# HOW TO SELECT A VACUUM CLEANER?

Different kinds of vacuum cleaners and a countless number of models: which one to choose? The answer lies in user preferences, floor type, and size of the home. However, the best results and comfort are delivered when there are more appliances to help with what they are specialized in.

When it comes to thorough cleaning, SENCOR bag and bagless vacuum cleaners excel. SENCOR models of bag vacuum cleaners not only provide A-class qualities, but also ensure top hygienic manipulation. Their dust bag increases filtration levels and is easy to change without any direct contact with dirt, which together with HEPA filter highlights its suitability for allergy sufferers. SENCOR premium bag vacuum cleaners also offer extremely quiet operation, easy maintenance, and a generous range of accessories, some of which are kept in a handy storage area inside the vacuum cleaner body.

Multicyclone SENCOR bagless vacuum cleaners are ready to deliver the same power regardless how full their special dirt collection container is. It safely seals all the dirt particles without additional costs of dust bags and lets the user see what has been vacuumed.

Wet and dry vacuum cleaners are able to work both with or without water, which is highly practical when carpets and upholstery need a treatment.

Instant vacuuming in the kitchen, car cleaning, reaching spots under the furniture: all these situation call for SENCOR cordless vacuum cleaner. Their skills include hard floor and carpet vacuuming, wet mopping, and hand cleaning with a detachable unit for small and out-of-the-home jobs. Advanced technical features like a nozzle with LED light to help in dark places, HEPA cyclone filtration system, and self-standing function contribute to comfortable use and precise cleaning.

To enjoy the pleasure of entering a clean home, let a robotic vacuum cleaner do the everyday chores for you. Trouble-free vacuuming and even mopping are ensured by advanced navigation system and strong Li-ion battery.

# UNIQUE PROPERTIES OF SENCOR VACUUM CLEANERS

All of our SENCOR vacuum cleaners come with guaranteed high efficiency, precise design, and industry health standards. The materials we use, the unique production processes, and patented technologies guarantee the high utility value of our products, and make them popular with customers all over the world.

## PERFORMANCE AND EFFICIENCY

Our devices are highly efficient despite their very low power consumption. The materials used and the combinations of functional features of our SENCOR vacuum cleaners guarantee economical but efficient operation without any compromises.

**ENERGY** – Highest class of energy efficiency

**CARPET** – Highest class of carpet cleaning performance

**HARD FLOOR** – Highest class of hard floor cleaning performance

**CLEAN AIR** – Highest class of filtration efficiency

## AIR FILTRATION

The first filter function in the unique Clean Air system is ensured by the multi-layer dust microfibre bags with antibacterial properties. The best filtration is effectively completed by the HEPA filter that captures even the smallest particles. SENCOR vacuum cleaners will ensure a healthy and safe household for both you and your children.

## QUIET OPERATION

You will certainly appreciate the possibility to Hoover your home at any time, without fear of waking small children or disturbing other members of the household. Our quietest models make this possible.

## 6-YEAR MOTOR WARRANTY

The motors feature high power, efficiency, and great quality. We completely trust our products, which is why we offer an **ADDITIONAL** 6-year warranty for higher models of our vacuum cleaners.

# BAG VACUUM CLEANERS

With every new model of a classic bag vacuum cleaner, boundaries of what is possible are challenged. Advanced SENCOR appliances set new standards in efficiency, user comfort, noise level, and hygiene. They are the unrevealed for everyone, who desires truly exceptional quality.

# BAG VACUUM CLEANERS

How is it that the popularity of the bag vacuum cleaners remains unchanged? To get the answer, a little glimpse of its innovative features and unrivaled qualities is enough.

These classic appliances by SENCOR come with eye-catching designs, concealing the powerful and efficient technical solution inside. The four A-rating ensures the highest efficiency in energy consumption, best carpet cleaning performance, flawless hard floor cleaning, and lowest dust re-emission.

Indulge both your health and comfort when it comes to the newest models of SENCOR bag vacuum cleaners: the advanced filtration system is highlighted by top HEPA H13 filters, which deliver hygienic results to please allergy sufferers, and with 59 dB(A) one of the most quiet performance on the market delights not only humans but pets too. SENCOR bag vacuum cleaners are pleasant to use, featuring rubber wheels for easy movement, XXL-long metal telescopic tube to fit anyone and reach any place, and the longest action radius on the market to free the user from repeated re-plugging.

## WHY CHOOSE SENCOR BAG VACUUM CLEANER?

- 4AAAA ECO Power for excellent cleaning performance on any surface
- Superior silence technology for extra quietes vacuuming
- Complete care with accessories for the best results on any task around home-pets-car
- Clean Air HEPA H13 filters ensuring filtration suitable even for allergy sufferers
- Remote control for easy and ergonomic operation with power settings right by hand

## CLEANING EVERYTHING

## GETTING ANYWHERE

Great action radius means great comfort. The bigger it is, the less re-plugging is needed, when moving the vacuum cleaner around the household. Selected SENCOR bag vacuum cleaners proudly provide impressive radius of 14 meters – the best on the market.

Bag vacuum cleaner

## SVC 9300BK 4AAAA ECO POWER

This state-of-the-art bag vacuum cleaner delivers extra quiet cleaning with a noise level of only 59 dB(A). The appliance is able to take complete care of all household tasks, including pet and car care, while ensuring the highest class of energy efficiency and floor cleaning performance for both hard floors and carpets.

Unrivalled filtration results are provided using Clean Air HEPA H13 filter, which is suitable even for allergy sufferers. Comfortable use comes

with XXL extra lightweight ALU telescopic tube with adjustable operating height, horizontal and vertical parking for easy storing and breaks during vacuuming, or extra-long action radius (12 m).

# BAGLESS VACUUM CLEANERS

Keeping the benefits of a classic vacuum cleaner while saving extra money paid for the dust bags: that is the idea behind these modern appliances, which feature A-rating performance underlined by HEPA filtration and quiet operation.

**SAVE MONEY,**  
GO BAGLESS'

# BAGLESS VACUUM CLEANERS

Great cleaning results with no extra costs spent on bags? Yes with SENCOR bagless vacuum cleaners! Their dust containers are large enough to capture the dirt from the whole household and the see-through material lets you know of anything trapped inside. The finest dust, bigger particles, and even sharp items are safely sealed, being supported by the Clean Air HEPA H13 filter ensures top filtration suitable for allergy sufferers.

Moreover, no matter how full the dust container gets, the multicyclone system ensures full suction power without any sign of a loss. SENCOR premium bagless vacuum cleaners are proudly 4AAAA rated in energy consumption, carpet cleaning, hard floor cleaning performance, and dust re-emission to deliver uncompromised results, while the basic models deliver good value for reasonable price.

## WHY CHOOSE SENCOR BAGLESS VACUUM CLEANER?

- Multi cyclone technology with lasting performance without any loss of suction
- 4AAAA ECO Power for excellent cleaning performance on any surface
- Complete Care with accessories for best results on any task around home-pets-car
- Clean Air HEPA H13 filter for filtration suitable for allergy sufferers
- Lower running cost- no need to buy any bags

### CYCLONE AND HEPA FILTRATION

The bagless vacuum cleaner uses a cyclone effect, where centrifugal force separates tiny particles from the air. Most of the particles are kept in a container, while very few remaining tiniest particles are handled by the HEPA filter to ensure uncompromised hygiene.

## CYCLONE EFFECT

Bagless vacuum cleaner

## SVC 1080TI 4AAAA ECO POWER

Results delivered by this 4AAAA ECO Power bagless vacuum cleaner will satisfy even the most demanding users. The excellent cleaning performance on any surface and Complete Care system with all accessories needed to achieve impressive cleaning results around home, pet, and car make it an unbeatable choice.

The multi cyclone technology ensures lasting performance with no loss of suction, while the Clean Air HEPA H13 filter delivers filtration level suitable even for the allergy sufferers. Great user comfort comes with low noise level of 78 dB, generous coverage area of 314 m<sup>2</sup>, and XXL metal telescopic tube, which can be adjusted to fit any height.

### PROPERTIES

- **SVC 1080TI 4AAAA ECO Power for excellent cleaning performance on any surface**
- **Complete Care with accessories for best results on any task around home, pets, and car**
- **Multi Cyclone Technology for lasting performance with no loss of suction**
- Clean Air HEPA H13 filter with top filtration suitable for allergy sufferers
- Low noise 78 dB(A) for quiet vacuuming
- 314 m<sup>2</sup> coverage area for very few changes of electric outlet
- Action radius 10 m (cord length 7 m)
- XXL 3.5-litre dust container
- XXL metal telescopic tube for customizable ergonomic height
- Horizontal parking for easy storing or breaks during vacuuming
- Soft wheels for floor protection and quiet movement
- Automatic cord winder
- Electronic power regulation

### Multi Cyclone System

**Our most advanced bagless technology separates dust from the airflow in multiple small cyclones. The multiple filtration method ensures high and constant suction performance even when the dust container is full.**

### HARD FLOOR NOZZLE

The nozzle ensures gentle, silent and perfect cleaning due to its 100% natural hair for gentle cleaning of all hard floors including wood, floating floors, tiles, linoleum and marble.

### LONG FLEXIBLE CREVICE NOZZLE

Extra Long Flexible Crevice Nozzle is extremely helpful to reach everywhere inside the car, even those very difficult to reach places.

### MINI TURBO BRUSH

The Mini Turbo Brush is the best way to clean up pet hair and fluff as well as vacuuming hard to reach areas. Perfect nozzle to remove difficult fibres from car seats, upholstery, stairs, pillows and any textile surfaces.

### TURBO BRUSH

The powerful turbine driven rotating brush is perfect for deep cleaning of carpets and rugs and to easily remove hair, pet hair, fibres etc. Cleaning is quicker and more effective. Gentle brushing action increases vacuuming effect up to 25%.

### HEPA FILTER

High quality HEPA H13 filter absorbs the smallest dust and dirt particles to provide healthy environment.

### ERGONOMY

Easy to carry well positioned practical handle is combined with top handle ensuring easy emptying of dust container.

## ACCESSORIES

1. TURBO BRUSH
2. MINI TURBO BRUSH COMBI FLOOR NOZZLE
3. UNIVERSAL FLOOR NOZZLE WITH EXTENSIBLE BRUSH
4. CREVICE NOZZLE, DUSTING BRUSH

# CORDLESS VACUUM CLEANERS

Imagine a device that deliver great vacuuming and mopping results, letting you move freely as you wish and being light and easy to manoeuvre with no effort. Think of an appliance powerful enough to take care of the carpets and hard floors, having a battery so strong it lasts for a complete home or car cleaning. Picture an elegant product with outstanding manufacturing, you can proudly look at and use. Your dream coming true is called SENCOR cordless stick vacuum cleaner.

A woman with long, wavy blonde hair, wearing a white t-shirt and blue jeans, stands barefoot in a bright, modern living room. She is holding a black and yellow cordless stick vacuum cleaner. The room features a large window with blinds, a floor lamp, and a sofa with cushions. The text "BE FREE, BE CORDLESS" is overlaid in large white letters.

BE FREE,  
BE CORDLESS

# CORDLESS VACUUM CLEANERS

Varied use, numerous surfaces, one product: SENCOR cordless stick vacuum cleaners were designed for great performance on carpets and different types of hard floors, not only vacuuming, but also mopping at one stroke.

No matter how demanding the conditions are, SENCOR cordless stick vacuum cleaners deliver great results thanks to their highly powerful Li-Ion battery with a short charging and long running time. The rotary brush with an independent motor and a nozzle with LED lighting take care of the thorough cleaning: the brush collects dirt particles on both hard floors and carpets, while the LED lighting simplifies vacuuming of darker places. The advanced design of the cordless vacuum cleaner introduces a 180° radius swivel vacuum nozzle, which combined with the low weight and center of gravity enables excellent control and easy maneuverability.

Once the job is finished, a smart disassembly system and self-standing function make maintenance and storage truly easy.

## WHY CHOOSE SENCOR CORDLESS STICK VACUUM CLEANER?

- Absolute freedom of movement with no power cord
- Varied use: hard floor and carpet cleaning, mop function, hand unit for small and out-of-the-home jobs
- Rotary brush with an independent motor and nozzle with LED lighting for thorough vacuuming
- Excellent control and easy maneuverability around furniture thanks to a 180° radius swivel vacuum nozzle and the low weight of the vacuum cleaner

### EASY SOLUTION

SENCOR cordless stick vacuum cleaners know how to cope with the most complicated places to clean: under low furniture and beds. Their 180° radius swivel nozzle will easily slip into any tight space and its LED lighting will clearly show, what needs to be done.

### TRICKY PLACES

Cordless stick vacuum cleaner

## SVC 0741YL

● SVC 0740BL ● SVC 0741YL

Vacuum cleaning and wet mopping with absolute freedom of movement: that is SVC 0741YL cordless stick vacuum cleaner 3in1 with mop. This cordless stick vacuum cleaner with a mop and a removable hand unit is light, quiet and easy to control. The appliance offers a fast and easy solution for everyday vacuuming and mopping in one stroke of all types of hard floors. Moreover, its removable hand unit ensures comfortable cleaning of dirt and dust from furniture or car.

Very powerful Li-Ion battery (2,200 mAh) has a short charging time of 4–5 hours and a long running time up to 85 minutes. Uncompromised hygiene is ensured by the HEPA cyclone filtration system. A rotary brush with an independent motor takes care of outstanding performance on any type of floor and improves the vacuuming of dirt from carpets. The finest dust even in dark corners gets seen and easily eliminated by a nozzle with LED lighting and a 180° radius swivel.

## PROPERTIES

- **3-in-1 cordless stick vacuum cleaner with wet mopping function and a removable hand unit**
- **Absolute freedom of movement with no power cord**
- **Long running time up to 85 minutes**
- Vacuuming and mopping in one stroke
- Removable hand unit for comfortable furniture and car cleaning
- Rotary brush and nozzle with LED for thorough vacuuming even in darker places
- Ergonomic handle
- Excellent control and easy manoeuvrability around furniture thanks to a 180° radius swivel vacuum nozzle and the low weight of the vacuum cleaner
- Self-standing function for temporary placement and comfortable storage
- Very powerful 40,7 V Li-Ion battery with a short charging time (4–5 hours)
- HEPA cyclone filtration system for ultimate hygiene
- 2-speed operation: high power, extended vacuuming time
- Supplied accessories: crevice nozzle and dusting brush
- Bagless technology, dust container volume: 0,5 l
- Noise level: 75 dB
- Weight: 3 kg

### **SELF-STANDING**

Having a short break during chores has never been this simple. With the self-standing function the cordless vacuum cleaner is easy to place and store.

### **LED LIGHTING**

No dirt is any longer difficult to see thanks to LED lighting. Moreover, the nozzle gets under the furniture with unparalleled manoeuvrability.

### **MOPPING**

Perfectly clean floor comes with mopping function! Wet treatment removes the finest particles and leaves the floor spotless.

### **HAND UNIT**

So much practical, when a small cleaning job around house or car is needed. The unit is smooth to detach, being instantly ready to help anywhere.

## **ACCESSORIES**

1. COMBINED CREVICE NOZZLE AND DUSTING BRUSH
2. MOPPING UNIT
3. MOPPING CLOTH

Cordless stick vacuum cleaner

**SVC 0625AT**

Absolute freedom of movement with no power cord is ensured by this 4-in-1 cordless stick vacuum cleaner. As it is light, quiet and easy to control, everyday cleaning of all floor types becomes fast and easy. Its removable hand unit equipped with „Cat&Dog Mini“ motorized brush is an ultimate tool to pick up pet hair, deep clean upholstered furniture or thoroughly maintain car seats.

The appliance is powered by a 25,2 V Li-Ion battery with a short charging time (4–6 hours) and long running time (up to 50 minutes). Excellent results come with the rotary brush with an independent motor, while the nozzle with LED lighting easily exposes even the finest dust, making the vacuuming of darker places more thorough.

Bagless technology features 0,5 l dust container volume, which is easy to remove and empty thanks to the simple disassembly system.

**PROPERTIES**

- **4-in-1 cordless stick vacuum cleaner with a removable hand unit**
- **Absolute freedom of movement with no power cord**
- **Long running time up to 50 minutes**
- Removable hand unit with cat&dog rotary brush driven by an independent motor
- Nozzle with LED lighting for thorough cleaning even in darker places
- Ergonomic handle
- Excellent control and easy manoeuvrability around furniture thanks to a 180° radius swivel vacuum nozzle and the low weight of the vacuum cleaner
- Self-standing function for temporary placement and comfortable storage
- Very powerful 25,2 V Li-Ion battery with a short charging time (4–6 hours)
- HEPA cyclone filtration system for ultimate hygiene
- 2-speed operation: high power, extended vacuuming time
- Supplied accessories: crevice nozzle and dusting brush
- Bagless technology, dust container volume: 0,5 l
- Noise level: 78 dB
- Weight: 2.4 kg

**MOPPING**

Mopping unit with a cloth remove the tiniest pieces of dust and leave the floor sparkling clean.

**LED LIGHTING**

Discover every dirt particle thanks to LED lighting in the nozzle to clean any complicated place in the household.

**HAND UNIT WITH MOTOR BRUSH**

Detachable hand Unit together with cat&dog mini brush is ultimate tool to pick up pet hair or deep clean upholstered furniture or car seats.

Cordless stick vacuum cleaner

## SVC 8936TI

This light, quiet and easy to control vacuum cleaner offers a fast and easy solution to everyday cleaning of all surfaces including wet mopping of hard floors.

The freedom of movement is unlimited, there is no power cord to slow the process down, and the 180° radius swivel vacuum nozzle with the low weight of the vacuum cleaner contribute to excellent control and maneuverability around the furniture. Very powerful 36 V Li-Ion battery is fast to charge (4–5 hours), delivering long running time of up to 60 minutes. A rotary brush with an independent motor ensures outstanding results on any type of floor and improves the vacuuming of dirt from carpets. The nozzle with LED lighting easily exposes even the finest dust and simplifies vacuuming in darker places. The practical aspects have been well considered too: the self-standing function makes temporary placement very simple and storage highly comfortable.

## PROPERTIES

- **Cordless stick vacuum cleaner with wet mopping function**
- **Absolute freedom of movement with no power cord**
- **Long running time up to 60 minutes**
- Vacuuming and mopping in one stroke
- Rotary brush and nozzle with LED for thorough vacuuming even in darker places
- Ergonomic handle
- Excellent control and easy manoeuvrability around furniture thanks to a 180° radius swivel vacuum nozzle and the low weight of the vacuum cleaner
- Self-standing function for temporary placement and comfortable storage
- Very powerful 36 V Li-Ion battery with a good charging time (4–5 hours)
- HEPA cyclone filtration system for ultimate hygiene
- 2-speed operation: high power, extended vacuuming time
- Supplied accessories: crevice nozzle and dusting brush
- Bagless technology, dust container volume: 1 l
- Noise level: 78 dB
- Weight: 2.7 kg

## ACCESSORIES

1. 5X MOPPING CLOTH
2. MOPPING UNIT
3. WALL BRACKET

### MOPPING

Perfectly clean floor comes with mopping function! Wet treatment removes the finest particles and leaves the floor spotless.

### ROTARY BRUSH

Rotary brush with an independent motor ensures outstanding results on any type of floor and improves the vacuuming of dirt from carpets.

### LED LIGHTING

No dirt is any longer difficult to see thanks to LED lighting. Moreover, the nozzle gets under the furniture with unparalleled manoeuvrability.

Cordless stick vacuum cleaner

# SVC 8825TI

Unique Ergo Clean folding handle lets this cordless stick vacuum cleaner slide easily into the complicated places, such as under the furniture or beds. The excellent control and easy manoeuvrability is highlighted by its 180° radius swivel vacuum nozzle and low weight.

It also features a detachable hand unit for comfortable removal of dirt from furniture or car. The appliance is powered by strong removable 25,2 V Li-Ion battery with a short charging time (4–6 hours) and long running time (up to 55 minutes). The rotary brush with an independent motor ensures outstanding results on any type of floor and improves the vacuuming of dirt from carpets.

The Sophisticated Brush Easy Clean function keeps the brush always clean and free of entwined hairs or fibres: once the cordless stick vacuum cleaner is placed in the charging station, the unwanted hair is cut and after turning on also vacuumed into a dust container.

## PROPERTIES

- **2-in-1 cordless stick vacuum cleaner with a detachable hand unit**
- **Absolute freedom of movement with no power cord**
- **Long running time up to 55 minutes**
- Sophisticated motorized brush with Easy Clean function
- Removable hand unit for comfortable furniture and car cleaning
- Rotary brush and nozzle with LED for thorough vacuuming even in darker places
- Ergo Clean folding handle
- Excellent control and easy manoeuvrability around furniture thanks to a 180° radius swivel vacuum nozzle and the low weight of the vacuum cleaner
- Self-standing function for temporary placement and comfortable storage
- Powerful 25,2 V Li-Ion battery with a short charging time (4–6 hours)
- HEPA cyclone filtration system for ultimate hygiene
- 2-speed operation: high power, extended vacuuming time
- Supplied accessories: crevice nozzle and dusting brush
- Bagless technology, dust container volume: 0,5 l
- Noise level: 78 dB
- Weight: 3 kg

## ACCESSORIES

1. CREVICE NOZZLE
2. DUSTING BRUSH
3. CHARGING BASE

### BRUSH EASY CLEAN

This system keeps the brush always clean and free of entwined hairs or fibers. Once the cordless vacuum cleaner is placed in the charging station and activated, the unwanted hair is cut and vacuumed into a dust container.

### EASY REACH

With Ergo Clean foldable handle no place is difficult to reach. It changes its position to fit under the furniture just as you need.

Cordless stick vacuum cleaner

## SVC 8621TI

No matter if used at home or for car cleaning, this 2-in-1 cordless stick vacuum cleaner with detachable hand unit will deliver great results. The rotary brush is powered by an independent motor, which improves vacuuming and ensures perfect performance on any type of hard floor.

A nozzle with LED lighting is very helpful in dark spaces to reveal all dust particles. Interrupting the work is no problem with the self-standing function. 180° radius swivel vacuum nozzle and the low weight give the vacuum cleaner excellent control and easy maneuverability under and around the furniture. The ergonomic handle contributes to overall comfort during the cleaning. The cordless stick vacuum cleaner operates at two speeds: power option is suitable for intensive cleaning, while the other one extends the vacuuming time.

## PROPERTIES

- **2-in-1 cordless stick vacuum cleaner**
- **Absolute freedom of movement with no power cord**
- **Long running time up to 50 minutes**
- Removable hand unit for comfortable furniture or car cleaning
- Rotary brush and nozzle with LED for thorough vacuuming even in darker places
- Ergonomic handle
- Excellent control and easy manoeuvrability around furniture thanks to a 180° radius swivel vacuum nozzle and the low weight of the vacuum cleaner
- Self-standing function for temporary placement and comfortable storage
- Very powerful 21,6 V Li-Ion battery with charging time 4-6 hours
- HEPA cyclone filtration system for ultimate hygiene
- 2-speed operation: high power, extended vacuuming time
- Accessories included: crevice nozzle and dusting brush
- Bagless technology, dust container volume: 0,5 l
- Noise level: 78 dB
- Weight: 2.4 kg

## ACCESSORIES

1. CREVICE NOZZLE
2. DUSTING BRUSH
3. CHARGING BASE

### EASY CLEAN

Cyclonic HEPA filtration system is essential for efficient dust separation. This advanced bagless technology also offers easy dust container emptying and filter cleaning.

### DETACHABLE UNIT

The hand unit takes care of any small and fast cleaning, no matter if inside or outside the house.

Cordless stick vacuum cleaner

**SVC 8618GD**

When it comes to practicality, this 2in1 cordless vacuum cleaner is a great choice for sure. The removable hand unit makes furniture and car cleaning very easy, nozzle with LED lighting helps to take care of the darker places, and 180° radius swivel vacuum nozzle provides unrivaled maneuverability around furniture.

The rotary brush with an independent motor ensures outstanding results on any hard floor and improved cleaning of carpets. Chores can be easily interrupted if needed: the self-standing function enables both temporary placement and comfortable storage.

The vacuum cleaner has its powerful 18 V Li-Ion battery charged in just 4–6 hours, giving the appliance up to 45 minutes of running time.

**PROPERTIES:**

- **Cordless stick vacuum cleaner 2in1 with a removable hand unit**
- **Absolute freedom of movement with no power cord**
- **Long running time up to 45 minutes**
- Removable hand unit for comfortable furniture and car cleaning
- Rotary brush and nozzle with LED for thorough vacuuming even in darker places
- Ergonomic handle
- Excellent control and easy manoeuvrability around furniture thanks to a 180° radius swivel vacuum nozzle and the low weight of the vacuum cleaner
- Self-standing function for temporary placement and comfortable storage
- Powerful 18 V Li-Ion battery with a short charging time (4–6 hours)
- HEPA cyclone filtration system
- 2-speed operation: high power, extended vacuuming time
- Accessories included: crevice nozzle and dusting brush
- Bagless technology, dust container volume: 0,5 l
- Noise level: 78 dB
- Weight: 2.3 kg

**ACCESSORIES**

1. CREVICE NOZZLE
2. DUSTING BRUSH
3. CHARGING BASE

**LED LIGHTING**

Discover any dirt particle thanks to LED lighting in the nozzle to clean any complicated place of the household.

**180° SWIVEL**

180° swivel vacuum nozzle provides unrivalled manoeuvrability under and around furniture.

Cordless handheld vacuum cleaner

## SVC 190W

● SVC 190B ● SVC 190W ● SVC 190R

This handheld vacuum cleaner with running time up to 15 minutes will deliver great results in both dry and wet dirt cleaning. Its attachments will easily cope with problematic places and situations: brush nozzle will remove hair, while the crevice nozzle will sneak into tight places.

If something gets spilled, wet vacuuming attachment is here to help. When the LED indicator informs of charging needed, simply place the handheld vacuum cleaner into a charging station to be ready for its next task.

## PROPERTIES

- **Vacuums both dry and wet dirt**
- **Charging station with adapter (wall-mount option)**
- **Washable permanent filter**
- Power input 45 W
- Noise level 80 dB
- LED charge indicator
- Up to 15 minutes of vacuuming per single charge

## ACCESSORIES

1. BRUSH NOZZLE
2. CREVICE NOZZLE
3. ATTACHMENT FOR WET VACUUMING

# WET&DRY VACUUM CLEANERS

SENCOR multifunctional wet&dry vacuum cleaners are like no other: they vacuum floors of various surfaces, wash carpets and upholstery, and even clean the windows. All this with top filtration to ensure results suitable even for allergy sufferers.

CLEAN IT, WASH IT,  
**LOVE IT!**

# WET&DRY VACUUM CLEANERS

SENCOR multifunctional wet&dry vacuum cleaners are ready to make everyone's life easier. Carefully designed and precisely manufactured, these unique household helpers can vacuum and wash hard floors, carpets, and upholstery, remove liquids from the surface, and even clean windows! Moreover, all necessary accessories are included, so you can take care of all your chores at no extra cost.

The powerful motor powers efficient dual filtration system, which combines the effect of the cyclone and water filtration in a single tank. Allergy sufferers will be pleased by a washable HEPA E12 filter ensuring top filtration suitable even for their health condition.

The generous length of the power cord and XXL extra lightweight ALU telescopic tube, which can be ergonomically adjusted to fit the height of any user, make every place easy to reach and thoroughly clean. Comfortable use is supported by horizontal parking for easy storage or breaks during vacuuming, while the soft wheels protect the floor from scratching and make the movement as quiet as possible.

## WHY CHOOSE SENCOR WET&DRY VACUUM CLEANER?

- Complete Care + Wet&Dry for best results on any task around home, pets, and car
- Vacuums and washes hard floors, carpets, and upholstery, removes liquids from the surface, and even cleans windows
- Powerful motor with a 6-year warranty
- Dual filtration system combining the effect of the cyclone and water filtration
- Washable HEPA E12 filter ensuring top filtration
- All necessary accessories included
- Impressive action radius and coverage area

## AMPHIBIAN VACUUM CLEANER

## WHEN WATER HELPS

Besides perfect dry vacuuming results, these vacuum cleaners will wet-clean the floor, wash the upholstery or even wipe the windows with no effort!

Wet&Dry vacuum cleaner

## SVC 3001

No matter whether the dirt is dry or wet, coarse or fine, Wet&Dry SENCOR vacuum cleaners will remove any dirt.

Thanks to the extra-large capacity of the 30-litre container, they can easily handle larger amounts of water as well. They are ideal for your car, garage, cellar, workshop, for renovations, and everything around your house.

## PROPERTIES

- **1400 W Power**
- **5-step filtration system with washable microfilter**
- **Aluminium telescopic tube**
- Suction power 250 W
- Washable inflow microfilter
- Washable outflow microfilter
- Soft Start function (does not overload the el. grid during motor start-up)
- Rubber coated wheels for easier handling and protection of floating floors
- 5-step filtration system
- 1 docking position for the floor nozzle
- Action radius 7.5 m (cord length 5 m)
- Universal Floor Nozzle with an Extensible Brush
- Special nozzle for vacuuming water
- Accessories on board
- Volume of dust bag: 7.5 l
- Volume of container for wet vacuuming: 16 l
- Capacity of the container: 30 l
- Noise level: < 77 dB

## ACCESSORIES

4. DUSTING BRUSH
5. WET CLEAN FLOOR NOZZLE

Wet&amp;Dry vacuum cleaner

# SVC 5000BL

● SVC 5000BL ● SVC 5001YL

As its name promises, this multifunctional wet&dry vacuum cleaner is ready to help wherever needed. Being able to vacuum and wash hard floors, carpets, and upholstery, remove liquids from the surface, and even clean windows, means this appliance will soon become indispensable in any household.

Its strong motor with a 6-year warranty provides extra power of 1 600 W, which can be electronically regulated and supervised on an LED display. Dual filtration system combines the power of the cyclone and water filtration in a single tank, being supported by a washable clean air HEPA E12 filter to ensure top filtration suitable even for allergy sufferers.

The generous power cord with an automatic winder creates a great action radius of 9 meters and 254 m<sup>2</sup> coverage area, which means faster and more convenient cleaning thanks to limited re-plugging. XXL extra lightweight ALU telescopic tube can be ergonomically customized and horizontal parking makes storage and breaks during vacuuming much easier. Maximum comfort and care are also represented by soft wheels for floor protection and quiet movement.

## PROPERTIES

- **Complete Wet&Dry care for home, car, and pets with all accessories included**
- **Dual filtration system combining the power of the cyclone and water filtration in a single tank**
- **Power edition uses 1 600 W for excellent cleaning performance on any surface**
- Washable clean air HEPA E12 filter to ensure top filtration even for the allergy sufferers
- XXL extra lightweight ALU telescopic tube for customizable ergonomic operating height
- 6 years motor warranty
- Horizontal parking for easy storage or breaks during vacuuming
- Soft wheels for floor protection and quiet movement
- Universal floor nozzle with extensible brush
- Action radius 9 m (cord length 6 m) and 254 m<sup>2</sup> coverage area for fewer changes of electric outlet
- Electronic power regulation with LED display
- Noise level 90 dB(A)

### DUAL SYSTEM CYCLONE & WATER FILTRATION

Combination of the cyclone and water filtration together in one tank. The primary cyclone separates large dust from the air, and fine dust is separated by water filter in the tank. The washable HEPA E12 filter ensures top filtration suitable for allergy sufferers.

### WET CLEAN UPHOLSTERY NOZZLE

This nozzle is perfect for thorough and deep cleaning of upholstery. Using cleaning solution via integrated spray nozzle is quickly and thoroughly removing stains and dirt traces. Spraying, cleaning and vacuuming in one go.

### TURBO BRUSH

The powerful turbine driven rotating brush is perfect for deep cleaning of carpets and rugs and to easily remove hair, pet hair, fibers etc. Cleaning is quicker and more effective. Gentle brushing action increases vacuuming effect up to 25%.

### HARD FLOOR NOZZLE

The nozzle ensures gentle, silent and perfect cleaning due to its 100% natural hair for gentle cleaning of all hard floors including wood, floating floors, tiles, linoleum and marble.

### WET CLEAN FLOOR- CARPET NOZZLE

The spray extraction carpet nozzle is perfect for thorough and deep cleaning of carpets. Using the cleaning solution via the integrated spray nozzle quickly and thoroughly removes stains and dirt traces. Spray, clean and vacuum in one go.

### LONG FLEXIBLE CREVICE NOZZLE

Extra Long Flexible Crevice Nozzle is extremely helpful to reach everywhere inside the car, even those very difficult to reach places.

### THE WET CLEAN FLOOR & WINDOW NOZZLE

Hard floor attachment to wet floor nozzle is perfect solution for wet cleaning and mopping of sealed hard floors or windows. Cleaning solution sprayed to floors of windows via integrated spray nozzle is quickly and thoroughly removing stains and dirt traces. Spraying, wiping and vacuuming in one go.

A modern living room with a light-colored wooden floor. In the foreground, a black robotic vacuum cleaner is visible. In the background, there is a glass coffee table with a wooden base, a large potted plant, and a grey sofa. The room is brightly lit, likely from a window with sheer curtains.

# ROBOTIC VACUUM CLEANERS

A robot taking care of a perfectly clean floor? No just sci-fi, but a daily routine for SENCOR robotic vacuum cleaners, delivering uncompromised vacuuming and flawless mopping. Modern technologies meet precise manufacturing resulting in long-life automatic vacuum cleaners, which are able to handle daily chores with no effort from the owner.

LET  
THE ROBOT  
VACUUM  
AND MOP, **LET**  
**YOURSELF**  
**LIVE!**

# ROBOTIC VACUUM CLEANERS

SENCOR robotic vacuum cleaners were carefully designed to deliver thorough vacuuming and careful mopping. With a set of special central and side brushes, this useful helper will travel every part of the space to make it ultimately clean, regardless of the surface. Perfect results are guaranteed on carpets (up to 2 cm high), floating floors, parquet floors, linoleum, floor tiles and others. The user can choose among pre-set programs to suit their cleaning needs the best.

State-of-the-art technologies, including laser gyroscope navigation, ensure accurate orientation in space. Timing is fully adjustable, SENCOR robotic vacuum cleaners can be set to start their work on any selected day, hour, and minute with frequency as defined by the user: only one day or multiple days in the week, working days or weekends only. The powerful battery allows the appliance to operate up to 120 minutes per single charge. Moreover, BLDC motor is quiet enough to be comfortably used even in households with pets and its construction secures long-life durability. The device can be controlled via a WiFi mobile phone application or remote control.

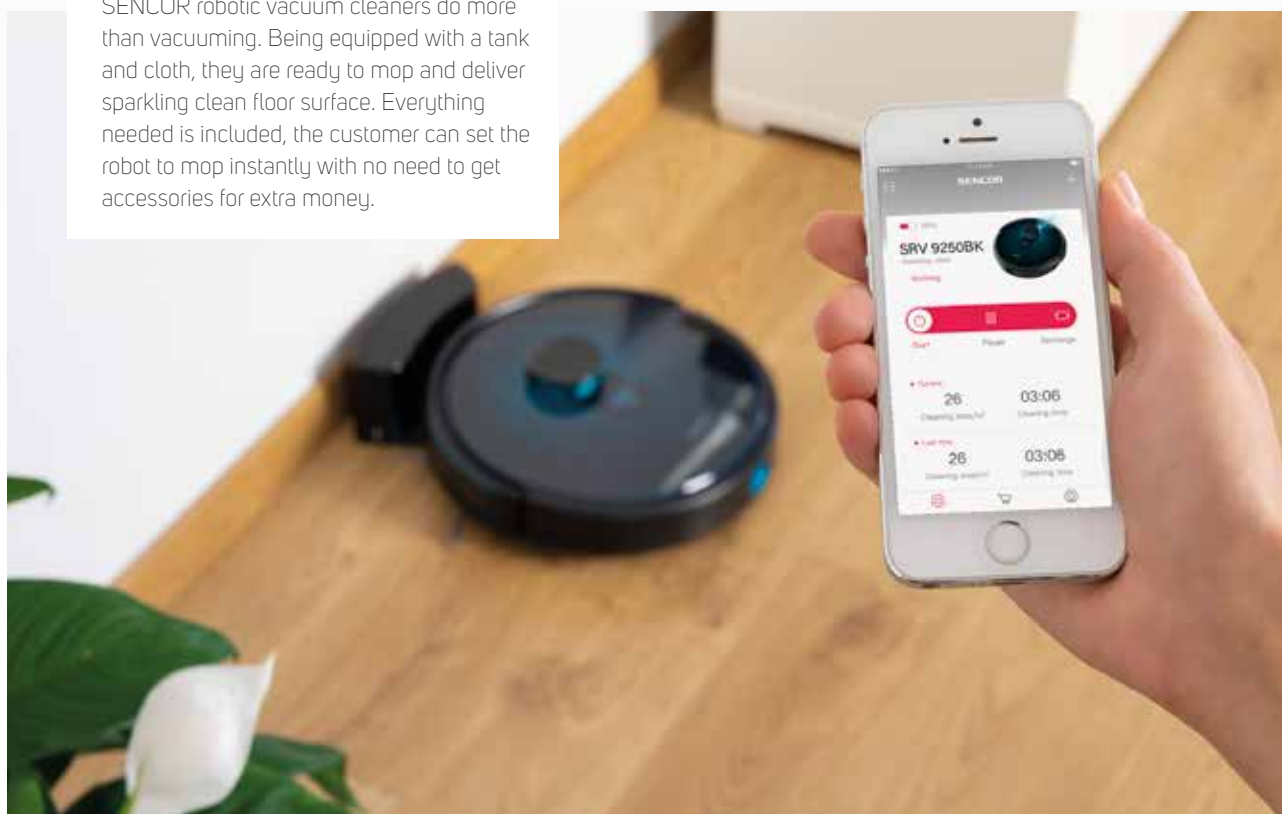

## WHY CHOOSE SENCOR ROBOTIC VACUUM CLEANER?

- Vacuuming and mopping functions
- State-of-the-art laser gyroscope navigation
- Ideal for carpets, floating floors, parquet floors, linoleum, floor tiles, etc.
- Advanced orientation in space and anti-impact sensors
- Very quiet operation suitable for household pets
- BLDC motor for long lifetime
- Up to 120 minutes of work per single charge
- Controlled by WiFi mobile phone application or a remote control

### SPARKLING CLEAN FLOOR

SENCOR robotic vacuum cleaners do more than vacuuming. Being equipped with a tank and cloth, they are ready to mop and deliver sparkling clean floor surface. Everything needed is included, the customer can set the robot to mop instantly with no need to get accessories for extra money.

### EFFORTLESS MOPPING

Robotic vacuum cleaner

## SRV 9250BK

Advanced technologies used in this robotic vacuum cleaner guarantee the carpets, floating floors, parquet floors, linoleum, and floor tiles will be vacuumed and mopped with uncompromising results.

Its active space mapping and Sencor Nav. 15.0 guidance systems deliver precise orientation in space. The accuracy of the guidance system is ensured by VSLAM laser, gyroscope, infrared sensors, step-detection and other sensors. The bumper bar sensor detects obstacles, while the stair sensor enables worry-free use in multi-floor buildings, and a sensor for accurate navigation ensures an automatic return to the docking station.

Thorough cleaning is a must, and therefore the powerful central vacuum cleaner with a combination rotary brush is supported by rotary side brushes for perfect cleaning in corners.

As the robotic vacuum cleaner features a wet mopping option, the water tank and mopping cloth are included to be ready to do the chores instantly, with no need to buy extra accessories. Water flow is controlled by an electric pump with 3 different water power intensities to be set and the ZigZag program takes care of flawless floor cleaning.

The cleaning starts automatically on a set day, hour, and minute with frequency as defined by the user: only one day or multiple days in the week, working days or weekends only. The device is controlled using a WiFi mobile phone application or a separate remote control.

## PROPERTIES

- **Vacuuming and mopping functions**
- **A powerful central vacuum cleaner with a combination rotary brush and rotary side brushes**
- **Water tank and mopping cloth included**
- 3 water power intensities and ZigZag program for thorough mopping
- Controlled by WiFi mobile phone application or a separate remote control
- Variable timer setting to suit the user's needs
- Infrared anti-impact front sensor to detect any obstacle
- Very quiet operation suitable for household pets
- Long lifetime BLDC motor with a quiet operation (under 60 dB)
- Advanced Sencor Nav. 15.0 guidance system
- Up to 120 minute cleaning time per single charge

### LASER AND GYROSCOPIC NAVIGATION

Both laser and gyroscope ensure perfect orientation in space, making the cleaning faster and more precise.

### ACTIVE MOP FUNCTION

Mopping function ticks off another chore of your to-do list, leaving the floor spotless and sparkling.

### MOBILE APP REMOTE OPERATION

Control the robotic vacuum cleaner with a simple touch of the screen: the mobile app will clearly offer all setting possible.

### GUIDANCE SYSTEM

Sencor Nav. 15.0 guidance system delivers precise orientation in space with unbeatable accuracy.

### MAGNETIC WALL

Easy to define a no-go section with a magnetic tape, preventing the vacuum cleaner from entering unwanted places.

### CONTROL

Be in control with a WiFi mobile phone application or a remote control.

### STAIR SENSOR

Enables worry-free use in multi-floor buildings, preventing the vacuum cleaner from falling down the stairs.

### LASER NAVIGATION

Laser navigation optimises the route to avoid obstacles and clean the area with the most efficient movement.

### CHARGING

After up to 120 minutes of work the robotic vacuum cleaner automatically returns to the charging station.

### MOPPING

Both dry and wet mopping ensure the top cleaning results: dry mopping removes the tiniest particles and wet one copes with stains.

### HEPA FILTER

High quality HEPA filter absorbs the smallest dust and dirt particles to provide healthy environment.

## ACCESSORIES

1. REMOTE CONTROL
2. SIDE BRUSHES
3. MAGNETIC TAPE
4. CLEANING SET
5. POWER ADAPTER
6. HEPA FILTER
7. MOP FABRIC
8. CHARGING STATION
9. DUST CONTAINER
10. ROTARY BRUSH
11. 2IN1 MOP UNIT

Robotic vacuum cleaner

## SRV 8250BK

A wide range of sensors ensures the precise performance of this robotic vacuum cleaner with mopping function, detecting the obstacles to avoid, preventing it from falling down the stair and driving it to the docking station safely.

Sencor Nav. 13 guidance system uses an optical camera, gyroscope, infrared sensors, and step-detection and other obstacle sensors altogether with an active space mapping system to deliver unparalleled orientation.

Timing of both vacuuming and mopping can be set to suit any user, combining four programs (along the wall, spot, random, linear) to clean the maximum area of floating floors, carpets, parquet floors, linoleum, floor tiles, and other surfaces.

The very quiet BLDC motor, which is suitable for household pets, powers central vacuum cleaner and combination rotary brush and rotary side brushes for perfect cleaning in the corners. As the water tank and mopping cloth are included, no extra expenses are required.

## PROPERTIES

- **Operating time of up to 120 minutes per single charge**
- **Controlled by remote control and WiFi mobile phone application**
- **Charging station with a wall or furniture mount option**
- Automatic return to the charging station program is completed or battery gets low
- Overcomes a door sill up to 1.5 cm high
- A status indicator light on the vacuum cleaner body (standby mode, charging, fully charged)
- 2 dust containers: for dry vacuuming (475 ml of dust) and mopping (240 ml for dust & 230 ml water tank)
- Battery: 2,600 mAh, Li-ion (fully charged after approx. 5 hours)
- Noise level: <60 dB

### CAMERA-ASSISTED GYROSCOPIC NAVIGATION

No falling down the stairs thanks to stair sensor. Enjoy the worry-free use even in multi-floor buildings.

### ACTIVE MOP FUNCTION

When simple vacuuming is not enough, dry and wet mopping will upgrade the results!

### MOBILE APP REMOTE OPERATION

The mobile app will clearly offer all setting possible: a simple touch of the screen is enough to control this robotic vacuum cleaner.

Robotic vacuum cleaner

## SRV 6250BK

Having a floor vacuumed and mopped without any effort? Yes with this powerful central vacuum cleaner with combination rotary and side brushes.

The appliance features a mop function, which uses seven different water power intensities controlled by an electric pump to deliver outstanding results. Water tank and mopping cloth are included, thus no other accessories need to be bought and mopping can start straight away.

The Sencor nav. 9.0 guidance system confidently navigates the robotic vacuum cleaner on carpets, floating floors, parquet floors, linoleum, floor tiles, etc. even in multi-floor buildings.

Guidance and orientation in space is enabled by a gyroscope, infrared sensors, step-detection and other obstacle sensors.

Four programs are designed to cover maximum area: there is along the wall cleaning, spot for targeted cleaning of 2 m<sup>2</sup> area, random movement in all directions and linear - ZigZag drive for the best performance.

## PROPERTIES

- **Controlled by remote control and WiFi mobile phone application**
- **GYRO MAPPING function for precise orientation in space**
- **6 preset cleaning regimes**
- Very quiet operation suitable for household pets (<60 dB)
- BLDC motor for long lifetime
- Automatic return to the docking station after cleaning or when battery goes low
- Variable time and frequency settings (automatic start of cleaning on a set day, hour and minute)
- Operating time of up to 120 minutes per single charge
- Overcomes a door sill up to 1.5 cm high
- Warning messages on the remote control display and status indicator light on the vacuum cleaner body (stand-by mode, charging, fully charged)
- 2 dust containers: for dry vacuuming (475 ml of dust) and mopping (240 ml for dust & 230 ml water tank)
- Li-ion battery (2,600 mAh) fully charged in approx. 5 hours

### GYROSCOPE NAVIGATION WITH ACTIVE MAPPING

The gyroscope navigation with active mapping delivers accurate orientation in space, making the cleaning shorter and more thorough.

### ACTIVE MOP FUNCTION

Mopping function ticks off another chore of your to-do list, leaving the floor spotless and sparkling.

### MOBILE APP REMOTE OPERATION

Control the robotic vacuum cleaner with a simple touch of the screen: the mobile app will clearly offer all setting possible.

Robotic vacuum cleaner

## SRV 4250SL

Combining four different programs, this robotic vacuum cleaner delivers outstanding results on carpets, floating floors, parquet floors, linoleum, floor tiles, etc. The first one is based on a movement along the walls, while the spot program is ideal for thorough cleaning of an especially soiled area of 2 m<sup>2</sup>. Movement in numerous directions is ensured by random option and linear way of cleaning is driven by the ZigZag option. The device is ready to mop the floor instantly because the water tank and mopping cloth are included.

A wide range of sensors ensure precise orientation in space, preventing the vacuum cleaner from hitting an obstacle or falling down the stair, and also confidently driving the robotic vacuum cleaner back to its docking station once the program is finished or battery gets low. The user is always aware of the status thanks to the indicator light on the vacuum cleaner body, informing if on stand-by mode, charging, or fully charged. There is also an automatic service monitoring showing the warning messages on a remote control display.

### GYROSCOPE NAVIGATION

Cleaning gets faster and more precise with the perfect orientation in space provided by gyroscope navigation.

## PROPERTIES

- **Suitable for carpets, floating floors, parquet floors, linoleum, floor tiles, etc**
- **Infrared anti-impact front sensor**
- **Very quiet operation suitable for household pets**
- BLDC motor for long lifetime
- Two rotary brush system with side brushes for perfect cleaning in the corners
- Wet mopping option with water flow controlled by an electric pump
- Variable time and frequency settings
- Running time up to 120 minutes per single charge
- Automatic shut-off if the wheels become blocked
- Overcomes a door sill that is up to 1.5 cm in height
- 2 dust containers: for dry vacuuming (475 ml of dust) and mopping (240 ml for dust & 230 ml water tank)
- Li-ion battery (2,600 mAh) fully charged in approx. 5 hours

### ACTIVE MOP FUNCTION

The robotic vacuum cleaner uses an electric pump to control the water flow.

### MOBILE APP REMOTE OPERATION

To control and set the robotic vacuum cleaner a handy app can be used.

Robotic vacuum cleaner

## SRV 2230TI

This powerful central vacuum cleaner is ideal for carpet and hard floor vacuuming (floating and parquet floors, linoleum, floor tiles, etc.) and also for wet mopping. Thanks to its very quiet operation the robotic vacuum cleaner is suitable for households with pets too.

Thorough cleaning is ensured by rotary central and side brushes, which are able to deliver outstanding performance even in the corners. As the water tank and cloth are included, the appliance is ready to mop with no additional expense on accessories. Timing and frequency of automatic cleaning can be set to suit the owner's needs: day, hour, and minute can be selected, with an option to operate only one day or several days a week, during working days or weekends only.

## PROPERTIES

- **Suitable for carpets, floating floors, parquet floors, linoleum, floor tiles, etc**
- **Infrared anti-impact front sensor, bumper bar a sensor for obstacle detection, stair sensor and sensor for accurate navigation to the docking station**
- **Very quiet operation (noise level <60 dB) suitable for household pets**
- Vacuuming and mopping of numerous surfaces
- Four programs for cleaning maximum area: (Along the Wall, Spot, Random, and ZigZag)
- Running time of up to 90 minutes per single charge
- Automatic return to the charging station after cleaning or when the battery gets low
- Automatic shut-off if the wheels become blocked
- Warning messages on the remote control display and status indicator light on the vacuum cleaner body (standby mode, charging, fully charged)
- Volume of dust container: 500 ml
- Li-ion battery (2,600 mAh) fully charged in approx. 5 hours

### PREMIUM LI-ION AKKU

Only five hours are needed to fully charge this premium Li-Ion battery, which powers the device for up to 90 minutes of work.

### BASIC NAVIGATION

The robotic vacuum cleaner detects obstacles and stairs to provide a trouble-free cleaning.

### PASSIVE MOP FUNCTION

When water tank and cloth are attached, the robotic vacuum cleaner provides both vacuuming and mopping.

Robotic vacuum cleaner

## SRV 1000SL

A great option for cleaning laminated and wooden floating floors, parquet floors, linoleum, floor tiles, etc. Its anti-impact front sensor and very quiet operation ensure comfortable use, while two rotating side brushes deliver perfect performance in corners.

The robotic vacuum cleaner features mop function with a special antistatic duster, which is included, and therefore no extra spending is necessary.

Operation is as easy and practical as it gets: the appliance has a very simple single-button control and rubber wheels for smooth movement. Intelligent sensors protect the device falling down the stairs too.

### PROPERTIES

- **Infrared anti-impact front sensor**
- **Mopping cloth included**
- **Li-ion battery (1 500 mAh) fully charged in approx. 3 hours**
- Suitable for carpets, floating floors, parquet floors, linoleum, floor tiles, etc
- Very quiet operation (65 dB) suitable for household pets
- Overcomes a door sills up to 1 cm in height (without the duster attached)
- Status and weak battery indicator light on the vacuum cleaner body
- Volume of dust container: 200 ml

#### ANTI-IMPACT FRONT SENSOR

Highly considerate of any obstacles, the anti-impact sensor orders the vacuum cleaner to change its route in time.

#### MOPPING CLOTH

Attaching a cloth upgrades the cleaning to a new level. The floor gets not only vacuumed, but also mopped, removing even the finest dust.

#### 1500 MAH LI-ION BATTERY

Up to eighty minutes of cleaning are ensured by a powerful battery, which also fast to charge (in just 3 hours).
