## **Pierre Lamart**

France is renowned for its cuisine and is home to countless cafés and bars from which the culinary elite and a remarkable number of Michelin stars have arisen. In the centre of one of the famous regions of Bretagne, on the fertile coast of the Atlantic Ocean, you can find a little family restaurant, where the chef Pierre Lamart used to work. This warm and jolly Frenchman was the heart and soul of his brasserie. People in the neighbourhood could not imagine him without his striped apron, which he used to wear over his chef jacket every day. His whole secret was his hospitality, the way he treated his customers and the joy he took in everything he did. The line of cookware “Lamart by Pierre Lamart” is inspired by the experience and playful approach to cooking of this unique chef.

## *Cauliflower soup with parmesan.*

### **Ingredients**

Cauliflower 1/2 pc  
Cream 30% 150 ml  
Fine flour 50 g  
Butter 50 g  
Parsley 30 g  
Oil 50 ml  
Parmesan 20 g  
Pinch of mace

### **Preparation**

Clean and wash the cauliflower, break it into florets and cook in boiling salted water until semi-soft. Prepare a light roux from the oil and flour and pour in some of the water in which the cauliflower was cooked. Return half of the cauliflower to the soup and cook until soft, then blend the soup until smooth and creamy. Cut the remaining cauliflower florets into small pieces and fry in half the butter until golden. Season the soup with salt and pepper, add a pinch of mace and finally soften with cream and simmer for about 5 minutes. Stir the remaining butter into the finished soup.

# Cast iron pots

Enameled cast iron cookware – high quality, durable, hard and unchanging material, colourable. Inner and outer enamel layer resists scratches and cracks. High temperature resistance up to 280°C. Quality cast iron with a non-stick enamel layer combines low adhesion with high mechanical and chemical durability of the cookware. The inner layer with its ribbed or shaped bottom enables low-fat cooking and prevents food from sticking. Large handles facilitate even weight distribution and a safe grip. Despite its weight, enameled cast iron achieves the best possible thermal conductivity and accumulation properties. Easy maintenance and cleaning.

Pound with the back of your hand, season with salt and coat first in flour, then in beaten eggs and finally in Parmesan breadcrumbs. Fry in a frying pan in hot rapeseed oil until golden brown. Boil the washed potatoes with skin in salted water for 20 minutes. After cooking, drain the potatoes and let cool. Cut the potatoes into quarters and put them in a bowl. Add the halved tomatoes, rocket, sliced onion and capers. For the dressing, mix the olive oil, caper pickle, mustard, a pinch of salt and pepper. Pour the sauce over the prepared vegetables in the bowl, toss and serve with the schnitzels.

# Cast-iron pans

Cast iron cookware – High quality, durable, hard, and unchanging material. Both inner and outer layers resist scratches and cracks. High temperature resistance up to 280°C. ## Pressure cookers

### *Roast Sirloin Wellington.*

#### **Ingredients**

600 g beef sirloin	1 clove garlic
2 egg	5 tbsp cooking cream
2 egg yolks	1 tbsp virgin olive oil
30 g butter	salt
400 g puff pastry	pepper
450 g mushrooms	
50 g breadcrumbs	

#### **Preparation**

Season the meat with pepper. Heat the oil in a frying pan, put the sirloin on it and fry it on all sides until pink. Baste it occasionally with the juices from the roasting. Then transfer the meat to a baking dish and bake in a preheated oven at 200°C for about 15 minutes. Remove from the oven and set aside to cool and refrigerate. Clean the mushroom legs of any remaining dirt and peel off the caps with a sharp knife. Cut the mushrooms into thin slices. Heat the butter in a pan with the garlic clove, add the mushrooms and then stir in the breadcrumbs, cream and egg yolks. Cook for 5 minutes, let cool and mix everything. Heat a dry frying pan and dry fry the mixture. The aim is to evaporate the excess water. Later, it would flow unnecessarily through the puff pastry during baking. It takes about 5 to 7 minutes. Set aside and allow to cool. Roll out the puff pastry into a larger sheet and place in the fridge to firm up again. Stretch fresh foil over a cutting board and place the cold puff pastry on top. It should be wider than the meat. Layer the mushroom mixture on top of the pastry. Take the meat out of the fridge and place on the bottom of the pastry. Carefully wrap, cutting off the rest of the dough and using the foil to pull it as tightly as possible. Put back in the fridge for 20 minutes to firm up. Preheat the oven to 200 degrees. Carefully unwrap the sirloin from the foil and smear with the egg yolk. Bake on a baking tray / in a roasting pan for about 35 minutes. We can watch the internal temperature of the meat, which should be about 56–57 degrees. But 60 degrees maximum. Just use a needle thermometer carefully to be 100% sure. Remove Wellington from the oven and let rest for at least 5 minutes. The juices in the meat will even out and it will stay juicy.

## Glasses

### *Orange lemonade with ginger.*

#### **Ingredients**

- 2 medium-size oranges
- 200 g ginger
- 2 limes
- 300 g sugar

#### **Preparation**

Squeeze the orange juice and lime juice, add peeled and grated ginger and sugar. Add a little water and bring it to a low boil. Have the finished syrup cooled down and dilute it with water to taste. For a fresh taste, you can add a few mint leaves and of course ice. For the syrup, it is better to squeeze the citrus fruits by hand rather than in a juicer. If you do not remove sufficient white pith from the citrus fruits, the juice from the juicer is slightly bitter. Sugar is also added to the syrup according to taste; this amount is only indicative and depends on your preference.

## *Potato slices au gratin.*

### Ingredients

1 kg quality potatoes  
500 g of pork shoulder  
2 medium onions  
5 hard-boiled eggs  
400 ml 31% cream  
salt and pepper to taste

### *Beef burger baked with goat cheese and pear sauce.*

#### Ingredients

800 g beef neck coarsely ground	120 g pickles
4 egg yolks	2 tomatoes
250 g goat's cheese	4 tbsp mayonnaise
350 g bottled pears	4 leaves iceberg lettuce
sprig of fresh coriander	1 small onion
1 tbsp caster sugar	60 g butter
4 hamburger buns	Salt, white pepper to taste

#### Preparation

Put the cooled beef in a bowl, add the salt, egg yolks and gently combine. From the meat prepared in this way, make 4 buns, shape them into burgers, put them on a plate and put them in the fridge to cool. Put the butter in a saucepan, heat it, add the finely chopped bottled pears, sugar and caramelise over a low heat. Place in a blender, add the fresh coriander without the stem and blend. Season with salt and white pepper. Grill the meat in a hot pan or grill for 4 and 4 minutes on each side. The length of grilling depends on the degree of doneness. Slice the hamburger bun lengthwise and dry fry in the hot pan. Brush the bottom with a good quality mayonnaise and place the grilled meat and goat's cheese on top. Now add the sauce made from stewed pears and top with the other half of the bun. Cut the tomatoes, pickles and peeled onion into very thin slices. 150 g porcini mushrooms (fresh / frozen)	50 g dill
50 ml oil	4 eggs
100 ml milk	ground caraway (pinch)
salt, pepper (a pinch)	vinegar – to taste
100 ml cream	sugar, 1 teaspoon
750 ml of broth (vegetable / poultry)	

### Preparation

Heat up oil in a pot, add diced onion and have it turn translucent. Add flour and make a light roux, into which pour cool broth. Season with salt, pepper, caraway seed and add potatoes diced into small cubes. Cook together for approx. 1/2 hour. When the potatoes are half soft, add sautéed mushrooms (or cooked dried) mushrooms, on butter sautéed chopped fresh dill, sugar, vinegar and then cook together for another 15 minutes. Finally, mellow the taste with cream and butter. Cook the poached eggs in slightly vinegary boiling water until half soft. Serve on a nice, preheated plate.

Ceramic and porcelain cookware, baking and accessories

## Blueberry cake.

### Dough

Blueberries	400 g
Milk	250 ml
Crystal sugar	100 g
Yeast	20 g
Semi-coarse flour	350 g
Pastry flour	200 g
Eggs	3 ks
Butter	50 g
Lard	80 g
Salt	

### Filling

Eggs	2 pcs
Soft quark	500 g
Powdered sugar	150 g
Vanilla pudding	100 g
Butter	70 g
Zest from one lemon	

### Preparation

Add two teaspoons of sugar to half the heated semi-lukewarm milk, crush the yeast and add two tablespoons of flour. Mix everything together. Cover the yeast and leave to rise in the heat. Mix both flours together, add a pinch of salt, the remaining milk, 2 egg yolks, melted butter and lard, and risen yeast. Thoroughly knead the dough and leave it to rise. Spread baking paper on a baking sheet and lightly grease it. Place the dough on the baking sheet and gradually pull it with your fingers to the edge of the sheet. Make the edges higher, so that the filling doesn't trickle out. For the filling, mix the quark with the egg yolks, add the sugar, vanilla pudding, melted butter and lemon zest. Thoroughly whip it all with a whisk. Spread the filling on the dough and spread the blueberries. Brush the edges with the beaten egg white and bake in a preheated oven at 180°C for about 20 minutes.
