women, both in design and content. **FIELDMANN** tools are typically made of high-quality chrome vanadium steel (CrV), known for its strength.

FDN 4121-3R

- set of 4 tool boxes
- modular design
- impact resistant
- protection against water and dust
- dimensions: 55×47×77 cm
- weight: 20 kg

To paint a room with a high ceiling and then hang curtains in equally tall windows, a simple chair or step stool usually won't suffice. In the garden, you may need to add a few metres to your height to harvest fruit from trees or clean gutters before winter... In such situations, stepladders or ladders are the only solution.

Concerned about not having enough space at home or in the workshop for them? You might be surprised how space-efficient modern ladders or stepladders are. They are telescopic, meaning you can easily adjust them to the height you need and fold them into a minimal size so that they don't take up so much space in the storage room or workshop. Additionally, they are easier to carry or transport, for example in the boot of a car.

Modern ladders and stepladders offer multiple functions simultaneously. For different heights or sloping terrain, the **FIELDMANN** brand offers a multifunctional ladder, which, thanks to the articulated mechanism, can be transformed not only into a ladder, but also into a scaffolding, capable of compensating for height differences, for example, between individual staircase steps. The special construction made of sturdy aluminium alloy ensures high stability even when fully deployed and allows for a high load capacity.

TELESCOPIC LADDERS AND STEPLADDERS

Multifunctional Ladder FZZ 4107

- maximum ladder length: 360 cm
- maximum stepladder length: 174 cm
- maximum scaffolding height: 98 cm
- rung spacing: 28 cm
- stabilizer length: 61.5 cm
- maximum load: 150 kg
- weight: 11 kg

Platform FZZ 9107
Designated for Multifunctional
Ladder FZZ 4107

Telescopic Ladder FZZ 4004

- unique telescopic system
- dimensions when unfolded: 260 × 47 × 9 cm
- dimensions when folded up: 75 × 47 × 9 cm
- rung spacing: 29 cm
- thickness of aluminium: 1.3-1.5 mm
- maximum load: 150 kg
- maximum length: 2.6 m
- number of rungs: 9
- weight: 7 kg

Telescopic Ladder FZZ 4002

- unique telescopic system
- dimensions when unfolded: 320 × 48 × 8 cm
- dimensions when folded up: 81 × 48 × 8 cm
- rung spacing: 29 cm
- thickness of aluminium: 1.3-1.5 mm
- maximum load: 150 kg
- maximum length: 3.2 m
- number of rungs: 11
- weight: only 9.2 kg

Telescopic Ladder FZZ 4005

- unique telescopic system
- dimensions when folded up: 87 × 48 × 9 cm
- dimensions when unfolded: 380 × 48 × 9 cm
- rung spacing: 29 cm
- thickness of aluminium: 1.3-1.5 mm
- maximum load: 150 kg
- maximum length: 3.8 m
- number of rungs: 13
- weight: 11 kg

Three-Piece Universal
Ladder 3 × 9
FZZ 4309

- number of rungs: 3 × 9
- length: 2.54–5.90 m (folded/ unfolded)
- stabilising base: approx. 80 cm
- weight: 12 kg
- load capacity: 150 kg
- material: drawn aluminium

Three-Piece Universal
Ladder 3 × 11
FZZ 4311

- number of rungs: 3 × 11
- length: 3.10–7.58 m (folded/unfolded)
- stabilising base: approx. 80 cm
- weight: 15 kg
- load capacity: 150 kg
- material: drawn aluminium

Three-Piece Universal
Ladder 3 × 7
FZZ 4307

- number of rungs: 3 × 7
- length: 1.98–4.22 m (folded/unfolded)
- stabilising base: approx. 70 cm
- weight: 9.5 kg
- load capacity: 150 kg
- material: drawn aluminium

Telescopic Ladder/Stepladder
FZZ 4003

- unique telescopic system
- dimensions when folded up: 87 × 67 × 15 cm
- rung spacing: 29 cm
- thickness of aluminium: 1.3-1.5 mm
- maximum load: 150 kg
- maximum stepladder length: 1.6 m
- maximum ladder length: 3.2 m
- number of rungs: 10
- weight: only 11.5 kg

Telescopic Ladder/Stepladder
FZZ 4006

- unique telescopic system
- dimensions when folded up: 90 × 49 × 18 cm
- rung spacing: 29 cm
- thickness of aluminium: 1.3-1.5 mm
- maximum load: 150 kg
- maximum stepladder length: 2.2 m
- maximum ladder length: 4.4 m
- number of rungs: 14, weight: 15 kg

Car Battery Charger 6 V / 12 V FDAN 12002

- voltage: 230 V / 50 Hz
- DC output, 6 V / 12 V, 2 A / 4 A
- display - charged, polarity reversal
- excess current, protection against overheating
- suitable for cars, motorcycles, electric cars, toy cars, boats, etc. with 6 V / 12 V (4-120 Ah) lead acid battery

Car Brush/Scraper FZO 5014

- with a scraper
- 2 in 1 brush and scraper
- ABS plastic
- the total length: 52 cm
- bristle length: 5 cm

Car Brush/Scraper FZO 5015

- 2 in 1 brush and scraper
- softened, aluminium handle
- ABS plastic
- total length: 60 cm
- bristle length: 5 cm

Straps with Ratchet FDAG 1103 / FDAG 1104

- material: PES – polyester fibres
- LC = 250 daN
- ratchet, arrester hooks
- length: 2.5 × 500 cm

- material: PES – polyester fibres
- LC = 350 daN
- ratchet, arrester hooks
- length: 2.5 × 500 cm

Sun and Frost Protection For Windscreen FDAZ 6001

- size 1,300 × 600 mm
- mainly for summer use
- blocks harmful UV rays
- decreases inside temperature

Sun and Frost Protection For Windscreen FDAZ 6002

- size 1,300 × 600 mm
- mainly for winter use
- blocks harmful UV rays
- reduces icing on the glass

Bungee Cord FDAG 1001

- 8 pcs
- length: 40-100 cm
- thickness: 8 mm

Depth Gauge FDAM 0201

- Measurement of tire pattern, thread depth, drilled holes
- automatic calibration
- range: up to 25 mm

Washing Set 6 pcs FDAC 1001

- window squeegee 1 pc
- fan squeegee
- 2 in 1 cleaning sponge (soft cotton / mesh structure)
- washing gloves 2 in 1 (microfibre / mesh structure)
- microfibre cloth

Seat Organiser FDAP 60401

- universal
- easy installation
- point fixing
- improves the interior of the vehicle

Tyre Gauge FDAM 0101

- automatic calibration
- range: up to 12 bar
- deviation: 0.05 bar
- LCD display
- units: bar, kPa, psi, kg/cm²

Car Organiser FDAP 60301

- folding car organiser
- number of storage compartments
- in the luggage compartment and for fastening on a free seat

CAR ACCESSORIES

Compressed air can power a range of pneumatic tools, inflate tyres or precisely apply paint to furniture or bodywork. Blowing away dirt is an ideal option when you don't want or can't use a cleaning agent and cloth. A compressor is, therefore, a versatile helper in households, workshops, and garages.

FIELDMANN compressors with receiver are equipped with 24 and 50 litre tanks. These are sufficient for many tasks. The motor starts only when the air volume in the tank drops below a certain threshold. When inflating tyres, the adjustable pressure setting controlled by a pressure gauge is practical.

A portable air compressor helps not only in emergencies. Since it is powered from the car's cigarette lighter socket, you can use it literally anywhere and anytime. It can inflate standard tyres up to 2.4 bar in just 3 minutes. Moreover, it allows for convenient inflation of a pool, boat, or mattress directly by the water.

Air Compressor

FDAK 201522-E

24 l

- voltage: 230 V / 50 Hz
- input power: 1,500 W
- rated power output: 2,800 rpm
- tank volume: 24 l
- max. pressure: 8 bar
- indicative suction power: 190 l/min.
- weight: 26 kg

Air Compressor

FDAK 201552-E

50 l

- voltage: 230 V / 50 Hz
- input power: 1,500 W
- rated power output: 2,800 rpm
- tank volume: 50 l
- max. pressure: 8 bar
- indicative suction power: 190 l/min.
- weight: 32 kg

Air Compressor

FDAK 201101-E

- voltage: 230 V / 50 Hz
- input power: 1,100 W
- air compressor without oil and tank
- suction capacity: 180 l/min.
- PVC tube length: 3 m
- 8 pcs of accessories

Air Compressor

FDAK 12011

- plug to 12 V cigarette lighter
- pressure gauge in bar with an accuracy of 0.1 bar
- cylinder diameter: 30 mm
- power cable: 3 m
- hose with screw connector 1 m
- continuous operation up to 15 min
- inflation time of a normal tyre up to 2.4 bar: 3 min

Air Compressor

FDAK 12012

- power: 120 W
- 12 V cigarette lighter plug
- pressure gauge in bar with 0.01 bar accuracy
- power cord 2.8 m
- 0.6 m hose with screw connector
- inflation time of a normal tyre up to 2.4 bar: 3 min

Compressor Accessories Set

FDAK 901503-E

- tire inflation gun with manometer
- adapter and needles for inflating toys
- spiral PU hose 5 m

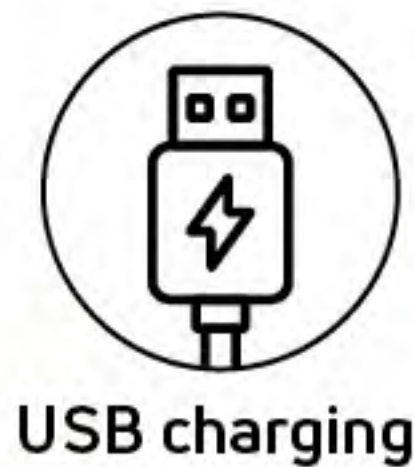

Compressor Accessories Set

FDAK 901504-E

- tire inflation gun with pressure gauge
- blow gun
- adapters and needles for inflating toys
- spiral PU hose 5 m

Cordless Staple Gun FDN 3025-A

USB charging

- staple gun 4 V / 1,500 mAh
- integrated LED light for easier work
- suitable for attaching fabrics, foils, tarpaulins, plastic, leather and decorative materials
- USB adapter charging

Ratchet Wrench with Fixed Head FDN 1045

CR-V

7 pcs

- 7 pcs
- size 8, 10, 11, 12, 13, 14, 17
- new modern packaging (takes up less space in workshop)

4 in 1 sharpener FDN 2010

- including 4 attachments
- precise focusing
- ideal for garden and home

Spanner Set FDN 1010

CR-V

12 pcs

- combination wrench with offset box-end
- sizes: 6, 8, 10, 11, 12, 13, 14, 15, 17, 19, 22, 24
- hanging tarpaulin with option of rolling up

Gola Set 1/2 with Wrenches FDN 1060

- 10x head 1/2": 10, 11, 12, 13, 14, 15, 16, 17, 19, 21 mm
- 1x extension attachment 1/2"
- 1x ratchet 1/2" 45T with ergonomic handle
- Material Cr-V, AS-DRIVE function, holder made of durable plastic

Metal Rack FDR 1800

- metal rack with 5 shelves
- dimensions: 90 × 40 × 180 cm
- frame: galvanised steel 0.7 mm thick
- shelf: MDF board with a thickness of 5 mm
- max. load of each shelf: 175 kg
- the shelf height can be adjusted according to the need
- easy and fast assembly – without the use of screws
- versatile use: in workshops, garages, warehouses and offices
- plastic corner guards
- weight: 16 kg

Metal Rack FDR 1820

- metal rack with 5 shelves
- dimensions: 120 × 40 × 180 cm
- frame: galvanised steel 0.7 mm thick
- shelf: MDF board with a thickness of 5 mm
- max. load of each shelf: 175 kg
- the shelf height can be adjusted according to the need
- helps maximise the use of your space
- easy and fast assembly – without the use of screws
- versatile use: in workshops, garages, warehouses and offices
- plastic corner guards
- weight: 17 kg

Metal Rack FDR 1840R

- corner rack with 5 shelves
- dimensions: 90 × 40 × 180 cm
- frame: galvanised steel 0.7 mm thick
- shelf: MDF board with a thickness of 5 mm
- max. load of each shelf: 175 kg
- the shelf height can be adjusted according to the need
- helps maximise the use of your space
- easy and fast assembly – without the use of screws
- versatile use: in workshops, garages, warehouses and offices
- plastic corner guards
- weight: 21 kg
